## CALIFORNIA EMERGENCY MANAGEMENT AGENCY

Homeland Security Grant Program FY: 2010 Grant Number: 2010-0085 CalEMA ID# 059-95010

Subgrantee name: Anaheim/Santa UASI

Project: D – Intel/Early Warning

### REQUEST FOR SOLE SOURCE PROCUREMENT AUTHORIZATION

1. Project name: **Harris Project** Project Budget: **\$ 367,245.49**
2. Describe the project and/or activity that will be provided by the proposed sole source vendor/contractor.

**The Anaheim Police Department desires to use UASI grant dollars to purchase covert surveillance equipment. The high tech equipment will be an Orange County asset that allows Law Enforcement to conduct covert surveillance with court approval. This purchase is an upgrade to the DRT device purchased in FY2007**

3. Describe your organization's standard procedures when sole source contracting is considered, including the conditions under which a sole source contract is allowed, and any other applicable criteria (i.e. approval requirements, monetary thresholds, etc.).

**This device is being purchased through the City of Anaheim's "Covert Purchase" guidelines. The guidelines require the signature of the Chief of Police and City Manager. Covert Purchases are reserved to purchases, in which the knowledge of the purchase may give individuals the necessary knowledge on how to defeat the device, thus compromising numerous investigations.**

4. Indicate which of the following circumstances resulted in your organization's need to enter into a sole source contract.

- a. Item/service is only available from one source (Describe the process used to make that determination. Please provide details.)

**The majority of the project budget (\$251,426.74) is being purchased through Cal EMA's 1122 Homeland Security Program. The GSA pricing through Cal EMA is only good on the actual Hardware which accounts for the above price. The software and training provided by Harris for the hardware to run has to be purchased at the same time. This request is for the sole source purchase of the software and training associated with the 1122 purchase of the hardware. The total amount not covered under GSA pricing is \$115,818.75**

- b. A public urgency or emergency will not permit a delay resulting from competitive solicitation. According to the US Department of Homeland Security/FEMA, "Time constraints will not be considered a factor if the subgrantee has not sought competitive bids in a timely manner." (Describe the urgency or emergency. Please provide details)

c. After solicitation of a number of sources, competition was determined inadequate. (Describe the solicitation process that determined competition was inadequate. Please provide details, and attach any relevant supporting material, Request for Proposal, etc.)

5. Did your organization confirm that the contractor/vendor is not debarred or suspended?

**Yes – The majority of the purchase will be conducted through Cal EMA's 1122 program. This program allows local agencies to utilize GSA pricing.**

6. Will your organization be able to complete all activities associated with the sole source contract by the end of the grant performance period?

**Yes**

7. Has your organization determined the costs are reasonable?

**Yes – 2/3 of the costs are at a reduced price due to the fact they are on the GSA schedule provided by the Cal EMA 1122 Homeland Security Program.**

8. Please attach a copy of the cost benefit analysis prepared for this procurement.

**First - The Harris equipment is the only device available that can provide the necessary service.**

**Second - 2/3 of the costs are at a reduced price due to the fact they are on the GSA schedule provided by the Cal EMA 1122 Homeland Security Program.**

## FY09 Anaheim/ Santa Ana UASI Grant Program Project Cost/ Benefit Analysis

Project Name:	Harris Project
Prepared By:	Ryan Tisdale
Date:	10/19/11

Provide a brief overview, background and definition for the project.
<p>The Anaheim Police Department desires to use UASI grant dollars to purchase covert surveillance equipment. The high tech equipment will be an Orange County asset that allows Law Enforcement to conduct covert surveillance with court approval. This purchase is an upgrade to the DRT device purchased in FY2007.</p>
For each of the topics listed below, discuss the project ground rules and assumptions.
<b>ALTERNATIVE #1 – DO NOTHING – Make No Purchase or Implement no Project</b>
<b>Current Situation / Status</b>
Without an upgrade to our system we will not be able to conduct covert surveillance on cell phones operating in the 4G bandwidth. Increasingly, cell phone vendors are moving all their products to the 4G bandwidth and without this upgrade we will be severely limited in our abilities.
<b>Impact of Not Making the Purchase or Implementing the Project</b>
Currently, every city in Orange County has benefited from the DRT device. Without an upgrade, Orange County as a whole would lose valuable knowledge necessary to investigate terrorism cases and solve crimes.
<b>ALTERNATIVE #2 – Follow Competitive Bid Process</b>
<b>Goals</b>
This purchase is being purchased through Cal EMA's 1122 Homeland Security Program which utilizes the GSA pricing schedule. This procurement process does not require a competitive bid. The City of Anaheim also does not require a competitive bid due to the fact that this purchase is considered a "covert purchase" which only requires the signatures of the City Manager and the Chief of Police.
<b>Functional Concept (What will the equipment or service do?)</b>
This upgrade will allow the Anaheim Police Department to conduct covert surveillance on cell phones operating in the 4G bandwidth. Increasingly cell phone vendors are moving all their products to the 4G bandwidth and without this upgrade we will be severely limited in our abilities.
<b>Technical Concept (How will the equipment or service work?)</b>
How the Harris system works is proprietary to Harris and they are not willing to release the specifics. Knowledge of how this system works could potentially jeopardize the success of the device.
<b>Project/Program Management Concept (How will the project/program be managed?)</b>
This will only be an upgrade to our current DRT device and will be managed in the same manner. Investigator Ryan Tisdale will work as project manager for this project.

<b>Acquisition Strategy:</b>	
The majority 2/3 of this project (all the hardware) will be purchased through the Cal EMA 1122 Homeland Security Program. The remaining 1/3 (software and training) will purchased directly from Harris.	
<b>High Level Schedule (add rows as needed):</b>	
<i>Date</i>	<i>Milestone</i>
11/1/11	Funds given to Cal EMA for purchase of equipment
3/1/12	Harris delivers equipment
3/2/12	Anaheim pays for software and Cal EMA pays for hardware
3/10/12	Training on equipment
3/15/12	Equipment deployed
<b>ALTERNATIVE #3 -- Sole Source Procurement Request</b>	
<b>Goals (What is unique about what this alternative approach will attempt to accomplish?)</b>	
<ol style="list-style-type: none"> <li>1. Harris is the only source and distributor for this device capable of conducting this type of covert tracking.</li> <li>2. A competitive bidding process would allow this technology to become public record.</li> <li>3. By limiting the amount of public exposure related to this technology, law enforcement agencies throughout the County will preserve their investigative advantage over criminals and terrorists who are looking to thwart efforts to stop them.</li> </ol>	
<b>Functional Concept (What will the equipment or service do?)</b>	
This upgrade will allow the Anaheim Police Department to conduct covert surveillance on cell phones operating in the 4G bandwidth. Increasingly cell phone vendors are moving all their products to the 4G bandwidth and without this upgrade we will be severely limited in our abilities	
<b>Technical Concept (How will the equipment or service work?)</b>	
How the Harris system works is proprietary to Harris and they are not willing to release the specifics. Knowledge of how this system works could potentially jeopardize the success of the device.	
<b>Project/Program Management Concept (How will the project/program be managed?)</b>	
This will only be an upgrade to our current DRT device and will be managed in the same manner. Investigator Ryan Tisdale will work as project manager for this project.	
<b>Acquisition Strategy:</b>	
The majority 2/3 of this project (all the hardware) will be purchased through the Cal EMA 1122 Homeland Security Program. The remaining 1/3 (software and training) will purchased directly from Harris.	
<b>High Level Schedule (add rows as needed):</b>	
<i>Date</i>	<i>Milestone</i>
11/1/11	Funds given to Cal EMA for purchase of equipment
3/1/12	Harris delivers equipment
3/2/12	Anaheim pays for software and Cal EMA pays for hardware
3/10/12	Training on equipment
3/15/12	Equipment deployed

<p>For each alternative, discuss the costs and benefit of the product or service according to its life-cycle.</p> <p>Life Cycle Cost Summary: Over the expected lifetime of the product or service in question, add the maintenance, enhancement, training/staffing, tangible benefits, cost savings, etc.</p>		
<p><b>ALTERNATIVE #1 - DO NOTHING</b></p> <p>Depending on how fast technology increases, within 6 to 12 months our DRT device will not be able to track the vast majority of devices on the market. This will severely limit our ability to investigate terrorist and criminal cases.</p>		
<p><b>ALTERNATIVE #2 - Follow Competitive Bid Process</b></p> <p>Purchasing through the Cal EMA 1122 Homeland Security Program allows Anaheim not to competitively bid this product due to the fact that the item has already been discounted through the GSA pricing schedule.</p>		
<p><b>ALTERNATIVE #3 - Sole Source Procurement Request</b></p> <p>The sole source procurement is only for the software and training component of this purchase. The majority (2/3) of this purchase will be procured through Cal EMA's 1122 Homeland Security Program which utilizes the GSA schedule.</p>		
<p><b>ALTERNATIVE #1 - DO NOTHING</b></p> <p>Risk Description</p> <p>Depending on how fast technology increases, within 6 to 12 months our DRT device will not be able to track the vast majority of devices on the market. This will severely limit our ability to investigate terrorist and criminal cases.</p>		
<p><b>ALTERNATIVE #2 - Follow Competitive Bid Process</b></p> <p>Risk Description</p> <p>Purchasing through the Cal EMA 1122 Homeland Security Program allows Anaheim not to competitively bid this product due to the fact that the item has already been discounted through the GSA pricing schedule. If it was competitively bid, technical aspects could be leaked to potential criminals in the populace, resulting in an ineffective investigation tool.</p>		
<p><b>ALTERNATIVE #3 - Sole Source Procurement Request</b></p> <p>Risk Description</p> <p>The sole source procurement is only for the software and training component of this purchase. The majority (2/3) of this purchase will be procured through Cal EMA's 1122 Homeland Security Program which utilizes the GSA schedule. Harris is the only company who can provide their software so the hardware purchased through GSA works.</p>		
<p>Given anticipated costs, benefits and the known risks, which of the alternatives presented above provides the best choice?</p>		
Alternative	Rank	Reason
Alt 1.	3	Depending on how fast technology increases, within 6 to 12 months our DRT device will not be able to track the vast majority of devices on the market. This will severely limit our ability to investigate terrorist and criminal cases.
Alt. 2	2	Purchasing through the Cal EMA 1122 Homeland Security Program allows Anaheim not to competitively bid this product do to the fact that the item has already been discounted through the GSA pricing schedule.
Alt. 3	1	The majority (2/3) of this purchase will be procured through Cal EMA's 1122 Homeland Security Program which utilizes the GSA schedule. Harris is the only company who can provide their software so the hardware purchased through GSA works. Sole source will speed things up and limit public exposure.

**To:** Kerrstyn Vega  
**Subject:** Covert Purchase

Hi Kerrstyn,

On the purchase request, it lists that "\$231,197 will pass through Cal EMA".... However check request is for \$242,967. Just trying to understand the increase.

Thanks,  
Jennifer

**Subject:** Cell phone tracking technology purchase  
**Attachments:** Harris APPROVAL.pdf, Harvey NDA.pdf

### Warning:

[REDACTED] Harris (the company providing the technology) recognized this problem so they have police departments sign Non-Disclosure Agreements (NDA) in order to receive a quote. Furthermore, if the police department is requesting to order a Harris unit capable of tracking 3G/4G cell phones, the organization must be vetted and approved by the FBI. According to the NDA, we must not discuss or reveal the Harris equipment in any way. Furthermore, if we encounter a situation where we may have to disclose the fact we used Harris gear to track a phone, we must immediately contact the FBI Tracking Unit who will send a legal representative out to combat the issue in an attempt to avoid further disclosure. I attached a copy of the NDA as well as the FBI approval letters.

### Justification for sole source:

#### Harris developed

[REDACTED] Harris is currently the only company that makes a solution that will track 3G/4G cellular phones. In fact, all of the major United States Government entities, such as the FBI, US Marshals, and US Secret Service have switched from DRT over to Harris because of their capabilities. At the present time, the Anaheim Police Department cannot track the iPhone which is the most popular phone in the world. When an Anaheim citizen is victimized and their iPhone or other 3G/4G device is stolen, we cannot track the device and locate the suspect. Moreover, if the Anaheim Police Department receives a call about an endangered missing person who has a 3G/4G phone, we cannot track that person either.

APD is currently using Digital Receiver Technology (DRT) equipment to track cellular phones. Unfortunately, our DRT equipment will not track 3G/4G cellular phones because of software and hardware limitations. Many cellular providers are heavily marketing their new 4G LTE technology which opens up bandwidth on their 3G network. As a result, pre-paid cellular phones that are currently on the 2G network are being moved up to 3G which we cannot track. Many criminals like to use the pre-paid cellular phones because they can purchase them anonymously at any grocery or liquor store. When a person activates a pre-paid cellular phone, they do not need to list any subscriber information or other identifying information whatsoever so it makes these phones virtually impossible to locate.

Re: Contract J-FBI-09-211 [REDACTED] Restricted  
Software Request Approval - Anaheim Police Department

Dear Ms. Sciandra:

The Federal Bureau of Investigation (FBI) has an approved non-disclosure agreement (NDA) in place with the captioned law enforcement agency. In accordance with the cited restricted software agreement and the April 6, 2010 agreement between the FBI and the Harris Corporation, your notification to the FBI of the agency's intent to purchase, and our execution of the NDA, meets the FBI's advance coordination requirement. Therefore, the Harris Corporation is permitted to sell the state-and-local version of the Stingray product with the restricted software to the Anaheim Police Department.

If there are any questions, please contact me.

Sincerely,

Bradley S. Morrison

Re: Purchase of Wireless Collection Equipment/Technology and Non-Disclosure Obligations

*LAW ENFORCEMENT SENSITIVE (LES): The information in this document is the property of the Federal Bureau of Investigation (FBI) and may be distributed within the Federal Government (and its contractors), U.S. intelligence, law enforcement, public safety or protection officials and individuals with a need to know. Distribution beyond these entities without FBI Operational Technology Division authorization is prohibited. Precautions should be taken to ensure this information is stored and/or destroyed in a manner that precludes unauthorized access. Information bearing the LES caveat may not be used in legal proceedings without first receiving authorization from the originating agency. Recipients are prohibited from subsequently posting the information marked LES on a website on an unclassified network.*

Dear Lieutenant Harvey:

We have been advised by Harris Corporation of the Anaheim Police Department's request to purchase certain wireless collection equipment/technology manufactured by Harris Corporation. Consistent with the conditions on the equipment authorization granted to Harris Corporation by the Federal Communications Commission (FCC), state and local law enforcement agencies must coordinate with the Federal Bureau of Investigation (FBI) to complete this non-disclosure agreement prior to the acquisition and use of the equipment/technology authorized by the FCC authorization.

As you are aware, law enforcement agencies increasingly rely on wireless collection equipment/technology to conduct lawfully-authorized electronic surveillance. Disclosing the existence of and the capabilities provided by such equipment/technology to the public would reveal sensitive technological capabilities possessed by the law enforcement community and may allow individuals who are the subject of investigation wherein this equipment/technology is used to employ countermeasures to avoid detection by law enforcement. This would not only potentially endanger the lives and physical safety of law enforcement officers and other individuals, but also adversely impact criminal and national security investigations. That is, disclosure of this information could result in the FBI's inability to protect the public from

UNCLASSIFIED//FOR OFFICIAL USE ONLY//LAW ENFORCEMENT SENSITIVE

Page 1 of 5

A0013

UNCLASSIFIED//FOR OFFICIAL USE ONLY//LAW ENFORCEMENT SENSITIVE

terrorism and other criminal activity because, through public disclosures, this technology has been rendered essentially useless for future investigations. In order to ensure that such wireless collection equipment/technology continues to be available for use by the law enforcement community, the equipment/technology and any information related to its functions, operation, and use shall be protected from potential compromise by precluding disclosure of this information to the public in any manner including by not limited to: in press releases, in court documents, during judicial hearings, or during other public forums or proceedings. Accordingly, the Anaheim Police Department agrees to the following conditions in connection with its purchase and use of the Harris Corporation equipment/technology:

1. The Anaheim Police Department will ensure that operators of the equipment have met the operator training standards identified by the FBI and are certified to conduct operations.
2. The Anaheim Police Department will coordinate with the FBI in advance of its use of the wireless collection equipment/technology to ensure de-confliction of respective missions.
3. The Anaheim Police Department will not distribute, disseminate, or otherwise disclose any information concerning the wireless collection equipment/technology or any software, operating manuals, or related technical documentation (including its technical/engineering description(s) and capabilities) to the public, including to any non-law enforcement individuals or agencies.
4. The Anaheim Police Department will not distribute, disseminate, or otherwise disclose any information concerning the wireless collection equipment/technology or any software, operating manuals, or related technical documentation (including its technical/engineering description(s) and capabilities) provided to it any other law enforcement or government agency without the prior written approval of the FBI. Prior to any approved distribution, dissemination, or comparable disclosure of any information concerning the wireless collection equipment/technology or any software, manuals, or related technical documentation related to such equipment/technology, all materials shall be marked "Law Enforcement Sensitive, For Official Use Only - Not to be Disclosed Outside of the Anaheim Police Department."
5. The Anaheim Police Department shall not, in any civil or criminal proceeding, use or provide any information concerning the Harris Corporation wireless collection equipment/technology, its associated software, operating manuals, and any related documentation (including its technical/engineering description(s) and capabilities) beyond the evidentiary results obtained through the use of the equipment/technology including, but not limited to, during pre-trial matters, in search warrants and related affidavits, in discovery, in response to court ordered disclosure, in other affidavits, in grand jury hearings, in the State's case-in-chief, rebuttal, or on appeal, or in testimony in any phase of civil or criminal trial, without the prior written approval of the FBI. If the Anaheim Police Department learns that a District Attorney, prosecutor, or a court is considering or intends to use or provide any information concerning the Harris Corporation wireless collection equipment/technology, its associated software, operating manuals, and any related documentation (including its technical/engineering description(s) and capabilities) beyond the evidentiary results obtained through the use of the equipment/technology in a manner that will cause law enforcement sensitive information relating to the technology to be made known to the public, Anaheim Police Department will immediately notify the FBI in order to allow sufficient time for the FBI to intervene to protect the equipment/technology and information from disclosure and potential compromise.

UNCLASSIFIED//FOR OFFICIAL USE ONLY//LAW ENFORCEMENT SENSITIVE

**POLICE DEPARTMENT**

John Welter, Chief of Police

To: Tom Wood  
City Manager

From: John A. Welter  
Chief of Police

Date: October 26, 2011

RE: Covert Purchase Request

The Police Department wishes to use Urban Areas Security Initiative (UASI) grant funds to purchase covert surveillance equipment. The high tech equipment will be an Orange County asset that allows Law Enforcement to conduct covert surveillance with court approval. If information on how this device operates were to become public it would give individuals the necessary knowledge on how to defeat the device, thus compromising numerous investigations.

The total cost of the equipment, software, and training is \$337,697 which will ultimately be paid to the Harris Corporation. Of the total amount, \$231,197 will pass through Cal EMA before it reaches Harris Corporation. This is being done as part of the 1122 Homeland Security Program which allows the government buyer to receive a lower cost as part of the General Services Administration (GSA) Schedules Program.

Approval of this request is being sought pursuant to municipal code section 1.04.311 and, if approved, will be managed in adherence with all applicable provisions in that code section. Also, as further required by code, the amount of this purchase is stated as falling under an amount which was appropriated and available for such purpose pursuant to City Council Resolution 2010-140, authorizing the acceptance of the 2010 UASI grant.

APPROVED BY:

John Welter, Chief of Police

The City Manager will not approve this agreement unless the Department has fully justified how the award complies with City Council Policy 4.1 and Administrative Regulation 120.

**Selection Process:**

Is agreement proposed pursuant to a Master Contract or Council-approved design team? ☐ Yes ☒ No If No, answer the following questions:

Was RFP distributed?

☐ Yes To how many firms? \_\_\_\_\_

☒ No Why not? How were proposals solicited?

Cover purchase pursuant to municipal code section 1.04.311

How many proposals were received? 1

If only one proposal received, what steps were taken to ensure the proposed price was fair and reasonable?

Harris Corporation is the only company offering services with the required technology.

**Agreement Award:**

Was the agreement awarded to the firm with the lowest cost?

☒ Yes

☐ No (Explain, in detail, why not.)

Attach a summary of all proposals including the name of each firm and its proposed fee for services. Order the list from lowest to highest cost, and include the ranking assigned to each firm based on the department's evaluation.

**Funding Source:**

☐ General Fund

☒ Other

• Was this agreement anticipated in the approved budget?

☒ Yes ☐ No (Explain)

• Describe the funding source, and note any restrictions on the use of such funds (i.e., underground surcharge can only be used to underground utilities; grant funds authorized for specific project).

214-311-1042-9716 (\$231,197 for hardware), 214-311-1042-9717 (\$88,000 for software),  
214-311-1042-8151 (\$18,500 for training). From UASI grant, no impact to General Fund.

Re: Contract J-FBI-09-211 [REDACTED] Restricted  
Software Request Approval - Anaheim Police Department

Dear Ms. Sciandra:

The Federal Bureau of Investigation (FBI) has an approved non-disclosure agreement (NDA) in place with the captioned law enforcement agency. In accordance with the cited restricted software agreement and the April 6, 2010 agreement between the FBI and the Harris Corporation, your notification to the FBI of the agency's intent to purchase, and our execution of the NDA, meets the FBI's advance coordination requirement. Therefore, the Harris Corporation is permitted to sell the state-and-local version of the Stingray product with the restricted software to the Anaheim Police Department.

