**Subject:** Dataminr - Enhanced Geospatial Analysis Tool

Categories: YES-RESPONSIVE

## Good morning,

Dataminr is excited to announce the release of our Geospatial Analysis Application. Users can visualize real-time and historical events across the entire public Twitter dataset through our enhanced geospatial capability. The Geospatial Analysis Tool will be available in your account by midnight on March 16th.

Please find a brief description of our new application attached below. Don't hesitate to reach out if I can provide a product demonstration or answer any immediate product questions. Please email me if I can be of any assistance. @dataminr.com.

We are looking forward to hearing your feedback.