If there are any questions, please contact me.

Sincerely,

Bradley S. Morrison  
Chief, Tracking Technology Unit  
Operational Technology Division

Re: Purchase of Wireless Collection Equipment/Technology and Non-Disclosure Obligations

*LAW ENFORCEMENT SENSITIVE (LES): The information in this document is the property of the Federal Bureau of Investigation (FBI) and may be distributed within the Federal Government (and its contractors), U.S. intelligence, law enforcement, public safety or protection officials and individuals with a need to know. Distribution beyond these entities without FBI Operational Technology Division authorization is prohibited. Precautions should be taken to ensure this information is stored and/or destroyed in a manner that precludes unauthorized access. Information bearing the LES caveat may not be used in legal proceedings without first receiving authorization from the originating agency. Recipients are prohibited from subsequently posting the information marked LES on a website on an unclassified network.*

Dear Lieutenant Harvey:

We have been advised by Harris Corporation of the Anaheim Police Department's request to purchase certain wireless collection equipment/technology manufactured by Harris Corporation. Consistent with the conditions on the equipment authorization granted to Harris Corporation by the Federal Communications Commission (FCC), state and local law enforcement agencies must coordinate with the Federal Bureau of Investigation (FBI) to complete this non-disclosure agreement prior to the acquisition and use of the equipment/technology authorized by the FCC authorization.

As you are aware, law enforcement agencies increasingly rely on wireless collection equipment/technology to conduct lawfully-authorized electronic surveillance. Disclosing the existence of and the capabilities provided by such equipment/technology to the public would reveal sensitive technological capabilities possessed by the law enforcement community and may allow individuals who are the subject of investigation wherein this equipment/technology is used to employ countermeasures to avoid detection by law enforcement. This would not only potentially endanger the lives and physical safety of law enforcement officers and other individuals, but also adversely impact criminal and national security investigations. That is, disclosure of this information could result in the FBI's inability to protect the public from

UNCLASSIFIED//FOR OFFICIAL USE ONLY//LAW ENFORCEMENT SENSITIVE

Page 1 of 5

A0033

UNCLASSIFIED//FOR OFFICIAL USE ONLY//LAW ENFORCEMENT SENSITIVE

terrorism and other criminal activity because, through public disclosures, this technology has been rendered essentially useless for future investigations. In order to ensure that such wireless collection equipment/technology continues to be available for use by the law enforcement community, the equipment/technology and any information related to its functions, operation, and use shall be protected from potential compromise by precluding disclosure of this information to the public in any manner including but not limited to: in press releases, in court documents, during judicial hearings, or during other public forums or proceedings. Accordingly, the Anaheim Police Department agrees to the following conditions in connection with its purchase and use of the Harris Corporation equipment/technology:

1. The Anaheim Police Department will ensure that operators of the equipment have met the operator training standards identified by the FBI and are certified to conduct operations.
2. The Anaheim Police Department will coordinate with the FBI in advance of its use of the wireless collection equipment/technology to ensure de-confliction of respective missions.
3. The Anaheim Police Department will not distribute, disseminate, or otherwise disclose any information concerning the wireless collection equipment/technology or any software, operating manuals, or related technical documentation (including its technical/engineering description(s) and capabilities) to the public, including to any non-law enforcement individuals or agencies.
4. The Anaheim Police Department will not distribute, disseminate, or otherwise disclose any information concerning the wireless collection equipment/technology or any software, operating manuals, or related technical documentation (including its technical/engineering description(s) and capabilities) provided to it by any other law enforcement or government agency without the prior written approval of the FBI. Prior to any approved distribution, dissemination, or comparable disclosure of any information concerning the wireless collection equipment/technology or any software, manuals, or related technical documentation related to such equipment/technology, all materials shall be marked "Law Enforcement Sensitive, For Official Use Only - Not to be Disclosed Outside of the Anaheim Police Department."
5. The Anaheim Police Department shall not, in any civil or criminal proceeding, use or provide any information concerning the Harris Corporation wireless collection equipment/technology, its associated software, operating manuals, and any related documentation (including its technical/engineering description(s) and capabilities) beyond the evidentiary results obtained through the use of the equipment/technology including, but not limited to, during pre-trial matters, in search warrants and related affidavits, in discovery, in response to court ordered disclosure, in other affidavits, in grand jury hearings, in the State's case-in-chief, rebuttal, or on appeal, or in testimony in any phase of civil or criminal trial, without the prior written approval of the FBI. If the Anaheim Police Department learns that a District Attorney, prosecutor, or a court is considering or intends to use or provide any information concerning the Harris Corporation wireless collection equipment/technology, its associated software, operating manuals, and any related documentation (including its technical/engineering description(s) and capabilities) beyond the evidentiary results obtained through the use of the equipment/technology in a manner that will cause law enforcement sensitive information relating to the technology to be made known to the public, Anaheim Police Department will immediately notify the FBI in order to allow sufficient time for the FBI to intervene to protect the equipment/technology and information from disclosure and potential compromise.

Harris Government Communications Systems Division, via its Wireless Products Group (WPG) in Melbourne, FL, offers a comprehensive line of wireless transceivers and direction-finding equipment, plus training and maintenance, for exclusive utilization by Government and Law Enforcement Agencies. Harris WPG developed and owns the equipment designs, but does sub-contract the electronic board assemblies, functional testing of those assemblies, and chassis integration. Harris WPG adds application specific, proprietary software, and conducts final testing on the chassis prior to shipment to the customer. Harris WPG has also developed specialized training courses for the operation and use of the [REDACTED] equipment.

[REDACTED]

Harris also sells training on the use of the [REDACTED] product line and accessories. Standard training sessions are 2 days per protocol with a maximum class size of 4 students. One-year maintenance agreements are included with all Harris WPG Products. Maintenance agreements include the following:

- Customer telephone support 24/7 – 800-358-5297
- Hardware warranty
- Notification and access to software upgrades as they are released via our secure website.

[REDACTED]

The nature of the Harris WPG equipment requires that we vet each agency to ensure that users meet certain requirements imposed by Title 18 US Code 2512, thus that process must be handled by Harris WPG directly. The Harris proprietary equipment is used for surveillance missions and is proprietary and its capabilities can only be discussed with sworn law enforcement officers, the military or federal government. This equipment's capabilities are not for public knowledge and are protected under non-disclosure agreements as well as Title 18 USC 2512. WPG [REDACTED] products, services and software are only available from Harris WPG which is located in Melbourne, Florida.

If you require any additional information, please don't hesitate contacting me at (321) 309-7459 / (321) 258-9631.

The City Manager will not approve this agreement unless the Department has fully justified how the award complies with City Council Policy 4.1 and Administrative Regulation 120.

### Selection Process:

**Is agreement proposed pursuant to a Master Contract or Council-approved design team?** ☐ Yes ☒ No If No, answer the following questions:

**Was RFP distributed?**

☐ Yes To how many firms? \_\_\_\_\_

☒ **No** *Why not? How were proposals solicited?*

Covert purchase pursuant to municipal code section 1.04.311

How many proposals were received? 1

*If only one proposal received, what steps were taken to ensure the proposed price was fair and reasonable?*

Harris Corporation is the only company offering an upgrade to their proprietary technology.

**Agreement Award:**

**Was the agreement awarded to the firm with the lowest cost?**

☒ Yes

☐ **No** (Explain, in detail, why not.)

Attach a summary of all proposals including the name of each firm and its proposed fee for services. Order the list from lowest to highest cost, and include the ranking assigned to each firm based on the department's evaluation:

Funding Source: ☐ General Fund ☒ Other

214 - 311 - 1242 -

- Was this agreement anticipated in the approved budget?

☒ Yes      ☐ No (*Explain*)

- Describe the funding source, and note any restrictions on the use of such funds (i.e., underground surcharge can only be used to underground utilities; grant funds authorized for specific project).

214-311-1242-9716 (\$86,168.88 for hardware), 214-311-1242-9717 (\$21,600 for software).  
From 2012 UASI grant, no impact on General Fund.

City of Anaheim  
**POLICE DEPARTMENT**  
John Welter, Chief of Police

**To:** Bob Wingenroth  
City Manager

**From:** John A. Welter  
Chief of Police

**Date:** February 19, 2013

**RE:** Covert Purchase Request

The Police Department wishes to use Urban Areas Security Initiative (UASI) grant funds to upgrade our current covert surveillance equipment. The high tech equipment upgrade will be an Orange County asset that allows Law Enforcement to conduct covert surveillance with court approval. If information on how this device operates were to become public it would give individuals the necessary knowledge on how to defeat the device, thus compromising numerous investigations.

The total cost of the equipment and software is \$107,768.88 which will ultimately be paid to Harris Corporation. Of the total amount, \$86,168.88 will pass through Cal EMA before it reaches Harris Corporation. This is being done as part of the 1122 Homeland Security Program which allows the government buyer to receive a lower cost as part of the General Services Administration (GSA) Schedules Program.

Approval of this request is being sought pursuant to municipal code section 1.04.311 and, if approved, will be managed in adherence with all applicable provisions in that code section. Also, as further required by code, the amount of this purchase is stated as falling under an amount which was appropriated and available for such purpose pursuant to City Council Resolution 2012-093, authorizing the acceptance of the 2012 UASI grant.

APPROVED BY:

John Welter, Chief of Police

Bob Wingenroth, City Manager

## FY12 Anaheim/ Santa Ana UASI Grant Program Project Cost/ Benefit Analysis

<b>Project Name:</b>	Harris Project
<b>Prepared By:</b>	Ryan Tisdale
<b>Date:</b>	2/19/2013

### PROJECT OVERVIEW AND BACKGROUND

Provide a brief overview, background and definition for the project.

The Anaheim Police Department desires to use UASI grant dollars to upgrade previously purchased covert surveillance equipment. The high tech equipment upgrade will be an Orange County asset that allows Law Enforcement to conduct covert surveillance with court approval. This purchase is an upgrade to the Harris device purchased in FY2009.

### DISCUSSION OF ALTERNATIVES

For each of the topics listed below, discuss the project ground rules and assumptions.

#### ALTERNATIVE #1 – DO NOTHING – Make No Purchase or Implement no Project

##### Current Situation / Status

Without an upgrade to our system we will not be able to conduct covert surveillance on cell phones operating in the LTE bandwidth. Increasingly, cell phone vendors are moving all their products to the LET bandwidth and without this upgrade we will be severely limited in our abilities.

##### Impact of Not Making the Purchase or Implementing the Project

Currently, every city in Orange County has benefited from the Harris device. Without an upgrade, Orange County as a whole would lose valuable knowledge necessary to investigate terrorism cases and solve crimes.

#### ALTERNATIVE #2 – Follow Competitive Bid Process

##### Goals

This purchase is being purchased through Cal EMA's 1122 Homeland Security Program which utilizes the GSA pricing schedule. This procurement process does not require a competitive bid. The City of Anaheim also does not require a competitive bid due to the fact that this purchase is considered a "covert purchase" which only requires the signatures of the City Manager and the Chief of Police.

##### Functional Concept (What will the equipment or service do?)

This upgrade will allow the Anaheim Police Department to conduct covert surveillance on cell phones operating in the LTE bandwidth. Increasingly cell phone vendors are moving all their products to the LTE bandwidth and without this upgrade we will be severely limited in our abilities.

##### Technical Concept (How will the equipment or service work?)

How the Harris system upgrade works is proprietary to Harris and they are not willing to release the specifics. Knowledge of how this system works could potentially jeopardize the success of the device.

##### Project/Program Management Concept (How will the project/program be managed?)

This will only be an upgrade to our current Harris device and will be managed in the same manner. Investigator Ryan Tisdale will work as project manager for this project.

<b>Acquisition Strategy:</b>	
The majority (80%) of this project (all the hardware) will be purchased through the Cal EMA 1122 Homeland Security Program. The remaining 20% (software and training) will purchased directly from Harris.	
<b>High Level Schedule (add rows as needed):</b>	
<i>Date</i>	<i>Milestone</i>
1/14/13	Funds given to Cal EMA for purchase of equipment
6/3/13	Harris delivers equipment
6/10/12	Training on equipment
6/17/13	Equipment deployed
<b>ALTERNATIVE #3 – Sole Source Procurement Request</b>	
<b>Goals (What is unique about what this alternative approach will attempt to accomplish?)</b>	
<ol style="list-style-type: none"> <li>1. Harris is the only source and distributor for the LTE upgrade. It is an upgrade to their own product.</li> <li>2. A competitive bidding process would allow this technology to become public record.</li> <li>3. By limiting the amount of public exposure related to this technology, law enforcement agencies throughout the County will preserve their investigative advantage over criminals and terrorists who are looking to thwart efforts to stop them.</li> </ol>	
<b>Functional Concept (What will the equipment or service do?)</b>	
This upgrade will allow the Anaheim Police Department to conduct covert surveillance on cell phones operating in the LTE bandwidth. Increasingly cell phone vendors are moving all their products to the LTE bandwidth and without this upgrade we will be severely limited in our abilities	
<b>Technical Concept (How will the equipment or service work?)</b>	
How the Harris system works is proprietary to Harris and they are not willing to release the specifics. Knowledge of how this system works could potentially jeopardize the success of the device.	
<b>Project/Program Management Concept (How will the project/program be managed?)</b>	
This will only be an upgrade to our current Harris device and will be managed in the same manner. Investigator Ryan Tisdale will work as project manager for this project.	
<b>Acquisition Strategy:</b>	
The majority 2/3 of this project (all the hardware) will be purchased through the Cal EMA 1122 Homeland Security Program. The remaining 1/3 (software and training) will purchased directly from Harris.	
<b>High Level Schedule (add rows as needed):</b>	
<i>Date</i>	<i>Milestone</i>
1/14/13	Funds given to Cal EMA for purchase of equipment
6/3/13	Harris delivers equipment
6/10/13	Training on equipment
6/17/13	Equipment deployed
<b>LIFE CYCLE COSTS AND BENEFITS</b>	

For each alternative, discuss the costs and benefit of the product or service according to its life-cycle.

Life Cycle Cost Summary: Over the expected lifetime of the product or service in question, add the maintenance, enhancement, training/staffing, tangible benefits, cost savings, etc.

#### ALTERNATIVE #1 - DO NOTHING

Depending on how fast technology increases, within 6 to 12 months our Harris device will not be able to track the vast majority of devices on the market. This will severely limit our ability to investigate terrorist and criminal cases.

#### ALTERNATIVE #2 - Follow Competitive Bid Process

Purchasing through the Cal EMA 1122 Homeland Security Program allows Anaheim not to competitively bid this product due to the fact that the item has already been discounted through the GSA pricing schedule.

#### ALTERNATIVE #3 - Sole Source Procurement Request

The sole source procurement is only for the software component of this purchase. The majority (80%) of this purchase will be procured through Cal EMA's 1122 Homeland Security Program which utilizes the GSA schedule.

#### RISK ANALYSIS

##### ALTERNATIVE #1 - DO NOTHING

###### Risk Description

Depending on how fast technology increases, within 6 to 12 months our Harris device will not be able to track the vast majority of devices on the market. This will severely limit our ability to investigate terrorist and criminal cases.

##### ALTERNATIVE #2 - Follow Competitive Bid Process

###### Risk Description

Purchasing through the Cal EMA 1122 Homeland Security Program allows Anaheim not to competitively bid this product due to the fact that the item has already been discounted through the GSA pricing schedule. If it was competitively bid, technical aspects could be leaked to potential criminals in the populace, resulting in an ineffective investigation tool.

##### ALTERNATIVE #3 - Sole Source Procurement Request

###### Risk Description

The sole source procurement is only for the software component of this purchase. The majority (80%) of this purchase will be procured through Cal EMA's 1122 Homeland Security Program which utilizes the GSA schedule.

Harris is the only company who can provide their software so the hardware upgrade purchased through GSA works.

#### COST/BENEFIT ANALYSIS

Given anticipated costs, benefits and the known risks, which of the alternatives presented above provides the best choice?

Alternative	Rank	Reason
Alt. 1.	3	Depending on how fast technology increases, within 6 to 12 months our DRT device will not be able to track the vast majority of devices on the market. This will severely limit our ability to investigate terrorist and criminal cases.
Alt. 2	2	Purchasing through the Cal EMA 1122 Homeland Security Program allows Anaheim not to competitively bid this product do to the fact that the item has already been discounted through the GSA pricing schedule.
Alt. 3	1	The majority (80%) of this purchase will be procured through Cal EMA's 1122 Homeland Security Program which utilizes the GSA schedule. Harris is the only company who can provide their software upgrade so the hardware purchased through GSA works. Sole source will speed things up and limit public exposure.

Subject: Sales Tax Payment

Good Morning Peggy,

I hope you had a wonderful Christmas! Happy New Year! I am writing because we need to issue a sales tax payment directly to the State Franchise Tax Board for this covert purchase that was paid directly to CalEMA through the 1122 program (The tax amount that needs to be paid is \$6,382.88). Is there a form that I need to complete to do this? Please let me know what documentation and information you need from me and I will prepare that right away. Here is the GI information regarding the purchase and I attached the paperwork for this purchase:

Contract Description	Authorized by CM/CC:	Value

\* Amount paid to Harris is \$20,000 not \$21,600 as the downloadable software is non-taxable.

Original \$21,600 estimate for Harris. payment included sales tax. See attached email

**Agreement Summary Sheet for Agreements Executed by the City Manager**  
**Page 2**

The City Manager will not approve this agreement unless the Department has fully justified how the award complies with City Council Policy 4.1 and Administrative Regulation 120.

**Selection Process:**

Is agreement proposed pursuant to a Master Contract or Council-approved design team? ☐ Yes ☒ No If No, answer the following questions:

Was RFP distributed?

☐ Yes To how many firms? \_\_\_\_\_  
☒ No Why not? How were proposals solicited?

Covert purchase pursuant to municipal code section 1.04.311

How many proposals were received? 1

If only one proposal received, what steps were taken to ensure the proposed price was fair and reasonable?

Harris Corporation is the only company offering an upgrade to their proprietary technology.

**Agreement Award:**

Was the agreement awarded to the firm with the lowest cost?

☒ Yes  
☐ No (Explain, in detail, why not.)

Attach a summary of all proposals including the name of each firm and its proposed fee for services. Order the list from lowest to highest cost, and include the ranking assigned to each firm based on the department's evaluation.

Funding Source: ☐ General Fund ☒ Other

- - - 214 -311 -1242 -

• Was this agreement anticipated in the approved budget?

☒ Yes ☐ No (Explain)

• Describe the funding source, and note any restrictions on the use of such funds (i.e., underground surcharge can only be used to underground utilities; grant funds authorized for specific project).

214-311-1242-9716 (\$86,168.88 for hardware), 214-311-1242-9717 (\$21,600 for software).  
From 2012 UASI grant, no impact on General Fund.

Kerrstyn:

I think if an actual product (CD with software on it) is shipped, then you have to pay tax but the software was downloaded from our web site so nothing was actually "delivered". Thus you don't have to pay tax :)

Good Morning Susan,

I work for Anaheim PD and I had a quick question regarding invoice #INV6779-02637 for \$20,000.00. Do you know why there was no tax added on the invoice? I couldn't recall if software wasn't taxed and maybe that was the reason, but I just wanted to

verify that we shouldn't be paying tax as well.

Thank You,

• Describe the funding source, and note any restrictions on the use of such funds (i.e., underground surcharge can only be used to underground utilities; grant funds authorized for specific project).

This will be funded with the FY2012 UASI grant, no impact on the General Fund.

City of Anaheim  
POLICE DEPARTMENT

To: Marcie Edwards  
City Manager

From: Raul Quezada  
Interim Chief of Police

Date: November 12, 2013

RE: Covert Purchase Request

The Police Department wishes to use Urban Areas Security Initiative (UASI) grant funds to upgrade our current covert surveillance equipment. The high tech equipment upgrade will be an Orange County asset that allows Law Enforcement to conduct covert surveillance with court approval. If information on how this device operates were to become public it would give individuals the necessary knowledge on how to defeat the device, thus compromising numerous investigations.

The total cost of the equipment is \$9,728.75 which will ultimately be paid to KEYW Corporation. KEYW Corporation manufactures [REDACTED] manufactured by Harris Corporation we purchased in February, 2013 with UASI funds.

Approval of this request is being sought pursuant to municipal code section 1.04.311 and, if approved, will be managed in adherence with all applicable provisions in that code section. Also, as further required by code, the amount of this purchase is stated as falling under an amount which was appropriated and available for such purpose pursuant to City Council Resolution 2012-093, authorizing the acceptance of the 2012 UASI grant.

APPROVED BY:

Raul Quezada, Interim Chief of Police

Marcie Edwards, City Manager

To: Anaheim Police Department  
Attention: Chad Meyer  
Subject: FIRM FIXED PRICE Quote  
Quote #: 101013-002

All products are delivered with user manuals. Ground shipping is included in the price.

Delivery Schedule - [REDACTED] is back ordered and will ship on 20 December 2013.

LINE ITEM	PART NUMBER	ITEM	QTY	UNIT PRICE	TOTAL FIRM FIXED PRICE
1	[REDACTED]	[REDACTED]	1	\$9,050.00	\$9,050.00

Product will be delivered to: California

California sales tax: \$678.75

**TOTAL** \$9,728.75

*The KEYW Corporation is required to collect sales tax in the amount quoted above. Any order resulting from this quote shall include the sales tax amount unless the Buyer provides an exemption certificate.*

This proposal is valid for a period of 30 days from the date of this quote and shall remain valid through 11/9/2013.

The quote number appearing on this document should be referenced on all orders and other related correspondence.

**Warranty Statement:**

A one (1) year warranty is included in the quoted price of the product unless otherwise specified above. The warranty period shall start upon acceptance of the products.

The KEYW Corporation warrants each new product manufactured to be free from defects in material and workmanship under normal use and service for the warranty period. This warranty is provided to the original end user and is not assignable or transferable. The KEYW Corporation will repair, without charge, any KEYW product which fails due to a defect in material or workmanship within the warranty period. This warranty excludes damage caused by improper operation, testing, repair, modification, alteration, adjustment, installation, or maintenance of the KEYW product. Damage resulting from either accident or neglect is also excluded. The preceding warranty is The KEYW Corporation's only warranty concerning the products, services and any deliverables resulting under this order, and is made expressly in lieu of all other warranties and representations, express or implied, including any implied warranties of fitness for a particular purpose, merchantability, non-infringement or otherwise.

**NOTWITHSTANDING ANY OTHER PROVISION OF THIS WARRANTY AND EXCEPT AS OTHERWISE PROVIDED UNDER APPLICABLE LAW, IN NO EVENT SHALL KEYW BE LIABLE FOR INDIRECT, SPECIAL, CONSEQUENTIAL, MULTIPLE OR PUNITIVE DAMAGES, OR ANY DAMAGE DEEMED TO BE OF AN INDIRECT OR CONSEQUENTIAL NATURE ARISING OUT OF OR RELATED TO ITS PERFORMANCE UNDER THE WARRANTY, WHETHER BASED UPON BREACH OF CONTRACT, WARRANTY, NEGLIGENCE AND WHETHER GROUNDED IN TORT, CONTRACT, CIVIL LAW OR OTHER THEORIES OF LIABILITY, INCLUDING STRICT LIABILITY. THE KEYW CORPORATION SHALL NOT BE LIABLE FOR THE LOSS OF ANTICIPATORY PROFITS.**

Technical questions regarding the products may be addressed to Bill Wygal at (443) 270-5286 or via email at [bwyg@keywcorp.com](mailto:bwyg@keywcorp.com). **To:** Kerrstyn Vega  
**Subject:** Re: Harris Handheld

Hi Kerrstyn,

Yes we received [REDACTED] on January 2, 2014 but the package did not come with a packing slip and we were unable to obtain one. Everything we ordered we received though.

Thanks again,  
Ryan

## FY12 Anaheim/ Santa Ana UASI Grant Program Project Cost/ Benefit Analysis

Project Name:	Harris Project
Prepared By:	Ryan Tisdale
Date:	11/12/13

### Provide Brief Description of Project and Reason for Project

The Anaheim Police Department desires to use UASI grant dollars to upgrade previously purchased covert surveillance equipment. The high tech equipment upgrade will be an Orange County asset that allows Law Enforcement to conduct covert surveillance with court approval. This purchase is an upgrade to the Harris device purchased in FY2013 which will give us the ability to place a device inside of a room within a building.

### Discussion of Alternatives

For each of the alternatives below discuss the project goals, risks and a conclusion.

#### ALTERNATIVE #1 - DO NOTHING - Make no purchase or implement no project

##### Current Situation / Status

Without an upgrade to our system we will not be able to conduct covert surveillance on cell phones operating in the LTE bandwidth and place them into a specific room within a building. Increasingly, cell phone vendors are moving all their products to the LTE bandwidth and without this upgrade we will be severely limited in our abilities.

##### Impact of Not Making the Purchase or Implementing the Project

Currently, every city in Orange County has benefited from the Harris device. Without an upgrade to our [REDACTED] Orange County as a whole would lose valuable knowledge necessary to investigate terrorism cases and solve crimes.

#### ALTERNATIVE #2 - Follow Competitive Bid Process

##### Goals

This procurement process does not require a competitive bid. The City of Anaheim also does not require a competitive bid due to the fact that this purchase is considered a "covert purchase" which only requires the signatures of the City Manager and the Chief of Police.

##### Functional Concept (What will the equipment or service do?)

This upgrade will allow the Anaheim Police Department to conduct covert surveillance on cell phones operating in the LTE bandwidth and place them into a specific room within a building. Increasingly cell phone vendors are moving all their products to the LTE bandwidth and without this upgrade we will be severely limited in our abilities.

##### Technical Concept (How will the equipment or service work?)

How the Harris system upgrade works is proprietary to Harris and KEYW Corporation and they are not willing to release the specifics. Knowledge of how this system works could potentially jeopardize the success of the device.

##### Project/Program Management Concept (How will the project/program be managed?)

This will only be an upgrade to our current Harris device and will be managed in the same manner. Investigator Ryan

Tisdale will work as project manager for this project.

**Acquisition Strategy:**

100% of this purchase will be directly through KEYW Corporation who manufactures the [REDACTED] for Harris Corporation.

**High Level Schedule (add rows as needed):**

Date	Milestone
11/14/13	City Manager & Police Chief sign the Covert Purchase request
12/15/13	KEYW Corporation delivers equipment
1/2/14	Training on equipment
1/15/14	Equipment deployed

**ALTERNATIVE #3 – Sole Source Procurement Request**

**Goals (What is unique about what this alternative approach will attempt to accomplish?)**

1. A competitive bidding process would allow this technology to become public record.
2. By limiting the amount of public exposure related to this technology, law enforcement agencies throughout the County will preserve their investigative advantage over criminals and terrorists who are looking to thwart efforts to stop them.

**Functional Concept (What will the equipment or service do?)**

This upgrade will allow the Anaheim Police Department to conduct covert surveillance on cell phones operating in the LTE bandwidth and place them into a specific room within a building. Increasingly cell phone vendors are moving all their products to the LTE bandwidth and without this upgrade we will be severely limited in our abilities

**Technical Concept (How will the equipment or service work?)**

How the Harris system works is proprietary to Harris and KEYW Corporation and they are not willing to release the specifics. Knowledge of how this system works could potentially jeopardize the success of the device.

**Project/Program Management Concept (How will the project/program be managed?)**

This will only be an upgrade to our recent Harris upgrade and will be managed in the same manner. Investigator Ryan Tisdale will work as project manager for this project.

**Acquisition Strategy:**

100% of this purchase will be directly through KEYW Corporation who manufactures the [REDACTED] for Harris Corporation.

**High Level Schedule (add rows as needed):**

Date	Milestone
11/14/13	City Manager & Police Chief sign the Covert Purchase request
12/15/13	Harris delivers equipment
1/2/14	Training on equipment
1/15/14	Equipment deployed

**LIFE-CYCLE COSTS AND BENEFITS**

For each alternative, discuss the costs and benefit of the product or service according to its life-cycle.

Life Cycle Cost Summary: Over the expected lifetime of the product or service in question, add the maintenance, enhancement, training/staffing, tangible benefits, cost savings, etc.

#### ALTERNATIVE #1 - DO NOTHING

Depending on how fast technology increases, [REDACTED] This will severely limit our ability to investigate terrorist and criminal cases and to place a device inside a room in a building.

#### ALTERNATIVE #2 - Follow Competitive Bid Process

We cannot do a competitive bid process because the release of this information could jeopardize current cases and upcoming cases and investigations.

#### ALTERNATIVE #3 - Sole Source Procurement Request

100% of this purchase will be directly through KEYW Corporation who manufactures the hand-held device for Harris Corporation.

#### RISK ANALYSIS

##### ALTERNATIVE #1 - DO NOTHING

###### Risk Description

Depending on how fast technology increases, within a month current Harris hand-held device will not be able to track the vast majority of devices on the market as the cellular carriers move to 4G LTE. This will severely limit our ability to investigate terrorist and criminal cases and to place a device inside a room in a building.

##### ALTERNATIVE #2 - Follow Competitive Bid Process

###### Risk Description

We cannot do a competitive bid process because the release of this information could jeopardize current cases and upcoming cases and investigations.

##### ALTERNATIVE #3 - Sole Source Procurement Request

###### Risk Description

100% of this purchase will be directly through KEYW Corporation who manufactures the hand-held device for Harris Corporation.

#### COMBINED BENEFIT ANALYSIS

Even indicated costs, benefits and the knowledge, which of the alternatives presented above provides the best value?

Alternative	Rank	Reason
Alt. 1.	3	Depending on how fast technology increases, within a month current Harris hand-held device will not be able to track the vast majority of devices on the market as the cellular carriers move to 4G LTE. This will severely limit our ability to investigate terrorist and criminal cases and to place a device inside a room in a building.
Alt. 2	2	We cannot do a competitive bid process because the release of this information could jeopardize current cases and upcoming cases and investigations.
Alt. 3	1	100% of this purchase will be directly through KEYW Corporation who manufactures the [REDACTED] for Harris Corporation.

**Harris Government Communications Systems Division  
Terms and Conditions of Sale for  
Wireless Equipment, Software and Services**

**Effective Date: February 15, 2011**

1. **Definitions.** In addition to the terms defined elsewhere, the following terms used herein have the following meanings:
  - a. **"Agreement"** means the instrument of contracting; such as a Purchase Order, or other such designation which these terms and conditions of sale for Wireless Equipment, Software and Services are incorporated.
  - b. **"Customer"** means the purchaser of Equipment, Software, or Services from Harris.
  - c. **"Date of Acceptance"** means the date when the Customer receives an item of Equipment, Software and/or Services in an undamaged or non-defective condition.
  - d. **"Environmental Laws"** means any law or regulation in any jurisdiction worldwide applicable to the Agreement and includes but it is not limited to the recycling or treatment of waste equipment including the laws implementing the WEEE Directive.
  - e. **"Equipment"** means any hardware, including components, but excluding any Software or Services.
  - f. **"Harris"** means Harris Corporation, acting through its Government Communications Systems Division.
  - g. **"Maintenance Agreement"** means a separate agreement for maintenance of the items procured hereunder; such services are not included in this Agreement.
  - h. **"Purchase Order"** means the Customer's purchase order as acknowledged by Harris.
  - i. **"Purchase Price"** means the purchase price as identified in the Purchase Order.
  - j. **"Quote"** means the price quotation of Harris itemizing the purchase price and all exhibits referred to within such Quote, including but not limited to the technical proposal, technical specifications, scope of work, schedule, the Agreement and any Maintenance Agreement specifically included in the purchase price.
  - k. **"Services"** means, training, maintenance support, or other services to be provided to Customer as part of the Agreement.
  - l. **"Software"** means software and firmware, including all copies provided to Customer.
  - m. **"WEEE Directive"** means the European Union Directive on Waste Electrical Equipment and includes any and all national laws and regulations, whether civil, criminal, administrative, in any jurisdiction giving effect to that meaning including, but limited to, statutes and subordinate legislation, ordinances permits, common law, local laws, judgments, and any notices, orders, directions, instructions or decisions of any competent authority
2. **Proposal/Quote Validity.** Prices quoted are valid for 180 days from the date of Quote. After the expiration of the 180-day period, Harris may modify its prices or extend the validity period.
3. **Restricted Use.** All Wireless Equipment and/or Software sold by Harris provides the Customer with a capability that is restricted and otherwise controlled under United States Code Title 18 §2512. Use of Equipment is strictly governed by applicable federal, state and local law associated with the intercept and monitoring of oral communications. Harris assumes no liability for any use, misuse or improper use of the Equipment and makes no representations as to Equipment suitability for any specific application. Buyer's right to transfer, sell or assign the Equipment shall be limited to authorized law enforcement and government agencies with the prior written consent of Harris.
  - a. In the event that any of the Equipment or Software purchased under this Agreement is lost or stolen, the Customer shall contact the Harris Help Desk at 1-800-358-5297 within 3 business days. Customer shall provide the Part Number and Serial Number of the Equipment and/or Software and a summary of facts surrounding the incident. Failure to comply with this requirement may result in Harris not accepting future orders from the Customer.

4. **Acceptance – Modification of Terms.** The Agreement will be deemed accepted by Customer upon the first to occur of (i) Customer's issuance of the Purchase Order; or (ii) Harris' commencement of performance under the Agreement. In either such event any additional or different terms proposed by Customer are rejected unless expressly approved in writing by Harris. No communication from Customer that in any way differs from or adds to the Agreement, irrespective of whether or not Harris reasonably objects thereto, will be binding upon Harris unless such different or additional terms are agreed to in writing by both Harris and Customer.
5. **Taxes.** All prices quoted are exclusive of all applicable sales, use, excise, and other taxes, duties, fees, or charges. Unless evidence of valid tax exempt status and/or resale certificate is provided by Customer prior to shipment, Harris shall add and Customer shall pay all such applicable taxes or charges levied or imposed to the invoice for the Equipment, Software, and/or Services.
6. **Shipping and Delivery.** Unless otherwise stated in the Agreement, all prices and terms are F.O.B. Destination and include freight charges. Harris may ship Equipment in multiple lots and Customer agrees to accept such multiple shipments and pay for each lot in accordance with the payment terms set forth herein.
7. **Title and Risk of Loss.** Title to and risk of loss for Equipment and Software media sold under the Agreement will pass to Customer upon receipt of equipment.
8. **Payment Terms.**
  - a. Payment for an invoice is due within 30 days from the date of the Invoice. Late payment will accrue interest to the outstanding balance at the lower of (i) 1.5% per month, or (ii) the highest rate allowed by law.
  - b. Domestic Purchase Orders (not including Maintenance Agreements) are for shipments of Equipment, Software and/or Services to be delivered or Services to be performed within the continental United States and Canada. Harris will submit an invoice within 30 days of the Date of Acceptance of an individual delivery of Equipment, Software or performance of Services as identified in the Purchase Orders.
9. **Annual Maintenance Agreement.** Upon expiration of the warranty period, Customer may execute a separate maintenance agreement with Harris for Equipment. Annual maintenance agreements include:
  - a. Customer telephone support during normal business hours, excluding holidays (Monday through Friday, Eastern Time).
  - b. Additional 12-month warranty on Equipment, with respect to the Equipment Maintenance Agreement.
10. **Equipment Return Policy.**
  - a. **Equipment Damaged in Shipment.** Upon receipt of shipments, Customer should open and inspect all boxes immediately for possible freight damage. If damage is found, Customer must notify the delivery carrier within 48 hours and request an inspection from the freight carrier. After notifying the delivery carrier of damage, Customer will promptly contact Harris for further instructions. Damaged Equipment may not be returned without Harris' prior authorization. For Equipment returned under this paragraph the Date of Acceptance shall be adjusted to reflect the date repaired or undamaged Equipment is received.

- b. **Items Shipped in Error.** If the Customer receives Equipment and/or Software in error, the Customer will promptly notify Harris and Harris will provide return instructions, pay shipping costs (provided Harris' instructions are followed) and provide a Return Material Authorization (RMA). Customer will retain the Equipment's original packing material for use in return shipment to Harris.
- c. **Defective Equipment.** Equipment is provided with either Harris' standard equipment warranty or the manufacturer's standard equipment warranty. Upon discovery of a defect or other warranty-related problem, Customer shall promptly contact Harris for warranty support. Customer agrees not to return the Equipment until a service representative has issued an RMA, including a form which Customer must fill out describing the nature of the Equipment defect.
- d. **Other Reasons.** If Customer desires to return Equipment for other reasons, Customer must contact Harris for a RMA. Harris' customer service representative will require a clear statement of the reason for the return request. Upon approval of Customer's request, an RMA will be issued. Customer will not return any Equipment without an RMA. Equipment being returned may be subject to restocking and other charges. CUSTOM MANUFACTURED OR SPECIAL ORDER ITEMS ARE NOT RETURNABLE.
- e. **Upon Receipt of a Return Authorization.** RMA numbers must appear on each individual package being returned. Customer is responsible for ensuring the safe return of Equipment for the full invoice amount and all shipping costs. Harris may refuse shipments of Equipment returned without a valid RMA number. All Equipment being returned for credit must be returned in a timely manner and in good condition. If Equipment show evidence of damage, wear and tear, or if components or accessories are missing, then Harris at its sole judgment may reduce any credit agreed to prior to receipt of the Equipment.

#### 11. Limited Warranty.

- a. Harris warrants the Equipment and Software ordered hereunder as of the Date of Acceptance to be substantially free from defects in material and workmanship. Harris' liability under this Limited Warranty will commence on the Date of Acceptance of the individual item of Equipment and Software and will terminate after 12 months. Written notice of any defects will be given to Harris upon discovery and Harris will promptly correct such defects by repair or replacement, at its option, without charge. Harris uses new and reconditioned parts to complete repairs and replacements under the terms of this warranty. Defective articles will not be returned to the Harris' factory without the prior written authorization of the Harris. Call 1-800-358-5297 to obtain a Return Material Authorization (RMA) number. Harris will determine, in its sole discretion, existence and cause of the claimed defect. Specifically excluded from the terms of this Limited Warranty are any defects which occur as a result of:
  - i. Acts of God.
  - ii. Physical impact, crash or foreign object damage.
  - iii. Improper installation, use, maintenance, storage, modification or alteration by the Customer or its Customer.
  - iv. The Customer's (or its customer's) operation of the Equipment delivered under this Agreement with any accessory, equipment or part not specifically approved by the Harris unless the Customer furnishes clear and convincing evidence that such accessory, equipment, or part was not a cause of the defect.
  - v. Normal wear and tear. (The Customer recognizes that certain parts have a limited service life and will wear out through normal use.)
  - vi. Equipment or Software subjected to misuse, detrimental exposure or negligence.
- b. Harris is not responsible under this provision for defects with respect to items not provided by Harris or its subcontractors.

- c. For purposes of Harris' warranties for Equipment and Software media, a "defect" is defined as a failure of any unit or component manufactured or supplied by Harris that is not attributable to unauthorized modification or alteration, misuse or lack of care in operation, maintenance or handling. Customer's written notice of the defect must include a description of the defect with detailed information reasonably sufficient for Harris to identify the defect and determine its probable cause. Components or parts that Customer claims to be defective must be available to Harris for inspection and testing. Customer may not return defective Equipment, components or parts without first obtaining an RMA and instructions from Harris. Customer is solely responsible for U.S. Customs and Border Protection clearance or permissions for all replacement parts.
  - d. CLAIMS UNDER ANY OF THE FOREGOING WARRANTIES ARE WAIVED UNLESS MADE WITHIN THE EQUIPMENT WARRANTY PERIOD IN THE CASE OF EQUIPMENT, OR WITHIN THE SOFTWARE WARRANTY PERIOD IN THE CASE OF SOFTWARE. NO PERSON IS AUTHORIZED TO GIVE ANY OTHER WARRANTIES OR TO ASSUME ANY OTHER LIABILITIES ON HARRIS' BEHALF, UNLESS MADE OR ASSUMED IN WRITING BY A DULY AUTHORIZED REPRESENTATIVE OF HARRIS.
  - e. HARRIS' LIABILITY FOR BREACH OF ANY OR ALL WARRANTIES FOR EQUIPMENT, SOFTWARE, SERVICES AND LICENSED HARRIS PROGRAMS IS EXPRESSLY LIMITED TO THE REPAIR, REPLACEMENT, OR REFUND OF THE PURCHASE PRICE OF SUCH DEFECTIVE EQUIPMENT OR SOFTWARE, LESS A REASONABLE CHARGE FOR USE. IN NO EVENT WILL HARRIS OR ITS LICENSORS BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES BY REASON OF ANY BREACH OF WARRANTY OR DEFECT IN MATERIALS OR WORKMANSHIP. HARRIS WILL NOT BE REQUIRED TO REPAIR, REPLACE, OR REFUND THE PURCHASE PRICE OF EQUIPMENT OR SOFTWARE WHICH HAVE BEEN SUBJECTED TO NEGLIGENCE, ACCIDENT, OR IMPROPER USE, OR WHICH HAVE BEEN ALTERED OTHER THAN BY AUTHORIZED HARRIS PERSONNEL.
  - f. HARRIS' SOLE AND EXCLUSIVE LIABILITY HEREUNDER AND CUSTOMER'S SOLE AND EXCLUSIVE REMEDY FOR DEFECTIVE OR NON-CONFORMING EQUIPMENT, SERVICES, AND SOFTWARE. THE FOREGOING WARRANTIES ARE IN LIEU OF ALL OTHER WARRANTIES (EXCEPT AS TO TITLE), WHETHER ORAL OR WRITTEN, EXPRESS OR IMPLIED, OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, ANY IMPLIED WARRANTY OR CONDITION OF FITNESS FOR A PARTICULAR PURPOSE, OR ANY WARRANTY OR CONDITION ARISING OUT OF COURSE OF DEALING, COURSE OF PERFORMANCE, OR CUSTOM OR USAGE OF TRADE. CUSTOMER AGREES THAT NO CIRCUMSTANCE CAUSING CUSTOMER EXCLUSIVE AND LIMITED REMEDIES TO FAIL IN THEIR ESSENTIAL PURPOSE WILL INCREASE OR EXTEND ANY HARRIS WARRANTY.
- 12. Repairs.** To repair any Wireless products Equipment after the 12-month warranty has expired, Customer may call 1-800-358-5297 to obtain an RMA number and a quote for the estimated cost for repair.
- a. **Repair Policy.** To affect a repair on a Wireless Product, the Equipment and/or Software should be returned to the Harris' factory with a written description of the failure mode. Out-of-warranty repairs apply to any Equipment and/or Software whose standard 12-month warranty has expired, no Maintenance Agreement has been purchased and paid for, and/or any Equipment and/or Software damaged in a manner not covered by the standard warranty, including any defects which occur as identified under 11.a above. Equipment and/or Software should not be returned to the Harris' factory without an RMA. Call 1-800-358-5297 to obtain an RMA number.

- b. **Support Policy.** Harris provides free help desk support throughout the warranty period and Maintenance Agreement of purchased Equipment and/or Software. Technical support is available Monday through Friday, during normal business hours (Eastern Time) excluding holidays, via the help desk support center at 1-800-358-5297.

### 13. Software License.

- a. Subject to full payment of the Purchase Price by Customer, Harris grants to Customer a nontransferable (except as expressly provided herein), nonexclusive license to use the Software (software, firmware, and documentation) in connection with use of the Equipment purchased hereunder. The Software furnished with the Equipment will be of the latest generation available at the time of shipment of the Equipment. Harris is under no obligation to supply updates to the Software except where expressly agreed to by the parties in writing.
- b. This license is limited to object code programs and related documentation only and does not apply to any of the corresponding source code or program listings.
- c. Customer acknowledges that Harris (or its licensor) has valuable property rights in the Software, and the Software will continue to be the sole and exclusive property of Harris or its licensor. Customer will obtain no title or rights to the Software. All rights in patents, copyrights and trade secrets in relation to the Software will continue to be vested in Harris or its licensor.
- d. Customer will keep the Software confidential by affording access to the Software only to those of its employees, agents, or consultants having a need to know and having such individuals agree in writing to the obligations contained herein. In addition, Customer will employ its best efforts to prevent any unauthorized use, copying, publishing, reproducing, or disclosing of the Software and will treat the Software with the same care as its own confidential information.
- e. The Software may be used only in conjunction with the Equipment purchased hereunder. Customer may not rent, lease, transfer, network, display, or distribute the Software, nor may Customer reverse engineer, disassemble, decompile, modify, alter, translate, or adapt the Software or create any derivative thereof, except where expressly agreed to by the parties in writing.
- f. Customer acknowledges that a violation of this Agreement would cause irreparable injury to Harris or its licensor, and that Harris or its licensor will be entitled, in addition to any other rights and remedies it may have, at law or in equity, to an injunction enjoining and restraining Customer from doing or continuing to do any such act and any other violations or threatened violations of this Agreement. Furthermore, Customer agrees that if Harris or its licensor should waive any breach of any provision of this Agreement, it will not thereby be deemed to have waived any preceding or succeeding breach of the same or any other provision of this Agreement. If Customer sells or otherwise disposes of Customer-owned media on which any Software is fixed, such media must be erased before any sale or disposal.

- 14. **Availability Discontinued/Last Time Buy.** Harris makes no representation about the continued availability of the Equipment and Software. Harris reserves the right, in its sole discretion, with or without notice, without incurring any liability to Customer or otherwise whether in contract or tort, to discontinue manufacturing or selling any Equipment and Software at any time or from time to time. Harris may within its sole discretion provide Customer with an opportunity to purchase such quantities of the Equipment or Software as Customer estimates it may need ("last time buy") within 30 days of Customer's receipt of notice from Harris. Customer's last time buy rights are limited to products available in Harris' inventory at the time of Customer's request. Harris will provide warranty services and make spare parts available to Customer for a period of one (1) year after notice by Harris to

Customer that the Equipment has been discontinued or for a period of 90 days after notice to Customer that the Software has been discontinued.

#### 15. Intellectual Property Indemnification.

- a. In the event any Equipment to be furnished under this Agreement is not to be made in accordance with drawings, samples or manufacturing specifications designated by Customer, but rather is the design of Harris, Harris agrees that it will, at its own expense and at its option, defend or settle any claim, suit, or proceeding brought against Customer or any customer of Customer, based on an allegation that the Equipment furnished under this Agreement constitutes a direct or a contributory infringement of any claim of any United States patent, mask work, copyright or any other intellectual property right. This obligation will be effective only if Customer will have made all payments then due and if Harris is notified promptly of said allegation in writing and given authority, information, and assistance for the settlement or defense of said claim, suit, or proceeding. Harris will pay all damages and costs assessed in such suit or proceedings. In the event of a final adjudication by a court of competent jurisdiction that the Equipment or any part thereof infringes or violates any third party intellectual property right or if the use or sale thereof is enjoined, or if the provisions of any negotiated settlement Agreement prohibit the use of the product, Harris will at its sole option and its own expense, either:
  - i. Procure for Customer the right to continue using the Equipment;
  - ii. Replace it with a substantially equivalent non-infringing equipment;
  - iii. Modify it so it becomes non-infringing but substantially equivalent; or
  - iv. If none of the above is reasonably available, terminate the Customer's right to use the Equipment and return to the Customer a pro-rata portion of the price originally paid by Customer to Harris represented by the remaining useful life of the Equipment as a percentage of the total useful life.
- b. The foregoing indemnity does not apply to the following:
  - i. Infringement by a combination of Equipment furnished under this Agreement with other equipment not furnished hereunder unless Harris is a contributory infringer;
  - ii. Infringement resulting from changes or modifications made to or from the Equipment by the Customer;
  - iii. Any settlements of a claim, suit, or proceeding made without Harris' written consent; and
  - iv. Any Equipment to be furnished under this Agreement which is to be delivered to the United States Government.
- c. The foregoing states the entire liability of Harris with respect to infringement or violation of third party intellectual property rights in connection with Equipment furnished under this Agreement.
- d. In the event any Equipment to be furnished under this Agreement is to be made in accordance with drawings, samples or manufacturing specifications designated by Customer and is not the design of Harris, Customer will, to the fullest extent permitted by applicable law, defend and hold Harris harmless to the same extent and subject to the same requirements as set forth in (a) and (b) above. Should the Customer be the United States Government, the Customer agrees to incorporate FAR 52.227-1, Authorization and Consent, in any Purchase Order or Contract.

#### 16. Technical Data and Inventions.

- a. Unless specifically agreed to by Harris and expressly identified and priced in the Agreement as a separate item or items to be delivered by Harris, the sale of Equipment, Software and Services under the Agreement confers on Customer no right in, license under, access to, or entitlement of any kind to any of Harris' technical data including, but not limited to design,

process technology, software and drawings, or to any of Harris' inventions (whether or not patentable), irrespective of whether any such technical data or invention or any portion thereof arose out of work performed under or in connection with the Agreement, and irrespective of whether Customer has paid or is obligated to pay Harris for any part of the design or development of the Equipment, Software or Services.

- b. Harris will not be obliged to safeguard or hold confidential any data whether technical or otherwise, furnished by Customer for Harris' performance of the Agreement unless (and only to the extent that) Customer and Harris have entered into a separate written confidentiality agreement.
- c. Customer will not violate Harris' copyright of documents or Software or disclose Harris' confidential or proprietary data to others without Harris' written permission.
- d. All Inventions are and shall at all times remain Harris's confidential information. All rights, title and interest in and to the Inventions, including all intellectual property rights, remain vested in Harris, its suppliers or licensors, subject only to the license grant below. "Inventions" shall mean and include all ideas, concepts, know-how, techniques, inventions, discoveries, improvements, specifications, designs, methods, devices, systems, reports, studies, computer software (in object or source code), programming and other documentation, flow charts, diagrams and all other information or tangible material of any nature whatsoever (in any medium and in any stage of development or completion) included in or resulting from the work contemplated hereunder, that are conceived, designed, practiced, prepared, produced or developed by Harris or any of its personnel during the course of performance of any Work.

**17. Excusable Delay.**

- a. Harris will be excused from performance under the Agreement and will not be liable to Customer for delay in performance attributable, in whole or in part, to any cause beyond its reasonable control, including, but not limited to, actions or inactions of government whether in its sovereign or contractual capacity, judicial action, war, civil disturbance, insurrection, sabotage, act of public enemy or terrorism, labor difficulties, failure or delay in delivery by Harris' suppliers or subcontractors, transportation difficulties, shortage of energy, materials, labor or equipment, accident, fire, flood, storm or other act of nature, Customer's fault or negligence or where compliance with any applicable environmental law or regulation by Harris is not reasonably technologically or economically feasible, or would otherwise require Harris to change its manufacturing process.
- b. In the event of an excusable delay, Harris will make commercially reasonable efforts to notify Customer of the nature and extent of such delay and (1) Harris will be entitled to a schedule an extension on at least a day-for-day basis, and (2) if the delay is caused by Customer's fault or negligence, Harris will be entitled to an equitable adjustment in price under the Agreement.

**18. Termination.** Either party may terminate this Agreement if the other party defaults in a material respect under this Agreement and fails to cure such default within thirty (30) days after receiving written notice from the other party of such default. If Harris terminates this Agreement based on the Customer's breach, then Harris will be entitled to damages, including any lost profits Harris would have realized, had Harris been permitted to perform in accordance with the Agreement. Customer also will be liable for all costs to Harris resulting from Harris' attempt to enforce its rights hereunder, including, but not limited to collection agency fees, attorney fees, court costs, etc.

**19. Export and Re-Export Restrictions.**

- a. Customer acknowledges that the Equipment and Software sold or licensed to it by Harris under this Agreement may be subject to export controls under the laws of the United States or Canada. Customer will not export or re-export the Equipment or Software, technology, or products manufactured from the technology that are the subject of the Agreement in violation of the export control laws of the United States or Canada. Customer will, to the fullest extent permitted by applicable law defend and hold Harris harmless from and against any loss, damage, or liability arising out of Customer's failure to comply with this Section 19. The Customer will supply to the Harris on a timely basis all necessary information and documentation requested by Harris in order to permit the Harris to export the Equipment, Software and/or Services with respect to any Purchase Order issued by the Customer hereunder, in accordance with the terms of this Agreement.
- b. To the extent any technical data is exchanged between the parties, the receiving party represents and warrants that no technical data furnished to it by the disclosing party shall be disclosed to any foreign nation, firm, or country, including foreign nationals, employed by or associated with the receiving party, nor shall any technical data be exported from the United States without first complying with all requirements of the International Traffic in Arms Regulations (ITAR) or the Export Administration Regulations (EAR), including the requirement for obtaining any export license if applicable. The receiving party shall first obtain the written consent of the disclosing party prior to submitting any request for authority to export any such technical data. The receiving party will, to the fullest extent permitted by applicable law defend and hold the disclosing party harmless for all claims, demands, damages, costs, fines, penalties, attorney's fees, and all other expenses arising from failure of the receiving party to comply with this Section 19 or with the ITAR and EAR.
- c. Harris will not provide, or be responsible for obtaining any U.S. Government export licenses/approvals to provide any technical information, data or technical services to Customer or Customer's representatives, consultants or agents who are "foreign persons" as defined in the ITAR. Customer has the sole responsibility for obtaining necessary U.S. Government export licenses/approvals for any transfer of Equipment, Software or Services to Customer hereunder to Customer's representatives, consultants or agents who are such "foreign persons." Further, Harris will not be responsible for late delivery, delay or nonperformance under this Agreement due to the U.S. Government's delay or denial of any license that is Customer's responsibility to obtain.

**20. Compliance with Waste Recycling Laws.** Customer acknowledges and agrees that the supply of the Equipment by Harris to the Customer, and the resale or re-supply of the Equipment by the Customer, may give rise to obligations for Harris and the Customer under applicable environmental laws or regulations as defined herein. The Customer will be responsible for the collection, recycling, reuse and disposal of the Equipment in compliance with such Environmental Laws. "Environmental Laws" means any law or regulation in any jurisdiction worldwide applicable to the Agreement and includes but it is not limited to the recycling or treatment of waste equipment including the laws implementing the WEEE Directive as defined hereinafter. "WEEE Directive" means the European Union Directive on Waste Electrical Equipment and will include any and all national laws and regulations, whether civil, criminal, administrative, in any jurisdiction giving effect to that meaning including, but limited to, statutes and subordinate legislation, ordinances permits, common law, local laws, judgments, and any notices, orders, directions, instructions or decisions of any competent authority. Harris may arrange for services, paid for by Customer, to recycle or dispose of Harris manufactured products in compliance with the Environmental Laws. The Customer will to the fullest extent permitted by applicable law defend and hold Harris harmless against all expenses, costs, claims, liabilities or damage of any nature incurred by any of them relating to the collection, recycling, reuse and disposal of any Equipment or otherwise arising in connection with their respective obligations under the Environmental Laws, or by reason of any failure or alleged failure by the Customer to comply with its obligations under the Environmental Laws. The Customer will provide

Harris with such compliance plans or other documents and information that Harris may reasonably request to enable Harris and its affiliates to verify and prove to any enforcement agency the compliance by the Customer and Harris of their respective obligations under this Section and/or the Environmental Laws.

- 21. Limitation of Liability.** NOT WITHSTANDING ANYTHING IN THIS AGREEMENT TO THE CONTRARY, UNDER NO CIRCUMSTANCES WILL HARRIS BE LIABLE FOR (A) ANY SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES REGARDLESS OF THE CAUSE, EVEN IF SUCH DAMAGES ARE FORESEEABLE, OR (B) LOSS OF REVENUE, LOSS OF PROFITS, LOSS OF BUSINESS OR LOSS OF USE EVEN IF HARRIS HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THIS LIMITATION WILL APPLY TO ANY CLAIM OR CAUSE OF ACTION WHETHER IN CONTRACT OR TORT (INCLUDING NEGLIGENCE, STRICT LIABILITY OR BREACH OF WARRANTY). IN NO EVENT WILL HARRIS' LIABILITY TO CUSTOMER OR ANY PARTY CLAIMING THROUGH CUSTOMER EXCEED THE ACTUAL PURCHASE PRICE PAID BY CUSTOMER FOR ANY EQUIPMENT, SOFTWARE OR SERVICES SUPPLIED HEREUNDER. THIS SECTION WILL SURVIVE THE TERM OR EXPIRATION OF THIS AGREEMENT. CUSTOMER AGREES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, TO HOLD HARMLESS HARRIS AGAINST ALL LOSS OR LIABILITY FROM CLAIMS BY CUSTOMER OR A THIRD PARTY ARISING OUT OF OR RELATING TO CUSTOMER'S INSTALLATION, OPERATION, OR USE OF THE EQUIPMENT OR SOFTWARE.
- 22. Applicable Law, Venue, and Jurisdiction.** The Agreement, and any disputes related thereto, will be governed by and interpreted in accordance with the laws of the State of Florida, USA, without regard to conflict of law principles. The parties specifically exclude the application of the United Nations' Convention on Contracts for the International Sale of Goods to the Agreement, to the contractual relationship created under the Agreement, and to the construction, validity, enforcement, and interpretation of the Agreement. The parties agree that the exclusive venue for any action arising out of or related to the Agreement will be in the courts with the appropriate jurisdiction located in Brevard County, Florida, and each party irrevocably submits to the jurisdiction of each such court in any such action and waives any objection it may now or hereafter have to venue or personal jurisdiction in each such court. The prevailing party in any action related to the dispute or interpretation of the Agreement will be entitled to recover its reasonable attorneys fees incurred in pursuing the action, including those fees incurred throughout all bankruptcy and appellate proceedings.
- 23. Jury Waiver.** Customer and Harris further agree, to the extent permitted by law, to waive all rights to a trial by jury of any action relating to the dispute or interpretation of the agreement, whether sounding in contract, tort, or otherwise. The parties specifically acknowledge that this waiver is made knowingly and voluntarily after an adequate opportunity to negotiate its terms and that such waiver is material consideration for the sale and purchase contemplated hereby.
- 24. Assumption of Risk.** Each party hereto acknowledges (a) the risks of its undertakings hereunder, (b) the uncertainty of the benefits and obligations hereunder, and (c) its assumption of such risks and uncertainty. Each party has conducted its own due diligence and requested and reviewed any contracts, business plans, financial documents and other written material as in such party's opinion will be the basis of that party's decision to enter into the Agreement.
- 25. Reliance on Counsel and Other Advisors.** Each party has consulted such legal, financial, technical or other experts it deems necessary or desirable before entering into the Agreement. Each party represents and warrants that it has read, knows, understands and agrees with the terms of the Agreement, and the Agreement will not be construed against either party as the drafter.

**26. Compliance with Applicable Laws.** Customer warrants that Customer will comply with any and all applicable U.S. federal, state and local laws, and will operate in good faith to comply with other laws and regulations and industry best practices, applicable to such party's performance hereunder, and will promptly act to correct any noncompliance once identified.

**27. General Provisions.**

- a. **Publicity.** Neither party will, without the prior written consent of the other party: (a) issue any news release, public announcement, denial or confirmation of this Agreement or its subject matter; or (b) in any manner advertise or publish the fact of this Agreement.
- b. **Disputes.** The parties will to the fullest extent practical resolve disputes through collaborative procedures. To that end, any and all disputes between the parties will be quickly addressed to prevent such disputes from causing contractual or performance problems.
- c. **Assignment.** Customer will not assign any of its rights under this Agreement, voluntarily or involuntarily, whether by merger, consolidation, dissolution, operation of law or any other manner. Any purported assignment of rights in violation of this Section is null and void.
- d. **Enforceability.** If any provision of this Agreement is held invalid, illegal or unenforceable, the validity, legality or enforceability of the remaining provisions will, to the extent of such invalidity, illegality, or unenforceability, be severed, but without in any way affecting the remainder of such provision or any other provision contained herein, all of which will continue in full force and effect.
- e. **No Waiver.** Waiver or failure by Harris to enforce any of the terms or conditions hereunder or the delay in exercise of any of its remedies or any terms or condition herein, will not be a future waiver of any such right, or be a waiver of any other term, condition or remedy contained herein.
- f. **Headings.** Headings in this Agreement are provided for the convenience only and do not affect this Agreement's construction or interpretation.
- g. **Orders Issued under Government Prime or Subcontracts.** In the event this Agreement relates to a U.S. federal government prime contract or subcontract, nothing contained in this Agreement will be construed to authorize the waiver of any provision of law as prescribed in Federal Acquisition Regulation (FAR) Part 12, or terms as set forth in the current version of FAR 52.244-6, Subcontracts for Commercial Items, if applicable.
- h. **Notices.** All notices must be in writing and will be effective when received by (1) personal delivery, (2) registered, certified, or nationally recognized overnight mail, proof of receipt requested, and (3) facsimile, if confirmed within three (3) business days by one of the other methods herein, at the addresses or facsimile numbers indicated or to such other addresses or facsimile numbers as the parties may specify by giving notice pursuant hereto. A copy of all notices must be sent to Harris Corporation, PO Box 37, Mail Stop: R5/11A, Melbourne, FL 32902, Attention: Contracts Manager, or email to [wpg@harris.com](mailto:wpg@harris.com).
- i. **English Language.** The parties confirm that it is their wish that this Agreement, as well as any other documents relating hereto including notices, have been and will be drawn up in English only.
- j. **GSA.** All purchase orders under General Services Administration (GSA) Schedule #GS-35F-0283J are subject to the GSA Terms and Conditions which will supersede all other terms and conditions provided.

k. **Survivability.** The following provisions shall survive the completion or termination of this Agreement: Section 3 (Restricted Use), Section 11 (Limited Warranty), Section 13 (Software License), Section 15 (Intellectual Property Indemnification), Section 19 (Export and Re-export Restrictions), Section 21 (Limitation of Liability), Section 22 (Applicable Law, Venue and Jurisdiction), Section 23 (Jury Waiver), and Section 27 (General Provisions).

28. **Entire Agreement.** The Agreement supersedes all previous proposals, negotiations, conversations, and understandings, whether oral or written, and constitutes the sole and entire agreement between the parties pertaining to the subject matter hereof. No modification or deletion of, or addition to these terms, will be binding unless made in writing and signed by duly authorized representatives of both parties.

**Software License Key Reactivation Addendum to  
Harris Government Communications Systems Division  
Terms and Conditions of Sale for  
Wireless Equipment, Software and Services**

**Effective Date: February 28, 2011**

This Addendum (the "Addendum") to the Harris Government Communications Systems Division Terms and Conditions of Sale for Wireless Equipment, Software and Services (the "Agreement") will apply to all Orders received from Customer for Equipment and/or Software purchased under the Agreement. In order to maintain the functionality of the Software purchased under the Agreement, as well as to be eligible for any new Software updates and upgrades, Customer agrees to the following:

1. Annual Software License Key Reactivation. Customer will reactivate the Software license key annually on or before the date of the one (1) year anniversary of the Agreement or, if the one (1) year anniversary date falls on a weekend or a federal holiday, on the first business day thereafter. To reactivate the Software license key, Customer must log onto the Harris WPG Internet website at [www.premier.harris.com/wpg](http://www.premier.harris.com/wpg) or contact Harris WPG Customer Support at 1-800-358-5297 to obtain a Software license key to renew the software for one (1) additional year. Customer acknowledges that timely reactivation of the Software license key is solely Customer's responsibility and Harris will not provide advance notification of Customer's annual reactivation deadline. Failure to timely and properly reactivate the Software license key may affect the operation of the Equipment and/or Software.
2. Annual Certification. As part of the annual Software license key reactivation process, or as otherwise requested by Harris, Customer will certify (a) that Equipment and/or Software purchased under the Agreement remains in Customer's sole possession; or (b) that Equipment has been lost, stolen, damaged or destroyed. Customer acknowledges and agrees that it will maintain possession of the Equipment at all times. Customer also acknowledges and agrees that if it transfers, sells, leases, conveys or otherwise provides the Equipment to a third party without the prior written permission of Harris, then Customer will void its software license.

**Harris Government Communications Systems Division  
Terms and Conditions of Sale for  
Wireless Equipment, Software and Services**

**Effective Date: June 25, 2012**

1. **Definitions.** In addition to the terms defined elsewhere, the following terms used herein have the following meanings:
  - a. **"Agreement"** means the instrument of contracting; such as a Purchase Order, or other such designation which these terms and conditions of sale for Wireless Equipment, Software and Services are incorporated.
  - b. **"Customer"** means the purchaser of Equipment, Software, or Services from Harris.
  - c. **"Date of Acceptance"** means the date when the Customer receives an item of Equipment, Software and/or Services in an undamaged or non-defective condition.
  - d. **"Environmental Laws"** means any law or regulation in any jurisdiction worldwide applicable to the Agreement and includes but it is not limited to the recycling or treatment of waste equipment including the laws implementing the WEEE Directive.
  - e. **"Equipment"** means any hardware, including components, but excluding any Software or Services.
  - f. **"Harris"** means Harris Corporation, acting through its Government Communications Systems Division.
  - g. **"Maintenance Agreement"** means a separate agreement for maintenance of the Items procured hereunder; such services are not included in this Agreement.
  - h. **"Purchase Order"** means the Customer's purchase order as acknowledged by Harris on its standard acknowledgement form.
  - i. **"Purchase Price"** means the purchase price as identified in the Purchase Order.
  - j. **"Quote"** means the price quotation of Harris itemizing the purchase price and all exhibits referred to within such Quote, including but not limited to the technical proposal, technical specifications, scope of work, schedule, the Agreement and any Maintenance Agreement specifically included in the purchase price.
  - k. **"Services"** means, training, maintenance support, or other services to be provided to Customer as part of the Agreement.
  - l. **"Software"** means software and firmware, including all copies provided to Customer.
  - m. **"WEEE Directive"** means the European Union Directive on Waste Electrical Equipment and includes any and all national laws and regulations, whether civil, criminal, administrative, in any jurisdiction giving effect to that meaning including, but limited to, statutes and subordinate legislation, ordinances permits, common law, local laws, judgments, and any notices, orders, directions, instructions or decisions of any competent authority
2. **Restricted Use.** All Wireless Equipment and/or Software sold by Harris provides the Customer with a capability that is restricted and otherwise controlled under United States Code Title 18 §2512. Use of Equipment is strictly governed by applicable federal, state and local law associated with the intercept and monitoring of oral communications. The Customer's obligation to protect information includes, but not limited to, the names of specific products, pricing, technical and performance data. Under no circumstances should any information regarding Customer's purchase or use of Harris Wireless Products be posted on any public website, including procurement websites. Harris assumes no liability for any use, misuse or improper use of the Equipment and makes no representations as to Equipment suitability for any specific application. Buyer's right to transfer, sell or assign the Equipment shall be limited to authorized law enforcement and government agencies with the prior written consent of Harris.
  - a. In the event that any of the Equipment or Software purchased under this Agreement is lost or stolen, the Customer shall contact the Harris Help Desk at 1-800-358-5297 within 3 business

days. Customer shall provide the Part Number and Serial Number of the Equipment and/or Software and a summary of facts surrounding the incident. Failure to comply with this requirement may result in Harris not accepting future orders from the Customer.

3. **Proposal/Quote Validity.** Prices quoted are valid for 180 days from the date of Quote. After the expiration of the 180-day period, Harris may modify its prices or extend the validity period.
4. **Acceptance – Modification of Terms.** The Agreement will be deemed accepted by Customer upon the first to occur of (i) Customer's issuance of the Purchase Order; or (ii) Harris' commencement of performance under the Agreement. In either such event any additional or different terms proposed by Customer are rejected unless expressly approved in writing by Harris. No communication from Customer that in any way differs from or adds to the Agreement, irrespective of whether or not Harris reasonably objects thereto, will be binding upon Harris unless such different or additional terms are agreed to in writing by both Harris and Customer.
5. **Taxes.** All prices quoted are exclusive of all applicable sales, use, excise, and other taxes, duties, fees, or charges. Unless evidence of valid tax exempt status and/or resale certificate is provided by Customer prior to shipment, Harris shall add and Customer shall pay all such applicable taxes or charges levied or imposed to the invoice for the Equipment, Software, and/or Services.
6. **Shipping and Delivery.** Unless otherwise stated in the Agreement, all prices and terms are F.O.B. Destination and include freight charges. Harris may ship Equipment in multiple lots and Customer agrees to accept such multiple shipments and pay for each lot in accordance with the payment terms set forth herein.
7. **Title and Risk of Loss.** Title to and risk of loss for Equipment and Software media sold under the Agreement will pass to Customer upon receipt of equipment.
8. **Payment Terms.**
  - a. Payment for an invoice is due within 30 days from the date of the invoice. Late payment will accrue interest to the outstanding balance at the lower of (i) 1.5% per month, or (ii) the highest rate allowed by law.
  - b. Domestic Purchase Orders (not including Maintenance Agreements) are for shipments of Equipment, Software and/or Services to be delivered or Services to be performed within the continental United States and Canada. Harris will submit an invoice within 30 days of the Date of Acceptance of an individual delivery of Equipment, Software or performance of Services as identified in the Purchase Orders.
9. **Annual Maintenance Agreement.** Upon expiration of the warranty period, Customer may execute a separate maintenance agreement with Harris for Equipment and/or Software. Such maintenance agreements are available for a percentage of the original Purchase Prices of the Equipment and/or Software. Annual maintenance agreements include:
  - a. Customer telephone support during normal business hours, excluding holidays (Monday through Friday, Eastern Time).
  - b. Additional 12-month warranty on Equipment, with respect to the Equipment Maintenance Agreement.
  - c. For Software Maintenance Agreements Harris will provide notification of and free access to Software upgrades as defined in the maintenance agreement.

## 10. Equipment Return Policy.

- a. **Equipment Damaged in Shipment.** Upon receipt of shipments, Customer should open and inspect all boxes immediately for possible freight damage. If damage is found, Customer must notify the delivery carrier within 48 hours and request an inspection from the freight carrier. After notifying the delivery carrier of damage, Customer will promptly contact Harris for further instructions. Damaged Equipment may not be returned without Harris' prior authorization. For Equipment returned under this paragraph the Date of Acceptance shall be adjusted to reflect the date repaired or undamaged Equipment is received.
- b. **Items Shipped in Error.** If the Customer receives Equipment and/or Software in error, the Customer will promptly notify Harris and Harris will provide return instructions, pay shipping costs (provided Harris' instructions are followed) and provide a Return Material Authorization (RMA). Customer will retain the Equipment's original packing material for use in return shipment to Harris.
- c. **Defective Equipment.** Equipment is provided with either Harris' standard equipment warranty or the manufacturer's standard equipment warranty. Upon discovery of a defect or other warranty-related problem, Customer shall promptly contact Harris for warranty support. Customer agrees not to return the Equipment until a service representative has issued an RMA, including a form which Customer must fill out describing the nature of the Equipment defect.
- d. **Other Reasons.** If Customer desires to return Equipment for other reasons, Customer must contact Harris for a RMA. Harris' customer service representative will require a clear statement of the reason for the return request. Upon approval of Customer's request, an RMA will be issued. Customer will not return any Equipment without an RMA. Equipment being returned may be subject to restocking and other charges. CUSTOM MANUFACTURED OR SPECIAL ORDER ITEMS ARE NOT RETURNABLE.
- e. **Upon Receipt of a Return Authorization.** RMA numbers must appear on each individual package being returned. Customer is responsible for ensuring the safe return of Equipment for the full invoice amount and all shipping costs. Harris may refuse shipments of Equipment returned without a valid RMA number. All Equipment being returned for credit must be returned in a timely manner and in good condition. If Equipment show evidence of damage, wear and tear, or if components or accessories are missing, then Harris at its sole judgment may reduce any credit agreed to prior to receipt of the Equipment.

## 11. Limited Warranty.

- a. Harris warrants the Equipment and Software ordered hereunder as of the Date of Acceptance to be substantially free from defects in material and workmanship. Harris' liability under this Limited Warranty will commence on the Date of Acceptance of the individual item of Equipment and Software and will terminate after 12 months. Written notice of any defects will be given to Harris upon discovery and Harris will promptly correct such defects by repair or replacement, at its option, without charge. Harris uses new and reconditioned parts to complete repairs and replacements under the terms of this warranty. Defective articles will not be returned to the Harris' factory without the prior written authorization of the Harris. Call 1-800-358-5297 to obtain a Return Material Authorization (RMA) number. Harris will determine, in its sole discretion, existence and cause of the claimed defect. Specifically excluded from the terms of this Limited Warranty are any defects which occur as a result of:
  - i. Acts of God.
  - ii. Physical impact, crash or foreign object damage.
  - iii. Improper installation, use, maintenance, storage, modification or alteration by the Customer or its Customer.

- iv. The Customer's (or its customer's) operation of the Equipment delivered under this Agreement with any accessory, equipment or part not specifically approved by the Harris unless the Customer furnishes clear and convincing evidence that such accessory, equipment, or part was not a cause of the defect.
  - v. Normal wear and tear. (The Customer recognizes that certain parts have a limited service life and will wear out through normal use.)
  - vi. Equipment or Software subjected to misuse, detrimental exposure or negligence.
- b. Harris is not responsible under this provision for defects with respect to items not provided by Harris or its subcontractors.
- c. For purposes of Harris' warranties for Equipment and Software media, a "defect" is defined as a failure of any unit or component manufactured or supplied by Harris that is not attributable to unauthorized modification or alteration, misuse or lack of care in operation, maintenance or handling. Customer's written notice of the defect must include a description of the defect with detailed information reasonably sufficient for Harris to identify the defect and determine its probable cause. Components or parts that Customer claims to be defective must be available to Harris for inspection and testing. Customer may not return defective Equipment, components or parts without first obtaining an RMA and instructions from Harris. Customer is solely responsible for U.S. Customs and Border Protection clearance or permissions for all replacement parts.
- d. CLAIMS UNDER ANY OF THE FOREGOING WARRANTIES ARE WAIVED UNLESS MADE WITHIN THE EQUIPMENT WARRANTY PERIOD IN THE CASE OF EQUIPMENT, OR WITHIN THE SOFTWARE WARRANTY PERIOD IN THE CASE OF SOFTWARE. NO PERSON IS AUTHORIZED TO GIVE ANY OTHER WARRANTIES OR TO ASSUME ANY OTHER LIABILITIES ON HARRIS' BEHALF, UNLESS MADE OR ASSUMED IN WRITING BY A DULY AUTHORIZED REPRESENTATIVE OF HARRIS.
- e. HARRIS' LIABILITY FOR BREACH OF ANY OR ALL WARRANTIES FOR EQUIPMENT, SOFTWARE, SERVICES AND LICENSED HARRIS PROGRAMS IS EXPRESSLY LIMITED TO THE REPAIR, REPLACEMENT, OR REFUND OF THE PURCHASE PRICE OF SUCH DEFECTIVE EQUIPMENT OR SOFTWARE, LESS A REASONABLE CHARGE FOR USE. IN NO EVENT WILL HARRIS OR ITS LICENSORS BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES BY REASON OF ANY BREACH OF WARRANTY OR DEFECT IN MATERIALS OR WORKMANSHIP. HARRIS WILL NOT BE REQUIRED TO REPAIR, REPLACE, OR REFUND THE PURCHASE PRICE OF EQUIPMENT OR SOFTWARE WHICH HAVE BEEN SUBJECTED TO NEGLECT, ACCIDENT, OR IMPROPER USE, OR WHICH HAVE BEEN ALTERED OTHER THAN BY AUTHORIZED HARRIS PERSONNEL.
- f. THIS WARRANTY CONSTITUTES HARRIS' SOLE AND EXCLUSIVE LIABILITY HEREUNDER AND CUSTOMER'S SOLE AND EXCLUSIVE REMEDY FOR DEFECTIVE OR NON-CONFORMING EQUIPMENT, SERVICES, AND SOFTWARE. THE FOREGOING WARRANTIES ARE IN LIEU OF ALL OTHER WARRANTIES (EXCEPT AS TO TITLE), WHETHER ORAL OR WRITTEN, EXPRESS OR IMPLIED, OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, ANY IMPLIED WARRANTY OR CONDITION OF FITNESS FOR A PARTICULAR PURPOSE, OR ANY WARRANTY OR CONDITION ARISING OUT OF COURSE OF DEALING, COURSE OF PERFORMANCE, OR CUSTOM OR USAGE OF TRADE. CUSTOMER AGREES THAT NO CIRCUMSTANCE CAUSING CUSTOMER EXCLUSIVE AND LIMITED REMEDIES TO FAIL IN THEIR ESSENTIAL PURPOSE WILL INCREASE OR EXTEND ANY HARRIS WARRANTY.
- 12. Repairs.** To repair any Wireless products Equipment after the 12-month warranty has expired, Customer may call 1-800-358-5297 to obtain an RMA number and a quote for the estimated cost for repair.

- a. **Repair Policy.** To affect a repair on a Wireless Product, the Equipment and/or Software should be returned to the Harris' factory with a written description of the failure mode. Out-of-warranty repairs apply to any Equipment and/or Software whose standard 12-month warranty has expired, no Maintenance Agreement has been purchased and paid for, and/or any Equipment and/or Software damaged in a manner not covered by the standard warranty, including any defects which occur as identified under 11.a above. Equipment and/or Software should not be returned to the Harris' factory without an RMA. Call 1-800-358-5297 to obtain an RMA number.
- b. **Support Policy.** Harris provides free help desk support throughout the warranty period and Maintenance Agreement of purchased Equipment and/or Software. Technical support is available Monday through Friday, during normal business hours (Eastern Time) excluding holidays, via the help desk support center at 1-800-358-5297.

### 13. Software License.

- a. Subject to full payment of the Purchase Price by Customer, Harris grants to Customer a nontransferable (except as expressly provided herein), nonexclusive license to use the Software (software, firmware, and documentation) in connection with use of the Equipment purchased hereunder. The Software furnished with the Equipment will be of the latest generation available at the time of shipment of the Equipment. Harris is under no obligation to supply updates to the Software except where expressly agreed to by the parties in writing.
- b. This license is limited to object code programs and related documentation only and does not apply to any of the corresponding source code or program listings.
- c. Customer acknowledges that Harris (or its licensor) has valuable property rights in the Software, and the Software will continue to be the sole and exclusive property of Harris or its licensor. Customer will obtain no title or rights to the Software. All rights in patents, copyrights and trade secrets in relation to the Software will continue to be vested in Harris or its licensor.
- d. Customer will keep the Software confidential by affording access to the Software only to those of its employees, agents, or consultants having a need to know and having such individuals agree in writing to the obligations contained herein. In addition, Customer will employ its best efforts to prevent any unauthorized use, copying, publishing, reproducing, or disclosing of the Software and will treat the Software with the same care as its own confidential information.
- e. The Software may be used only in conjunction with the Equipment purchased hereunder. Customer may not rent, lease, transfer, network, display, or distribute the Software, nor may Customer reverse engineer, disassemble, decompile, modify, alter, translate, or adapt the Software or create any derivative thereof, except where expressly agreed to by the parties in writing.
- f. Customer acknowledges that a violation of this Agreement would cause irreparable injury to Harris or its licensor, and that Harris or its licensor will be entitled, in addition to any other rights and remedies it may have, at law or in equity, to an injunction enjoining and restraining Customer from doing or continuing to do any such act and any other violations or threatened violations of this Agreement. Furthermore, Customer agrees that if Harris or its licensor should waive any breach of any provision of this Agreement, it will not thereby be deemed to have waived any preceding or succeeding breach of the same or any other provision of this Agreement. If Customer sells or otherwise disposes of Customer-owned media on which any Software is fixed, such media must be erased before any sale or disposal.

14. **Availability Discontinued/Last Time Buy.** Harris makes no representation about the continued availability of the Equipment and Software. Harris reserves the right, in its sole discretion, with or

without notice, without incurring any liability to Customer or otherwise whether in contract or tort, to discontinue manufacturing or selling any Equipment and Software at any time or from time to time. Harris may within its sole discretion provide Customer with an opportunity to purchase such quantities of the Equipment or Software as Customer estimates it may need ("last time buy") within 30 days of Customer's receipt of notice from Harris. Customer's last time buy rights are limited to products available in Harris' inventory at the time of Customer's request. Harris will provide warranty services and make spare parts available to Customer for a period of one (1) year after notice by Harris to Customer that the Equipment has been discontinued or for a period of 90 days after notice to Customer that the Software has been discontinued.

#### **15. Intellectual Property Indemnification.**

- a. In the event any Equipment to be furnished under this Agreement is not to be made in accordance with drawings, samples or manufacturing specifications designated by Customer, but rather is the design of Harris, Harris agrees that it will, at its own expense and at its option, defend or settle any claim, suit, or proceeding brought against Customer or any customer of Customer, based on an allegation that the Equipment furnished under this Agreement constitutes a direct or a contributory infringement of any claim of any United States patent, mask work, copyright or any other intellectual property right. This obligation will be effective only if Customer will have made all payments then due and if Harris is notified promptly of said allegation in writing and given authority, information, and assistance for the settlement or defense of said claim, suit, or proceeding. Harris will pay all damages and costs assessed in such suit or proceedings. In the event of a final adjudication by a court of competent jurisdiction that the Equipment or any part thereof infringes or violates any third party intellectual property right or if the use or sale thereof is enjoined, or if the provisions of any negotiated settlement Agreement prohibit the use of the product, Harris will at its sole option and its own expense, either:
  - i. Procure for Customer the right to continue using the Equipment;
  - ii. Replace it with a substantially equivalent non-infringing equipment;
  - iii. Modify it so it becomes non-infringing but substantially equivalent; or
  - iv. If none of the above is reasonably available, terminate the Customer's right to use the Equipment and return to the Customer a pro-rata portion of the price originally paid by Customer to Harris represented by the remaining useful life of the Equipment as a percentage of the total useful life.
- b. The foregoing Indemnity does not apply to the following:
  - i. Infringement by a combination of Equipment furnished under this Agreement with other equipment not furnished hereunder unless Harris is a contributory infringer;
  - ii. Infringement resulting from changes or modifications made to or from the Equipment by the Customer;
  - iii. Any settlements of a claim, suit, or proceeding made without Harris' written consent; and
  - iv. Any Equipment to be furnished under this Agreement which is to be delivered to the United States Government.
- c. The foregoing states the entire liability of Harris with respect to infringement or violation of third party intellectual property rights in connection with Equipment furnished under this Agreement.
- d. In the event any Equipment to be furnished under this Agreement is to be made in accordance with drawings, samples or manufacturing specifications designated by Customer and is not the design of Harris, Customer will, to the fullest extent permitted by applicable law, defend and hold Harris harmless to the same extent and subject to the same requirements as set forth in (a) and (b) above. Should the Customer be the United States Government, the Customer agrees to incorporate FAR 52.227-1, Authorization and Consent, in any Purchase Order or Contract.

#### **16. Technical Data and Inventions.**

- a. Unless specifically agreed to by Harris and expressly identified and priced in the Agreement as a separate item or items to be delivered by Harris, the sale of Equipment, Software and Services under the Agreement confers on Customer no right in, license under, access to, or entitlement of any kind to any of Harris' technical data including, but not limited to design, process technology, software and drawings, or to any of Harris' inventions (whether or not patentable), irrespective of whether any such technical data or invention or any portion thereof arose out of work performed under or in connection with the Agreement, and irrespective of whether Customer has paid or is obligated to pay Harris for any part of the design or development of the Equipment, Software or Services.
- b. Harris will not be obliged to safeguard or hold confidential any data whether technical or otherwise, furnished by Customer for Harris' performance of the Agreement unless (and only to the extent that) Customer and Harris have entered into a separate written confidentiality agreement.
- c. Customer will not violate Harris' copyright of documents or Software or disclose Harris' confidential or proprietary data to others without Harris' written permission.
- d. All Inventions are and shall at all times remain Harris's confidential or proprietary information. All rights, title and interest in and to the Inventions, including all intellectual property rights, remain vested in Harris, its suppliers or licensors, subject only to the license grant below. "Inventions" shall mean and include all ideas, concepts, know-how, techniques, inventions, discoveries, improvements, specifications, designs, methods, devices, systems, reports, studies, computer software (in object or source code), programming and other documentation, flow charts, diagrams and all other information or tangible material of any nature whatsoever (in any medium and in any stage of development or completion) included in or resulting from the work contemplated hereunder, that are conceived, designed, practiced, prepared, produced or developed by Harris or any of its personnel during the course of performance of any Work.

#### **17. Excusable Delay.**

- a. Harris will be excused from performance under the Agreement and will not be liable to Customer for delay in performance attributable, in whole or in part, to any cause beyond its reasonable control, including, but not limited to, actions or inactions of government whether in its sovereign or contractual capacity, judicial action, war, civil disturbance, insurrection, sabotage, act of public enemy or terrorism, labor difficulties, failure or delay in delivery by Harris' suppliers or subcontractors, transportation difficulties, shortage of energy, materials, labor or equipment, accident, fire, flood, storm or other act of nature, Customer's fault or negligence or where compliance with any applicable environmental law or regulation by Harris is not reasonably technologically or economically feasible, or would otherwise require Harris to change its manufacturing process.
- b. In the event of an excusable delay, Harris will make commercially reasonable efforts to notify Customer of the nature and extent of such delay and (1) Harris will be entitled to a schedule an extension on at least a day-for-day basis, and (2) if the delay is caused by Customer's fault or negligence, Harris will be entitled to an equitable adjustment in price under the Agreement.

- 18. Termination.** Either party may terminate this Agreement if the other party defaults in a material respect under this Agreement and fails to cure such default within thirty (30) days after receiving written notice from the other party of such default. If Harris terminates this Agreement based on the Customer's breach, then Harris will be entitled to damages, including any lost profits Harris would have realized, had Harris been permitted to perform in accordance with the Agreement. Customer

also will be liable for all costs to Harris resulting from Harris' attempt to enforce its rights hereunder, including, but not limited to collection agency fees, attorney fees, court costs, etc.

**19. Export and Re-Export Restrictions.**

- a. Customer acknowledges that the Equipment and Software sold or licensed to it by Harris under this Agreement may be subject to export controls under the laws of the United States or Canada. Customer will not export or re-export the Equipment or Software, technology, or products manufactured from the technology that are the subject of the Agreement in violation of the export control laws of the United States or Canada. Customer will, to the fullest extent permitted by applicable law defend and hold Harris harmless from and against any loss, damage, or liability arising out of Customer's failure to comply with this Section 19. The Customer will supply to the Harris on a timely basis all necessary information and documentation requested by Harris in order to permit the Harris to export the Equipment, Software and/or Services with respect to any Purchase Order Issued by the Customer hereunder, in accordance with the terms of this Agreement.
- b. To the extent any technical data is exchanged between the parties, the receiving party represents and warrants that no technical data furnished to it by the disclosing party shall be disclosed to any foreign nation, firm, or country, including foreign nationals, employed by or associated with the receiving party, nor shall any technical data be exported from the United States without first complying with all requirements of the International Traffic in Arms Regulations (ITAR) or the Export Administration Regulations (EAR), including the requirement for obtaining any export license if applicable. The receiving party shall first obtain the written consent of the disclosing party prior to submitting any request for authority to export any such technical data. The receiving party will, to the fullest extent permitted by applicable law defend and hold the disclosing party harmless for all claims, demands, damages, costs, fines, penalties, attorney's fees, and all other expenses arising from failure of the receiving party to comply with this Section 19 or with the ITAR and EAR.
- c. Harris will not provide, or be responsible for obtaining any U.S. Government export licenses/approvals to provide any technical information, data or technical services to Customer or Customer's representatives, consultants or agents who are "foreign persons" as defined in the ITAR. Customer has the sole responsibility for obtaining necessary U.S. Government export licenses/approvals for any transfer of Equipment, Software or Services to Customer hereunder to Customer's representatives, consultants or agents who are such "foreign persons." Further, Harris will not be responsible for late delivery, delay or nonperformance under this Agreement due to the U.S. Government's delay or denial of any license that is Customer's responsibility to obtain.

- 20. Compliance with Waste Recycling Laws.** Customer acknowledges and agrees that the supply of the Equipment by Harris to the Customer, and the resale or re-supply of the Equipment by the Customer, may give rise to obligations for Harris and the Customer under applicable environmental laws or regulations as defined herein. The Customer will be responsible for the collection, recycling, reuse and disposal of the Equipment in compliance with such Environmental Laws. "Environmental Laws" means any law or regulation in any jurisdiction worldwide applicable to the Agreement and includes but it is not limited to the recycling or treatment of waste equipment including the laws implementing the WEEE Directive as defined hereinafter. "WEEE Directive" means the European Union Directive on Waste Electrical Equipment and will include any and all national laws and regulations, whether civil, criminal, administrative, in any jurisdiction giving effect to that meaning including, but limited to, statutes and subordinate legislation, ordinances permits, common law, local laws, judgments, and any notices, orders, directions, instructions or decisions of any competent authority. Harris may arrange for services, paid for by Customer, to recycle or dispose of Harris manufactured products in compliance with the Environmental Laws. The Customer will to the fullest extent permitted by applicable law defend and hold Harris harmless against all expenses, costs,

claims, liabilities or damage of any nature incurred by any of them relating to the collection, recycling, reuse and disposal of any Equipment or otherwise arising in connection with their respective obligations under the Environmental Laws, or by reason of any failure or alleged failure by the Customer to comply with its obligations under the Environmental Laws. The Customer will provide Harris with such compliance plans or other documents and information that Harris may reasonably request to enable Harris and its affiliates to verify and prove to any enforcement agency the compliance by the Customer and Harris of their respective obligations under this Section and/or the Environmental Laws.

- 21. Limitation of Liability.** NOT WITHSTANDING ANYTHING IN THIS AGREEMENT TO THE CONTRARY, UNDER NO CIRCUMSTANCES WILL HARRIS BE LIABLE FOR (A) ANY SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES REGARDLESS OF THE CAUSE, EVEN IF SUCH DAMAGES ARE FORESEEABLE, OR (B) LOSS OF REVENUE, LOSS OF PROFITS, LOSS OF BUSINESS OR LOSS OF USE EVEN IF HARRIS HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THIS LIMITATION WILL APPLY TO ANY CLAIM OR CAUSE OF ACTION WHETHER IN CONTRACT OR TORT (INCLUDING NEGLIGENCE, STRICT LIABILITY OR BREACH OF WARRANTY). IN NO EVENT WILL HARRIS' LIABILITY TO CUSTOMER OR ANY PARTY CLAIMING THROUGH CUSTOMER EXCEED THE ACTUAL PURCHASE PRICE PAID BY CUSTOMER FOR ANY EQUIPMENT, SOFTWARE OR SERVICES SUPPLIED HEREUNDER. THIS SECTION WILL SURVIVE THE TERM OR EXPIRATION OF THIS AGREEMENT. CUSTOMER AGREES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, TO HOLD HARMLESS HARRIS AGAINST ALL LOSS OR LIABILITY FROM CLAIMS BY CUSTOMER OR A THIRD PARTY ARISING OUT OF OR RELATING TO CUSTOMER'S INSTALLATION, OPERATION, OR USE OF THE EQUIPMENT OR SOFTWARE.
- 22. Applicable Law, Venue, and Jurisdiction.** The Agreement, and any disputes related thereto, will be governed by and interpreted in accordance with the laws of the State of Florida, USA, without regard to conflict of law principles. The parties specifically exclude the application of the United Nations' Convention on Contracts for the International Sale of Goods to the Agreement, to the contractual relationship created under the Agreement, and to the construction, validity, enforcement, and interpretation of the Agreement. The parties agree that the exclusive venue for any action arising out of or related to the Agreement will be in the courts with the appropriate jurisdiction located in Brevard County, Florida, and each party irrevocably submits to the jurisdiction of each such court in any such action and waives any objection it may now or hereafter have to venue or personal jurisdiction in each such court. The prevailing party in any action related to the dispute or interpretation of the Agreement will be entitled to recover its reasonable attorneys fees incurred in pursuing the action, including those fees incurred throughout all bankruptcy and appellate proceedings.
- 23. Jury Waiver.** Customer and Harris further agree, to the extent permitted by law, to waive all rights to a trial by jury of any action relating to the dispute or interpretation of the agreement, whether sounding in contract, tort, or otherwise. The parties specifically acknowledge that this waiver is made knowingly and voluntarily after an adequate opportunity to negotiate its terms and that such waiver is material consideration for the sale and purchase contemplated hereby.
- 24. Assumption of Risk.** Each party hereto acknowledges (a) the risks of its undertakings hereunder, (b) the uncertainty of the benefits and obligations hereunder, and (c) its assumption of such risks and uncertainty. Each party has conducted its own due diligence and requested and reviewed any contracts, business plans, financial documents and other written material as in such party's opinion will be the basis of that party's decision to enter into the Agreement.
- 25. Reliance on Counsel and Other Advisors.** Each party has consulted such legal, financial, technical or other experts it deems necessary or desirable before entering into the Agreement. Each party represents and warrants that it has read, knows, understands and agrees with the terms of the Agreement, and the Agreement will not be construed against either party as the drafter.

**26. Compliance with Applicable Laws.** Customer warrants that Customer will comply with any and all applicable U.S. federal, state and local laws, and will operate in good faith to comply with other laws and regulations and industry best practices, applicable to such party's performance hereunder, and will promptly act to correct any noncompliance once identified.

**27. General Provisions.**

- a. **Publicity.** Neither party will, without the prior written consent of the other party: (a) issue any news release, public announcement, denial or confirmation of this Agreement or its subject matter; or (b) in any manner advertise or publish the fact of this Agreement.
- b. **Disputes.** The parties will to the fullest extent practical resolve disputes through collaborative procedures. To that end, any and all disputes between the parties will be quickly addressed to prevent such disputes from causing contractual or performance problems.
- c. **Assignment.** Customer will not assign any of its rights under this Agreement, voluntarily or involuntarily, whether by merger, consolidation, dissolution, operation of law or any other manner. Any purported assignment of rights in violation of this Section is null and void.
- d. **Enforceability.** If any provision of this Agreement is held invalid, illegal or unenforceable, the validity, legality or enforceability of the remaining provisions will, to the extent of such invalidity, illegality, or unenforceability, be severed, but without in any way affecting the remainder of such provision or any other provision contained herein, all of which will continue in full force and effect.
- e. **No Waiver.** Waiver or failure by Harris to enforce any of the terms or conditions hereunder or the delay in exercise of any of its remedies or any terms or condition herein, will not be a future waiver of any such right, or be a waiver of any other term, condition or remedy contained herein.
- f. **Headings.** Headings in this Agreement are provided for the convenience only and do not affect this Agreement's construction or interpretation.
- g. **Orders Issued under Government Prime or Subcontracts.** In the event this Agreement relates to a U.S. federal government prime contract or subcontract, nothing contained in this Agreement will be construed to authorize the waiver of any provision of law as prescribed in Federal Acquisition Regulation (FAR) Part 12, or terms as set forth in the current version of FAR 52.244-6, Subcontracts for Commercial Items, if applicable.
- h. **Notices.** All notices must be in writing and will be effective when received by (1) personal delivery, (2) registered, certified, or nationally recognized overnight mail, proof of receipt requested, and (3) facsimile, if confirmed within three (3) business days by one of the other methods herein, at the addresses or facsimile numbers indicated or to such other addresses or facsimile numbers as the parties may specify by giving notice pursuant hereto. A copy of all notices must be sent to Harris Corporation, PO Box 37, Mail Stop: R5/11A, Melbourne, FL 32902, Attention: Contracts Manager, or email to [wpq@harris.com](mailto:wpq@harris.com).
- i. **English Language.** The parties confirm that it is their wish that this Agreement, as well as any other documents relating hereto including notices, have been and will be drawn up in English only.
- j. **GSA.** All purchase orders issued under the General Services Administration (GSA) Schedule #GS-35F-0283J are subject to the GSA Terms and Conditions which will supersede all other terms and conditions provided.

k. **Survivability.** The following provisions shall survive the completion or termination of this Agreement: Section 3 (Restricted Use), Section 11 (Limited Warranty), Section 13 (Software License), Section 15 (Intellectual Property Indemnification), Section 19 (Export and Re-export Restrictions), Section 21 (Limitation of Liability), Section 22 (Applicable Law, Venue and Jurisdiction), Section 23 (Jury Waiver), and Section 27 (General Provisions).

**28. Entire Agreement.** The Agreement supersedes all previous proposals, negotiations, conversations, and understandings, whether oral or written, and constitutes the sole and entire agreement between the parties pertaining to the subject matter hereof. No modification or deletion of, or addition to these terms, will be binding unless made in writing and signed by duly authorized representatives of both parties.

**Harris GCSD**

Ms. Jessica Price  
ACLU of Southern California  
1313 West 8<sup>th</sup> Street  
Los Angeles, CA 90017

Re: ACLU Public Records Act Request

Dear Ms. Price:

Enclosed with this letter are additional records of the Anaheim Police Department ("APD") responsive to the ACLU's July 2014 Public Records Act request, the existence of which only recently came to my attention. These are not records that were previously withheld under claim of exemption or privilege, but rather records that were not discovered when the APD previously searched for responsive materials.

It appears that these materials were not initially found for two primary reasons. First, the majority of these documents are comprised of e-mails that were archived by an APD employee. These were overlooked because the APD's retention policies normally have e-mails automatically delete after thirty (30) days, but permission to archive the emails had been given in this instance. Second, almost all of the other documents relate to a surveillance device commonly referred to as a "DRT" that is not currently used and has not been used by the APD for years. When records were previously searched, the APD looked for records related to its current surveillance equipment, *i.e.*, the equipment specified by name in the ACLU's request. Upon realization that the DRT likely falls within the broad ambit of the subject PRA request, we determined that these materials should also be produced.

The new materials are bates labelled A0136-466 consecutively with the documents previously provided. Moreover, we are separately providing the enclosed production of duplicate e-mails and incomplete drafts separately labelled with the prefix "D," although the final versions of all such documents are within the main production.

A number of the enclosed records contain redactions made on the following grounds:

- (1) Information that was not sought by the ACLU's request [A0137-141, D067];
- (2) Taxpayer identification numbers and bank account numbers for government contractors were redacted on grounds of financial privacy [A0169, A0212, A0342, A0394, A0408, A0412 and A0434] and personal cell phone numbers were redacted on grounds of privacy [A0192, A0237, A0275-76, A0288, A0299, A0320, A0329, A0444-45, D002 and D007];
- (3) All other redactions were for intelligence information or tactics/security procedures of the Anaheim Police Department, which information is exempt from disclosure under Government Code §§ 6254(f) and 6255 and Evidence Code §§ 1040(b)(2) and 1041(a)(2). With respect to a few of the documents in this category, i.e. A0256-72, the redactions also concern technical details of technology that may be subject to the non-disclosure provisions of the International Traffic in Arms Regulations (ITAR), 22 C.F.R. Parts 120-130.

Please contact me if you have questions or wish to discuss any of the above.

Sincerely,

Michael R.W. Houston, City Attorney

City of Anaheim  
**POLICE DEPARTMENT**  
Investigations Division

**To:** Chief John Welter  
**From:** Captain Joe Reiss  
**Date:** December 1, 2008  
**RE:** **Digital Receiver Technology (DRT)**

The Anaheim Police Department Crime Task Force conducts complex investigations on a regular basis that often includes utilizing cellular phone technology. CTF Investigators have arrested hundreds of felony suspects ranging from homicide, armed robbery, kidnap, and rape to grand theft, using cellular phone technology. Consequently, CTF Investigators have spent countless hours analyzing data received from the cellular phone companies and conducting surveillance to determine a suspect's pattern or approximate location.

Within the past year, CTF Investigators have gained recognition throughout Orange and Riverside Counties for their expertise in cellular phone technology, and more importantly, their ability to locate and apprehend dangerous fugitives. As a result, many local agencies have called upon CTF to assist in their investigations, even when the cases have no nexus to the city of Anaheim. [REDACTED]

During a typical investigation, CTF investigators draft a court order requesting [REDACTED]

Once the order is completed and signed by the Judge, [REDACTED]

After a court order is drafted  
and signed by a Judge,

[REDACTED]

The DRT [REDACTED] comes with the following equipment: a two year warranty, four days of on-site training at the Anaheim Police Department, and free software upgrades, for a total of \$182,680.00 (refer to attached quote from DRT, Inc. for a complete list):

1. DRT1201B [REDACTED] including a Dell 8600 laptop computer. [REDACTED]
2. DF20C-1 [REDACTED]
3. DRT/TK-1A [REDACTED]
4. All wires, additional antennas, and necessary accessory kits are included as well.

In conclusion, the DRT receiver would make the Anaheim Police Department a leader in cellular phone tracking technology throughout the State of California. It will provide investigators the ability to utilize cutting-edge technology to conduct criminal investigations and arrest dangerous fugitives who would have otherwise never been apprehended. Furthermore, it would help reduce the amount of overtime spent on surveillance, reduce the amount of time spent working criminal cases.

The Anaheim Police Department Crime Task Force conducts complex investigations on a regular basis that often includes utilizing cellular phone technology. CTF Investigators have arrested hundreds of felony suspects ranging from homicide, armed robbery, kidnap, and rape to grand theft, using cellular phone technology. Consequently, CTF Investigators have spent countless hours analyzing data received from the cellular phone companies and conducting surveillance to determine a suspect's pattern or approximate location.

Within the past year, CTF Investigators have gained recognition throughout Orange and Riverside Counties for their expertise in cellular phone technology, and more importantly, their ability to locate and apprehend dangerous fugitives. As a result, many local agencies have called upon CTF to assist in their investigations, even when the cases have no nexus to the city of Anaheim. Cases involving cellular phones have risen dramatically in the past two years; [REDACTED]  
[REDACTED]  
[REDACTED]

During a typical investigation, CTF Investigators write a court order requesting [REDACTED] information, [REDACTED]  
[REDACTED] Once the order is completed and signed by the Judge, [REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]

The DRT [REDACTED] comes with the following equipment, a two year warranty, four days of on-site training at the Anaheim Police Department, and free software upgrades, for a total of \$182,680.00 (refer to attached quote from DRT, Inc. for a complete list):

1. DRT1201B [REDACTED] including a Dell 8600 laptop computer, [REDACTED]

2. DF20C-1 [REDACTED]
3. DRT/ITK-1A [REDACTED]
4. All wires, additional antennas, and necessary accessory kits are included as well.

As cellular technology advances and becomes more complex, DRT continually provides software upgrades to keep its receivers up to date. In approximately two years, DRT will produce its third generation equipment which will accommodate the newest upcoming cellular technologies available. [REDACTED]

According to DRT, once the third generation hardware is released, they will give us a credit for our second generation machine. For example, DRT estimates the third generation receiver package will cost approximately \$250,000.00 or more to purchase brand new. However, DRT will give us credit for our machine, which will allow us to upgrade to the third generation equipment for approximately \$70,000.00 - \$80,000.00.

The DRT receiver is an invaluable tool that will allow the Anaheim Police Department to utilize cutting-edge technology in order to rapidly [REDACTED] apprehend dangerous fugitives or [REDACTED]

In conclusion, the DRT receiver would make an invaluable addition to the Anaheim Police Department because it will allow us to utilize cutting-edge technology to locate and apprehend dangerous fugitives. Furthermore, it would help reduce the amount of overtime spent on surveillance, reduce the amount of time spent working cellular phone

cases,

I believe the DRT receiver will more than pay for itself, and future upgrades, because it would be used on a regular basis to assist any unit within the APD and other agencies around Orange County.

**Subject:** RE: Cell Phone Technology

Mark.... to answer your questions

1. we already pay for officers to help other agencies and often we are reimbursed by the Feds because they go under the US Marshalls cross designation to hunt the bad guys down.... pls let Santa Ana know we would help out those who ask....

2. the third generation is just something they talk about...we don't have to buy it or use it until our obligations are up with UASI ...then we could upgrade and get the discount.....

There is no tool out there better to track down terrorists then this tool.....

---

**From:** Mark Cyprien  
**Sent:** Monday, February 02, 2009 3:24 PM  
**To:** Ben Hittesdorf  
**Cc:** Craig Hunter; Joe Reiss; Chad Meyer  
**Subject:** Cell Phone Technology

I'm researching the Digital Receiver Technology (DRT) under the premise that it will be used by our Intel Unit creating the nexus to terrorism. This would allow UASI funds to be used. Under the Authorized Equipment List (AEL) this device might qualify under the surveillance equipment or GPS guidelines. A few things to consider should we go down this road are as follows:

1. If UASI funds are used, the equipment has to be accessible to the entire Urban Area, which in this case is all of Orange County. After reading Chad Meyer's memo it sounds like this equipment takes specific training. Will Anaheim pay for the costs of the investigator(s) needed if another agency requests the use of the DRT? If purchased, it's not something we would advertise but Santa Ana will be in on the decision process and will know about it upfront. The memo stated many agencies come to Anaheim now for cell phone technology, so our agency might get numerous requests.

2. Chad also indicated in his memo that we would be looking to purchase a second generation DRT. He said third generation DRT technology is a few years away and the company would give us a credit if we turned in the older equipment and upgraded. If UASI funds are used we must keep the equipment purchased until the grant is closed and monitored, which is approximately 5 years. Grants close after 3 years but the monitoring is usually several years later.

I don't know if these issues will cause any problems, but I want to make sure we address them before I go any further.

Thanks,

A0154

City of Anaheim  
POLICE DEPARTMENT  
Investigations Division

**To:** Dave Morgan, City Manager  
**From:** John Welter, Chief of Police  
**Date:** April 6, 2009  
**RE:** Covert Purchase Request

The Police Department desires to use UASI grant dollars to purchase covert surveillance equipment. The high tech equipment will be an Orange County asset that allows Law Enforcement to conduct covert surveillance with court approval. If information on how this device operates were to become public it would give individuals the necessary knowledge on how to defeat the device, thus compromising numerous investigations.

The cost of the equipment is \$239,000. This is a sole source purchase as there are no current competing technologies, manufactures or suppliers.

APPROVED BY:

  
John Welter, Chief of Police

  
Dave Morgan, City Manager

**Sent:** Tuesday, July 21, 2009 9:11 AM  
**To:** Jocelyn Tingley  
**Subject:** DRT & Fireview Status

Hi Jocelyn,

DRT Status: the equipment should be arriving in September and once we receive it, we will pay for it.  
Fireview Status: Currently pending direction from the state reference the PB or Liability Insurance. Once we hear from them, we can move forward with the project.

Let me know if you need anything else.

Thanks,

K

Christopher Teabo, Marketing Manager  
Digital Receiver Technology, Inc  
20250 Century Blvd, Suite 300  
Germantown, MD 20874

Dear Christopher Teabo:

Due to DRT's delay in delivery of the DF280 [REDACTED]  
[REDACTED] DRT has agreed to deliver to Anaheim the  
DRT1183C-033 [REDACTED] the DRT9955B-1 [REDACTED]  
[REDACTED] and a loaner DF antenna (no charge) for use until the DF280 arrives.  
The City of Anaheim, from the Urban Area Security Initiative (UASI) 2007  
award, agrees to pay for the DRT1183C-033 [REDACTED] (\$182,510) and the DRT9955B-  
1 (\$16,700) upon delivery.

DRT agrees to send the DF280 (\$19,995) upon its completion to the City of  
Anaheim in return for the DF loaner and the last payment of \$19,995. DRT also  
agrees, along with the DF280, to send the City of Anaheim the appropriate CD  
ROM necessary to access the full capability of the DRT1183C-033 [REDACTED]  
[REDACTED] (at no charge).

Due to the closure of the Grant, the City of Anaheim expects delivery of the  
DF280 (800MHz-3GHz [REDACTED]) on or before  
February, 16 2010.

If you have any questions or concerns, please call me at 714-765-3879.

Sincerely,

Ben Hittesdorf, Lieutenant  
Homeland Security Bureau

Dear Ms. Bardwell,

Attached is the Environmental and Historical Preservation screening memo for the Digital Receiver Technology (DRT). This project includes; [REDACTED]

The Digital Receiver Technology (DRT) is an invaluable tool that will allow the Anaheim Police Department Intelligence Unit to utilize cutting-edge technology in order to rapidly locate and apprehend dangerous terrorists or locate persons of interest who may pose a threat to national security.

[REDACTED]

The project manager for this project is Inv. Ryan Tisdale. He can be reached at 714-765-3838 or by email at [rtisdale@anaheim.net](mailto:rtisdale@anaheim.net)

Will ground disturbance be required? ☐ Yes ☐ No

If yes, please give total extent (depth, length, and width) \_\_\_\_\_

Has the ground been previously disturbed? ☐ Yes ☐ No

Please describe previous ground disturbing activities (e.g., parking lot, farming, commercial development, etc.): \_\_\_\_\_

Will any equipment or structures need to be installed? ☐ Yes ☐ No

If yes, please explain how and where this is proposed to be done (*please include site-specific photographs, and attach additional pages, if needed*): \_\_\_\_\_

Please state the date of construction of the building(s) or structure(s) (e.g., bridge) involved in the proposed project: \_\_\_\_\_

**Project Type:** ☐ **New installation/construction/renovation (i.e., emergency operations centers, docks, piers, security guard buildings, etc.)**

Project Location (*physical project address or latitude/longitude of project location*): \_\_\_\_\_

Color site photos and other visual documentation (i.e., maps, technical drawings) attached? ☐ Yes ☐ No

Will ground disturbance be required? ☐ Yes ☐ No

If yes, please give total extent (*depth and length*): \_\_\_\_\_

Has the ground been previously disturbed? ☐ Yes ☐ No

Please describe previous ground disturbing activities (e.g., parking lot, farming, commercial development, etc.): \_\_\_\_\_

Will any equipment or structures need to be installed? ☐ Yes ☐ No

If yes, please explain how and where this is proposed to be done (*please include site-specific photographs, and attach additional pages, if needed*): \_\_\_\_\_

Please state the date of construction of the building(s) or structure(s) (e.g., bridge) involved in the proposed project: \_\_\_\_\_

**Project Type:** ☐ **Renovations/upgrades/modifications to structures 50 years old or older**

Project Location (*physical project address or latitude/longitude of project location*): \_\_\_\_\_

Color site photos and other visual documentation (i.e., maps, technical drawings) attached? ☐ Yes ☐ No

Will ground disturbance be required? ☐ Yes ☐ No

If yes, please give total extent (*depth and length*): \_\_\_\_\_

Has the ground been previously disturbed? ☐ Yes ☐ No

Please describe previous ground disturbing activities (e.g., parking lot, farming, commercial development, etc.): \_\_\_\_\_

Will any equipment or structures need to be installed? ☐ Yes ☐ No

If yes, please explain how and where this is proposed to be done (*please include site-specific photographs, and attach additional pages, if needed*): \_\_\_\_\_

Please state the date of construction of the building(s) or structure(s) (e.g., bridge) involved in the proposed project: \_\_\_\_\_

**Project Type:** ☐ **Communication towers, related equipment, and equipment shelters**

Project Location (*physical project address or latitude/longitude of project location*): \_\_\_\_\_

Color site photos and other visual documentation (i.e., maps, technical drawings) attached? ☐ Yes ☐ No

Please state the total height ( in ft.) of the tower or structure, including any antennae to be mounted: \_\_\_\_\_

If the proposed tower height is greater than 199 feet above ground level, please state why this is needed to meet the requirements of the project: \_\_\_\_\_

Will the tower be free-standing or require guy wires? ☐ Free standing ☐ Guy wires

If guy wires are required, please state how many: \_\_\_\_\_

Please state why a guyed tower is needed to meet the requirements of this project: \_\_\_\_\_

Has an FCC license been obtained for this tower? ☐ Yes ☐ No License #: \_\_\_\_\_

If yes, please attach all relevant environmental documentation submitted as part of the licensing process, including use of the Tower Construction Notification System (TCNS), if applicable.

Will ground disturbance be required? ☐ Yes ☐ No

If yes, please give total extent (*depth and length*): \_\_\_\_\_

Has the ground been previously disturbed? ☐ Yes ☐ No

Please describe previous ground disturbing activities (e.g., parking lot, farming, commercial development, etc.): \_\_\_\_\_

Will any equipment or structures need to be installed? ☐ Yes ☐ No

If yes, please explain how and where this is proposed to be done (*please include site-specific photographs, and attach additional pages, if needed*): \_\_\_\_\_

Please state the date of construction of the building(s) or structure(s) (e.g., bridge) involved in the proposed project: \_\_\_\_\_

**Project Type:** ☐ Other ground disturbing activities (i.e., trenching, excavation, etc.)

Project Location (*physical project address or latitude/longitude of project location*): \_\_\_\_\_

Color site photos and other visual documentation (i.e., maps, technical drawings) attached? ☐ Yes ☐ No

What type of ground disturbance is needed and why (i.e., *utility trenching, etc.*)? \_\_\_\_\_

Please give the total extent of ground disturbance required (*depth and length*): \_\_\_\_\_

Has the ground been previously disturbed? ☐ Yes ☐ No

Please describe previous ground disturbing activities (e.g., parking lot, farming, commercial development, etc.): \_\_\_\_\_

Will any equipment or structures need to be installed? ☐ Yes ☐ No

If yes, please explain how and where this is proposed to be done (*please include site-specific photographs, and attach additional pages, if needed*): \_\_\_\_\_

Please state the date of construction of the building(s) or structure(s) (e.g., bridge) involved in the proposed project: \_\_\_\_\_

**Project Type:** ☐ Training and exercises

Project Location (*physical project address or latitude/longitude of project location*): \_\_\_\_\_

Is the training field-based or classroom-based? ☐ Field-based ☐ Classroom-based

Will field-based training take place at an approved facility (i.e. existing facilities, with established and approved procedures, and that conform with existing land use designations)? ☐ Yes ☐ No

*If training is classroom-based or taking place at an approved facility, no further information is required. If field-based and not at a previously approved facility, please provide the following:*

Color site photos and other visual documentation (i.e., maps, technical drawings) attached? ☐ Yes ☐ No

Will ground disturbance be required to prepare the training site? ☐ Yes ☐ No

If yes, please give total extent (*depth and length*): \_\_\_\_\_

Has the ground been previously disturbed? ☐ Yes ☐ No

Please describe previous ground disturbing activities (e.g., parking lot, farming, commercial development, etc.): \_\_\_\_\_

Will any equipment or structures need to be installed to facilitate training? ☐ Yes ☐ No

If yes, please explain how and where this is proposed to be done (*please include site-specific photographs, and attach additional pages, if needed*): \_\_\_\_\_

Please describe the scope of the proposed training (purpose, frequency, facilities/location needed, materials and equipment needed, number of participants, and type of activities required) (*Attach additional pages, if needed*): \_\_\_\_\_

Does the training exercise differ in any way (frequency, amount of facilities/land used, materials or equipment used, number of participants, type of activities, etc.) from previously approved, permitted training exercises and training practices? ☐ Yes ☐ No

If yes, please explain any differences, and the reason for them, in detail (*Attach additional pages, if needed*): \_\_\_\_\_

**Project Type:** ☒ Purchase of equipment (specify) Digital Receiver Technology (DRT). Total Cost \$238,385.44, AEL# 13LE-00-SURV (\$39,905.81), 04AP-02-DGPS (\$198,479.63)

Will any equipment need to be installed? ☒ Yes ☐ No

If yes, please explain how and where this is proposed to be done (*please include site-specific photographs, and attach additional pages, if needed*): Equipment installed via DRT

Please state the date of construction of the building(s) or structure(s) (e.g., bridge) involved in the proposed project: \_\_\_\_\_

**Project Type:** ☐ Other (specify) \_\_\_\_\_

Please provide a detailed project description, including where the project is proposed to take place, what steps it will consist of, and how its goals are proposed to be accomplished (*Attach additional pages, if needed*): \_\_\_\_\_

### C. CONSIDERATION OF RESOURCE IMPACTS

*The EHP review process will be greatly facilitated by comprehensive and detailed answers in this section. When completing this section, please state a specific reason [i.e., "there will be no impacts to geology and soils because this project will not involve any ground disturbance"] and cite a source [i.e., local master plan, previous environmental assessment, correspondence with US Fish and Wildlife Service, correspondence with State Historic Preservation Office, FEMA Floodplain Insurance Rate Map (FIRM), etc.] to support a response of "no impact" or "potential to impact."*

Identify potential impacts to the following resources	No Impact	Potential to Impact	Reason/ Data Source/Agency
---	-----------	---------------------	----------------------------

Noise	X		There will be no impacts to noise because this project will not involve any source of noise.
Air quality	X		There will be no impacts to air quality because this project will not involve any source of emissions into the air
Water resources, including surface water, groundwater, wetlands, coastal areas, and floodplains	X		There will be no impacts to water sources because this project will not involve any direct or indirect contact with water or watersheds
Geology and soil resources, including prime and unique farmlands and hydric soils	X		There will be no impacts to geology or soils because this project will not involve any movement or disturbance of soils or ground.
Biological resources, including general vegetation, wildlife, wildlife habitat, migratory birds, and wetland habitat	X		There will be no impacts to biological resources because this project will not involve any movement or disturbance of vegetation or wildlife.
Threatened and endangered species and critical habitat	X		There will be no impacts to threatened or endangered species because this project will not involve any direct or indirect contact with threatened or endangered species.
Cultural resources, including architectural resources, archaeological resources, and Traditional Cultural Properties	X		There will be on impacts to cultural resources because this project will be limited to [REDACTED]
Buildings or structures 50 years old or older	X		There will be no impacts to building or structures 50 years or older because this project will be limited to [REDACTED]
Socioeconomic resources, including economic development, demographics, and demand for housing and public services	X		There will be no impacts to socioeconomic resources because this project will be limited to [REDACTED]
Environmental justice	X		There will be no impacts to environmental justice because this project will be limited to [REDACTED]
Aesthetics and visual resources	X		There will be no impacts to aesthetics and visual resources because this project will be limited to [REDACTED]
Human health and safety	X		There will be no impacts to human health and safety because this project will be limited to [REDACTED]

Infrastructure, utilities, transportation and waste mgt.	X		There will be no impacts to infrastructure, utilities, transportation and waste mgt. because this project will be limited to [REDACTED] trained personnel.
Land use planning and zoning	X		There will be no impacts to land use planning and zoning because this project does not involve land, open space, zoning or built infrastructure.
Hazardous waste/contamination	X		There will be no impacts to hazardous waste/contamination because this project consisting of DRT device, [REDACTED] will be recycled, reused or disposed of following standard practices for waste management of electronics equipment at the end of the lifetime of this equipment.
Community facilities and services	X		There will be no impacts to community facilities and services because this project will not involve any direct or indirect negative impact upon facilities or services.

**D. OTHER INFORMATION** (Please answer the following questions/provide requested information.)

Are personnel preparing this form familiar with the site? ☒ Yes ☐ No

Did personnel visit site? ☒ Yes ☐ No

Is the project part of an approved plan such as a Master Plan or an Implementation Plan or any larger action with an accompanying National Environmental Policy Act (NEPA) document? ☐ Yes ☒ No (If yes, give the plan name, and please include a copy of the NEPA document)

Is the project still consistent with the approved plan? ☐ Yes ☐ No

(If no, additional EHP compliance requirements may apply.)

Is the environmental document accurate and up-to-date? ☐ Yes ☐ No

(If no, additional EHP compliance requirements may apply.)

What was the decision of the NEPA document? (Check one, and please attach):

☐ Finding of No Significant Impact (FONSI) OR

☐ Record of Decision (ROD)

Date approved \_\_\_\_\_

## You are cordially invited to attend Digital Receiver Technology, Inc.'s 6th Annual Technical Symposium

Tuesday, the 17th  
of November, 2009

### PROGRAM

7.30a	Registration
7.30a - 10.00a	Continental Breakfast
8.00a - 4.30p	Product Demonstrations
8.45a - 4.00p	Presentations: <ul style="list-style-type: none"><li>· Welcome - Acie Vickers</li><li>· DF, Tracking and Geolocation - Ground and Air Platforms</li><li>· Push-to-Talk Intercept - Advanced Processing Approaches</li><li>· Exploitation of 3G Data Services - Passive and Active Techniques</li><li>· Tactical Software Defined Radio - Handheld and Battery-Powered Technologies</li></ul>
9.15a - 4.30p	Training: <ul style="list-style-type: none"><li>· SGPR-II Hands-On Operation</li><li>· 1201B vs 1201C Hands-On Comparison</li><li>· DF100 &amp; DF240 Hands-On DF Operations</li><li>· 1201B vs 1183C Hands-On Comparison</li></ul> Classes run simultaneously throughout the day.
11.30a - 2.30p	Lunch
12.30p - 3.30p	Ice Cream Sundae Bar & Refreshments
4.30p	Conclusion of Symposium

**RSVP to Ruth Keyser at: 301.944.9498 or [rkeyser@drti.com](mailto:rkeyser@drti.com).** Please state your name, organization, phone number and whether you will join us for breakfast and/or lunch.

### HOTEL INFORMATION & RESERVATIONS

**Hilton Washington DC North/Gaithersburg**  
620 Perry Parkway  
Gaithersburg, Maryland 20877  
P 301.977.8900  
F 301.869.8597

Symposium guests are responsible for making their own hotel room reservations. DRT has reserved a block of 80 rooms for the night of November 16<sup>th</sup>, and 45 rooms for the night of November 17<sup>th</sup>. Ask for the Reservations Department at: 301.977.8900, and request the IUM (DRT) block of rooms. Guests checking out prior to the reserved checkout date will be charged a \$50 early departure fee. To avoid this fee, advise the hotel before or at check in.

You may also reserve your room online at:

[www.hilton.com/en/hi/groups/personalized/GAIGHHF-IUM-20091116/index.jhtml](http://www.hilton.com/en/hi/groups/personalized/GAIGHHF-IUM-20091116/index.jhtml)

Rooms must be booked by November 9<sup>th</sup>, 2009.

### DIRECTIONS

Northbound from I-270:

- I-270 North Frederick to Exit 11 (MD-124 Montgomery Village Ave)
- RIGHT at 2<sup>nd</sup> light onto MD-355 South (Frederick Ave)
- RIGHT at 1<sup>st</sup> light onto Perry Parkway
- Hilton approximately 1/8 mile on RIGHT

Southbound from I-270:

- I-270 South Washington to Exit 11 (MD-124 Montgomery Village Ave)
- LEFT at light heading East on Montgomery Village Ave
- RIGHT at 2<sup>nd</sup> light onto MD-355 South (Frederick Ave)
- RIGHT at 1<sup>st</sup> light onto Perry Parkway
- Hilton approximately 1/8 mile on RIGHT

You are cordially invited to attend Digital Receiver Technology, Inc.'s

**3rd Annual**

## ***Federal, State and Local Law Enforcement Roundtable Forum***

Wednesday, the 18<sup>th</sup> of November, 2009  
at DRT  
20250 Century Boulevard, Suite 300  
Germantown, Maryland 20874

### **PROGRAM**

8.00a	Registration
8.00a - 9.00a	Continental Breakfast
9.00a - 9.10a	Introductions
9.10a - 10.30a:	Morning Discussion Topic: · <i>Hand-Held Units, Simplified Configuration, 3<sup>rd</sup> Generation Hardware, Title 3 and FCC Software</i>
10.30a - 10.45a	Morning Break
10.45a - 12.00n	Continue Morning Discussion Topic
12.00n - 1.00p	Working Lunch
1.00p - 2.30p	Afternoon Discussion Topic: · <i>Customer Operation/Application History</i>
2.30p - 2.45p	Afternoon Break
2.45p - 3.50p	Recommendations For Product Improvement
3.50p - 4.00p	Closing Remarks

### **DIRECTIONS**

Northbound from I-270:

- I-270 North Frederick to Exit 15B (MD-118 S/Germantown Rd.)
- RIGHT at 2<sup>nd</sup> light onto Aircraft Dr.
- RIGHT at 1<sup>st</sup> light onto Century Blvd.
- DRT is approximately 1/2 mile on LEFT (Red DRT sign on building)

Southbound from I-270:

- I-270 South Washington to Exit 15B (MD-118 S/Germantown Rd.)
- RIGHT at 1<sup>st</sup> light onto Aircraft Dr.
- RIGHT at 1<sup>st</sup> light onto Century Blvd.
- DRT is approximately 1/2 mile on LEFT (Red DRT sign on building)

### **RSVP**

February 12, 2010  
Reference: 10T0009

ATTN: Contracting Officer

Digital Receiver Technology (DRT) is pleased to quote the following:

Item	Description	Qty.	Unit Price	Extended Price
01	DRT1000C/WPM3A [REDACTED]	2	\$20,985.00	\$41,970.00
			Total	\$41,970.00

Item 001 will be delivered 150 - 180 days after receipt of order. Shipping is FOB Origin – Freight Prepaid and Payment Terms are NET 30 Days. DRT, Inc.'s standard terms and conditions apply. Credit card purchases exceeding \$25,000 shall be subject to a three percent (3%) surcharge to defray associated bank fees incurred by DRT. This quotation is valid until 31 March 2010.

Please contact the undersigned on extension 268, if you have any technical questions. For contractual or administrative information, please contact John Zeender, on extension 392.

Sincerely,

Christopher D. Teabo  
Manager, State and Local Law Enforcement

# GOVERNOR'S OFFICE OF HOMELAND SECURITY

## Request for Project Extension

Rev. 10/16/08

**Homeland Security Grant Program FY: 2007   Grant Number: 2007-0008   FIPS# 059-95010**

### **PROJECT EXTENSION REQUEST**

**Submitted by: Lt. Ben Hittesdorf**

**Date: 3/1/2010**

**Project #: D**

**Project Title: Intel / Early Warning - Digital Receiver Technology (DRT)**

**Total Amount Allocated: \$239,000**

**Amount Expended: \$216,640.88**

**Original Performance Deadline: March 31, 2010**

**Requested Performance Extension Deadline: May 31, 2010**

#### **1) Describe the details of the project:**

The Digital Receiver Technology (DRT) is an invaluable tool that will allow the Anaheim Police Department Intelligence Unit to utilize cutting-edge technology in order to rapidly locate and apprehend dangerous terrorists or [REDACTED] persons of interest who may pose a threat to national security.

[REDACTED]

#### **2) What is the current status of the project?**

The project is waiting on the shipping of the DF280 [REDACTED]

[REDACTED]

The development of this antenna ran into delays in production at DRT. DRT issued Anaheim PD a loaner antenna free of charge until the above stated antenna arrives. A DRT representative has advised the device is ready, and is scheduled to be shipped out and received prior to the end of March.

**3) Please provide a timeline as to how you will meet the new requested performance date:**

A DRT representative has advised the device is ready, and is scheduled to be shipped out and received prior to the end of March. The City of Anaheim will then pay in full and reimbursement from the City of Santa Ana will be requested by April 1, 2010.

**4) How have you analyzed your errors in the initial timeline? What are the reasons why the project is late?**

There were no errors in the original timeline; this was a production issue on the side of the manufacture. They were unable to deliver on the date specified. They realized this and gave Anaheim PD a loaner unit so our device is operational while we are awaiting our antenna.

**5) How have you improved your planning and project management process to avoid future delays if this request is granted? What plans and documentation do you have in place to guarantee the requested deadline will be met?**

Written documentation from the manufacture will have to be implemented to insure specific dates are met regarding the procurement of equipment under development by different corporations.

**6 )List and describe all equipment with costs and AEL #s:**

Equipment & Description	Cost	AEL number
DRT 1183C-033 [REDACTED] Equipment, Law Enforcement Surveillance (RECEIVED)	\$198,479.63	13LE-00-SURV
DF280 [REDACTED] / Device, Global Positioning System (GPS)	\$21,744.56	04AP-02-DGPS
DRT9955B-1 [REDACTED] / Equipment, Law Enforcement Surveillance (RECEIVED)	\$18,161.25	13LE-00-SURV

**7) Board Approval: Staff Report for Board, or date it will be approved by board?**

Not applicable, once equipment is shipped to Anaheim, it will be paid for in full.

Reimbursement will then be sought from the State via the Sub Grantee (Santa Ana).

**Please attach an EOC, RTTAC/JRIC, Aviation, or Watercraft Request form if applicable.**

## FY08 Anaheim/Santa Ana UASI Application for Project Funding

### Introduction

This application should be used to request FY08 Anaheim/Santa Ana UASI project funding and to demonstrate how the funds will be used to enhance the capabilities of the urban area and support the National Preparedness Goal, the State's Homeland Security Strategy and the Urban Area's Homeland Security Strategy. Each project must support one of the Investment Justifications submitted by the urban area as part of their FY08 UASI Grant Application. *(A list of the Investment Justifications and strategies can be found in appendices of the FY2008 ASAUA UASI Grant Guide )*

Projects should be developed using a capabilities-based planning approach and make use of the "Target Capabilities List", keeping in mind a capability may be delivered with any combination of properly planned, organized, equipped, trained and exercised personnel that achieve the intended outcome. Just as no single agency/jurisdiction would be expected to perform every task, neither would they be expected to have sufficient levels of every capability needed for a major event. Requirements that exceed a jurisdiction's capabilities would be secured through mutual aid or formal requests for assistance from other levels of government. This concept is the basis for strengthening regional planning, coordination, and resource sharing to prepare for catastrophic events. A key factor in determining if a project will receive funding is the ability of the project to achieve a regional capability.

Using this methodology will assist the applicant in clearly defining why the capability is needed; how the capability will be used; what functions the capability will perform; who will need the capability; when the capability will be available; what key performance and other attributes comprise the capability; how the capability will be supported; what skills will be required and how we develop and deliver training to support those skills; and finally, how much will the capability cost.

Each application may support only one project. If an agency/jurisdiction wishes to submit multiple projects for funding, each project will require a separate application.

Prior to completing this application the Agency/Jurisdiction should confirm they have met all requirements necessary to be eligible to apply for UASI funds.

*( Response areas will expand to accommodate text entries)*

FY08 Anaheim/Santa Ana UASI  
Application for Project Funding

**I. Summary Information**

Grant:	Urban Areas Security Initiative (UASI)
Year:	FY08
Agency/Jurisdiction Requesting Funding:	Anaheim Police Department
Total Funding Requested:	\$ 41,970

**II. Project Description**

II.A. Provide a brief <u>summary</u> description of the project.	
Response Type	Narrative
Page Limit	<b>Not to exceed one paragraph (Font size 11 or larger)</b>
Response Instructions	This description should only be a few lines which explain the overall concept of the project
Response	<p>The Digital Receiver Technology (DRT) is an invaluable tool that will allow the Anaheim Police Department Intelligence Unit to utilize cutting-edge technology in order to rapidly locate and apprehend dangerous terrorists or locate persons of interest who may pose a threat to national security.</p> <p>This addition will allow the device to scan more channels at one time allowing the operator a wider range of possibilities for a successful capture.</p>

FY08 Anaheim/Santa Ana UASI  
Application for Project Funding

**II.B. Provide a detailed description of the project.**

Response Type	Narrative
Page Limit	<b>Not to exceed one page (Font size 11 or larger)</b>
Response Instructions	Describe the capability gap(s) this project is intended to address, the assessment, if any, used to identify the capability gaps, and why this solution was selected over other options. Provide a detailed description of the project's goals, and expected outcomes. Description should include details on how the project will be deployed (single jurisdiction, mutual aid zone, urban area) and the regional impact, if any, of the project.
Response	<p>The Digital Receiver Technology (DRT) is an invaluable tool that will allow the Anaheim Police Department Intelligence Unit to utilize cutting-edge technology in order to rapidly locate and apprehend dangerous terrorists or locate persons of interest who may pose a threat to national security.</p>  

FY08 Anaheim/Santa Ana UASI  
Application for Project Funding

### III. Strategy

III.A. Alignment with the Combined Countywide Strategy	
Response Type	Narrative
Page Limit	<b>Not to exceed ½ page (Font size 11 or larger)</b>
Response Instructions	Explain how this project supports the Urban Area's Homeland Security Strategy. Please provide relevant strategy reference numbers. <i>(Urban Area strategies are listed in the appendices of the FY08 ASUA UASI Grant Guide)</i>
Response	<p>This project supports the Combined Countywide Strategy at pg. _____, Goal# _____, Objective# _____ by (Your response here)</p> <p>Digital Receiver Technology (DRT) supports strategy reference number 2.2. (Equipment) - Assess and procure technology, including hardware and software, to provide wireless data capabilities for field units and investigators involved in terrorism investigations."</p>

III.B. Alignment with the FY08 Investment Justifications	
Response Type	Narrative
Page Limit	<b>Not to exceed ½ page (Font size 11 or larger)</b>
Response Instructions	Explain how this project supports the Urban Area's Investment Justifications (IJ). Please provide relevant IJ reference numbers. <i>(IJs are listed in the appendices of the FY2008 UASI ASUA Grant Guide)</i>
Response	<p>This project supports Urban Area Investment Justification # _____, titled _____, by (Your response here)</p> <p>Digital Receiver Technology (DRT) supports Investment Justification #4 –Enhance Information Collection, Analysis and Dissemination.</p>

FY08 Anaheim/Santa Ana UASI  
Application for Project Funding

III.C. Alignment with the National Priorities	
Response Type	Narrative
Page Limit	<b>Not to exceed ½ page (Font size 11 or larger)</b>
Response Instructions	Provide the National Priority(ies) this project supports. Response should include a detailed description how the project supports the National Priority(ies) selected. <i>(National Priorities are listed in the appendices of the FY2008 ASUA UASI Grant Guide)</i>
Response	<p>This project supports National Priority #_____, titled _____, by (Your response here)</p> <p>This project supports Overarching Priority; Implement the Interim National Infrastructure Protection Plan. This technology will strengthen our ability to gather information to protect high priority critical infrastructure and public transit systems.</p>

III.D. Target Capability support	
Response Type	Narrative
Page Limit	<b>Not to exceed one paragraph (Font size 11 or larger)</b>
Response Instructions	Provide the primary Target Capability the project is designed to support. <i>(Target Capabilities are listed in the appendices of the FY2008 ASUA UASI Grant Guide)</i>
Response	<ul style="list-style-type: none"> <li>• Critical Infrastructure Protection</li> </ul> <p>DRT will provide information and intelligence gathering to achieve coordinated awareness of, prevention of, protection against, a threatened terrorist attack. Currently, the Anaheim Police Department is one of a handful of cities in Orange County that supports an Intelligence Unit. As a result, the Anaheim PD Intelligence Unit routinely assists other cities with investigations related to terrorism and criminal activity that is directly related to the financial support of terrorism.</p>

In reply please refer to:  
Quotation No. 10T0038

ATTN: Contracting Officer

Dear Sir or Madam,

Digital Receiver Technology (DRT) is pleased to quote the following:

Item	Description	Qty.	Unit Price	Extended Price
001	DRT1000C/WPM3A [REDACTED]	Each	\$20,985.00	
				Total Price

Item 001 will be delivered 120 - 180 days after receipt of order. Shipping is FOB Origin -- Freight Prepaid, and Payment Terms are NET 30 Days. DRT, Inc.'s standard terms and conditions apply. Credit card purchases exceeding \$25,000 shall be subject to a three percent (3%) surcharge to defray associated bank fees incurred by DRT. This quotation is valid until 30 November 2010.

Please contact the undersigned on extension 268, if you have any technical questions. For contractual or administrative information, please contact John Zeender, on extension 392.

Sincerely,

Christopher Teabo  
Marketing Manager

**Subject:** DRT Training  
**Attachments:** DRT Flyer 2010 Symposium.pdf

Hi Rosa,

I am sending you information on a DRT Training Symposium that two of our investigators and their Lieutenant would like to attend in November. The training is updated training for the DRT device we purchased as part of the 2007 DRT Project. It sounds like it is very good training and would be very beneficial if able to attend. Please let me know if this is something you think we would be able to get a tracking number for. If you have any questions please let me know.

Thanks,

Ryan

[REDACTED] Our records indicate that you received some of the affected units. For a list of your units and modules affected by this problem please contact DRT Customer Support at [help@drti.com](mailto:help@drti.com) or call 1-866-347-8269.

Please note that the repair of this latent defect is an OPTION that you may exercise at your discretion if your [REDACTED] are not operating properly. Hardware shipped with software version 5.6 or greater will be defect-free. This defect will not be present in all units, so if your system does not display the symptoms described above it may not need any repair. Defective units and modules must be returned to our factory for repair.

DRT has developed a test procedure to precipitate a high percentage (>90%) of this latent defect in the field. To accurately identify 100% of the units with this defect, units will need to be tested during cold temperature cycling (down to as low as -20 Degrees C). DRT is offering three alternatives to identify units with this defect and we hope that you will take advantage of them:

1. DRT personnel can be made available to visit your site and test your inventory of [REDACTED]. This option will not include cold temperature testing.
2. DRT will make the test software, detailed procedure and an Applications Note available for you to perform this test and identify faulty units yourself. This option will not include cold temperature testing.
3. You may return your units to DRT and we will test and repair the units at our facility and return them to you. This option will include cold temperature testing.

To arrange for the return and repair of your units, please contact DRT Customer Support at [help@drti.com](mailto:help@drti.com) or call 1-866-347-8269.

For further details about the symptoms, the root causes, and the corrective actions you may also contact DRT Customer Support.

DRT is dedicating its production resources to complete the repair within 15 business days of receiving your units. These units will be expedited through the repair process using a red-tag system.

DRT sincerely regrets any inconvenience this problem may cause you, and we intend to implement this recovery plan with minimum disruption to your operations.

FY07 Anaheim/Santa Ana UASI  
Application for Project Funding

**VII. Project Management**

Describe the management team that is directly responsible for the implementation of this project. Specifically, describe any key project roles and responsibilities, structures, and subject matter expertise required by this project, including at least the project manager and the contract structure. An organizational chart may be included.

The Anaheim Police Department has placed Investigator Meyer and Investigator Tisdale with the responsibility for the implementation of this project. As project managers they will be responsible for the overall implementation and coordination that will include scheduling demonstrations, facilitation meetings with agency and County representatives as needed, and completing the procurement process for implementation.

FY07 Anaheim/Santa Ana UASI  
Application for Project Funding

**VIII. Project Challenges**

List and describe up to five potential challenges to the effective implementation of this project. For each identified challenge, provide a brief description of how the challenge will be mitigated and include the probability of occurrence (high, medium, low), and level of impact should it occur (high, medium, low).

**Challenge #1 Participation**

**Probability:** Medium

**Impact:** Low

**Description of challenge:**

Due to the City's potentially lengthy procurement process, a delay in procurement of the items requested is listed.

**Mitigation Strategy:** Project managers will work closely with the City's Purchasing department to monitor the procurement and installation process.

**Challenge #2**

**Mitigation Strategy:**

**Challenge #1**

**Probability:**

**Impact:**

**Description of challenge:**

**Mitigation Strategy:**

**IX. Impact (Performance Measures)**

What outcomes will indicate this project is successful and how will the impact be measured? Response should include details on what capability(ies), task(s) or proficiency(ies) was established or enhanced.

Once the equipment is in place, the outcomes that will indicate the success of the project will include; the ability for the Anaheim Police Department's Criminal Intelligence Unit to utilize cutting edge technology to locate and apprehend terrorists. Furthermore it would help reduce the amount of time spent on surveillance, reduce the amount of time spent working cellular phones, thus improving the Anaheim Police Departments ability to respond efficiently and effectively to any potential terrorist threat where cellular phone technology is utilized.

FY07 Anaheim/Santa Ana UASI  
Application for Project Funding

**X. Sustainability**

What is the long-term approach to sustaining the capabilities developed by this project? Response should include details on how the capability(ies) will be maintained and sustained including what funding will be used to sustain the capability.

The Anaheim Police Department has developed a Policy and Procedure for outside jurisdictions requesting DRT capability. If the request meets the criteria, the requesting jurisdiction will receive two Investigators [REDACTED] and the DRT device to assist in the investigation.

Furthermore, the DRT equipment would be [REDACTED] which the Anaheim Police Department has agreed to purchase. The [REDACTED] and all costs associated with it, will be paid for by the Anaheim Police Department. The maintenance of [REDACTED] the DRT will be the responsibility of the Anaheim Police Department.

## APPENDIX A

Sheet 1 of 1

18 of 19

## FY07 Anaheim/Santa Ana UASI

## Application for Project Funding

[illegible]

## FY07 Anaheim/Santa Ana UASI Application for Project Funding

### Introduction

This application should be used to request FY07 Anaheim/Santa Ana UASI project funding and to demonstrate how the funds will be used to enhance the capabilities of the urban area and support the National Preparedness Goal, the State's Homeland Security Strategy and the Urban Area's Homeland Security Strategy. Each project must support one of the Investment Justifications submitted by the urban area as part of their FY07 UASI Grant Application. *(A list of the Investment Justifications and strategies can be found in appendices of the FY2007 UASI Grant Guide )*

Projects should be developed using a capabilities-based planning approach and make use of the "Target Capabilities List", keeping in mind a capability may be delivered with any combination of properly planned, organized, equipped, trained and exercised personnel that achieve the intended outcome. Just as no single agency/jurisdiction would be expected to perform every task, neither would they be expected to have sufficient levels of every capability needed for a major event. Requirements that exceed a jurisdiction's capabilities would be secured through mutual aid or formal requests for assistance from other levels of government. This concept is the basis for strengthening regional planning, coordination, and resource sharing to prepare for catastrophic events. A key factor in determining if a project will receive funding is the ability of the project to achieve a regional capability.

Using this methodology will assist the applicant in clearly defining why the capability is needed; how the capability will be used; what functions the capability will perform; who will need the capability; when the capability will be available; what key performance and other attributes comprise the capability; how the capability will be supported; what skills will be required and how we train responders; and finally, how much will the capability cost.

Each application may support only one project. If an agency/jurisdiction wishes to submit multiple projects for funding, each project will require a separate application.

**Prior to completing this application the Agency/Jurisdiction should confirm they have met all requirements necessary to be eligible to apply for UASI funds.**

*( Response areas will expand to accommodate text entries)*

Agency/ Jurisdiction:	Anaheim Police Department

### **III. Detailed Project Description**

Describe the capability gap(s) this project is intended to address and why this solution was selected over other options. Provide a detailed description of the project's goals, objectives and expected outcomes. Description should include details on how the project will be deployed (single jurisdiction, mutual aid zone, urban area) and the regional impact of project.

The Digital Receiver Technology (DRT) is an invaluable tool that will allow Anaheim Police Department Criminal Intelligence Unit and other Orange County agencies to utilize cutting-edge technology in order to rapidly locate and apprehend dangerous terrorists or locate persons of interest who may pose a threat to national security.

The Anaheim Police Department Criminal Intelligence unit conducts complex investigations on a regular basis that often includes utilizing cellular phone technology. Criminal Intelligence Investigators have spent countless hours analyzing data received from the cellular phone companies and conducting surveillance to determine a suspect's pattern or approximate location. As a result of these investigations the Criminal Intelligence Unit has gained recognition throughout Orange County for their expertise in cellular phone technology. As a result, many local agencies have called upon the Anaheim Police Department to assist in their investigations, even when the cases have no nexus to the City of Anaheim.

Currently the cell phone technology utilized by the Criminal Intelligence Unit is very complicated. [REDACTED]

Digital Receiver Technology (DRT) offers a solution to this problem. [REDACTED]

[REDACTED] which are legal and performed routinely around the United States by various law enforcement agencies. For example, if the Orange County Intelligence Assessment Center (OCIAAC) along with the Anaheim Police Department Criminal Intelligence Unit were conducting surveillance on a certain residence [REDACTED]

FY07 Anaheim/Santa Ana UASI  
Application for Project Funding

The Anaheim Police Department has already purchased a [REDACTED] out of its  
general fund [REDACTED]

FY07 Anaheim/Santa Ana UASI  
Application for Project Funding

**IV. Strategy**

Explain how this project supports the Urban Area's Homeland Security Strategy and the State's Homeland Security Strategy. Please provide relevant strategy reference numbers.  
*(Urban Area and State Strategy are listed in the appendices of the FY2007 ASUA UASI Grant Guide)*

**Urban Area Homeland Security Strategy:**

Digital Receiver Technology (DRT) supports strategy reference number 2.2. This reference number states "... (Equipment) Assess and procure technology, including hardware and software, to provide wireless data capabilities for field units and investigators involved in terrorism investigations."

**IV. (a) Strategy – FY07 Investment Justifications**

Explain which of the Urban Area's Investment Justifications (IJ) this project supports. Please provide relevant IJ reference numbers.

*(IJ's are listed in the appendices of the FY2007 UASI ASUA Grant Guide)*

Digital Receiver Technology (DRT) supports Investment Justification #4 – Enhance Information Collection, Analysis and Dissemination.

**IV. (b) Strategy – Primary Target Capability**

Provide the primary Target Capability the project is designed to support.

*(Target Capabilities are listed in the appendices of the FY2007 ASUA UASI Grant Guide)*

Digital Receiver Technology (DRT) supports Target Capability: Counter-Terror Investigations and Law Enforcement.

**IV. (c) Strategy – Target Capability Narrative**

Provide a description of how this project supports the Target Capability selected and its associated tasks.

**Function ID      Sequence**

**Task**

DRT will provide information and intelligence gathering to achieve coordinated awareness of, prevention of, protection against, a threatened terrorist attack. Currently, the Anaheim Police Department is one of a handful of cities in Orange County that supports an Intelligence Unit. As a result, the Anaheim PD Intelligence Unit routinely assists other cities with investigations related to terrorism and criminal activity that is directly related to the financial support of terrorism.

**IV. (d) Strategy – National Priorities**

Provide the National Priority(ies) this project supports. Response should include a detailed description how the project supports the National Priority(ies) selected.

*(National Priorities are listed in the appendices of the FY2007 ASUA UASI Grant Guide)*

This project supports Overarching Priority; Implement the Interim National Infrastructure Protection Plan. This technology will strengthen our ability to gather information to protect high priority critical infrastructure and public transit systems.

FY07 Anaheim/Santa Ana UASI  
Application for Project Funding

**V. Funding Plan**

Provide the total estimated cost of the project. Total shall be broken down by solution area using the following table. For each solution area selected provide a description of the planned expenditures. (note: M&A funds should not be used by sub-recipients)

Solution Area	Requested Amount
Planning	
Organization	
Equipment	239,000
Training	
Exercises	
M&A (Core Cities Only)	
<b>Project Total</b>	<b>239,000</b>

**Planning**

(Refer to the FY07 HSGP Grant Guide for allowable expenses under this solution area and include personnel costs)

Description of planned expenditures: All planning expenditures will be absorbed by the participating agency.

**Organization**

(Refer to FY07 HSGP Grant Guide for allowable expenses under this solution area and include personnel costs)

Description of planned expenditures: All planning expenditures will be absorbed by the participating agency.

**Equipment**

(Refer to the AEL for allowable expenses under this solution area and complete the Detailed Equipment Sheet. Include in the description section sufficient information to demonstrate the equipment is being used in the context in which it is on the AEL.)

Description of planned expenditures

The expenditures will include:

1. DRT 1183C-033/ [REDACTED]
2. DF280 [REDACTED]
3. DRT9955B-1 [REDACTED]

This equipment is an allowable expense under the following AEL numbers;

1. 13LE-00-SURV (Equipment, Law Enforcement Surveillance)
2. 04AP-02-DGPS (Device, Global Positioning System (GPS))
3. 13LE-00-SURV (Equipment, Law Enforcement Surveillance)

**Training**

(Refer to the FY07 HSGP Grant Guide for allowable expenses under this solution area)

Description of planned expenditures: Provided by company at no charge.

**Exercises**

(Refer to the FY07 HSGP Grant Guide for allowable expenses under this solution area and include personnel costs)

Description of planned expenditures: No expenditures will be included in this area

**Management & Administration**

(for use by core cities only) (Refer to the FY07 Grant HSGP Guide for allowable expenses under this solution area)

Description of planned expenditures: No expenditures will be included in this area.

FY07 Anaheim/Santa Ana UASI  
Application for Project Funding

**VI. Milestones**

Provide up to 10 specific milestones for the project, including a description and start and end dates. Descriptions should include details of the activities to be performed.

**Milestone #1**

Title: Planning Meeting

Start Date: February 16, 2009

End Date: February 20, 2009

Description: Review the project specifications and receive final approval

**Milestone #2**

Title: Procurement

Start Date: April 6, 2009

End Date: April 17, 2009

Description: Complete procurement process

**Milestone #3**

Title: Training

Start Date: Continuous

End Date:

Description: Training of personnel

**Milestone #4**

Title: Project Completion

Start Date: June 1, 2009

End Date: June 1, 2009

Description: System Completely Deployed

**Milestone #5**

# **ANAHEIM POLICE DEPARTMENT ELECTRONIC SURVEILLANCE UNIT (ESU)**

## **ASSISTANCE TO OUTSIDE JURISDICTIONS**

The purpose of this policy is to set forth policy and procedures for responding to requests for assistance from outside jurisdictions requesting Anaheim Police Department's Electronic Surveillance Unit.

## **PURPOSE AND SCOPE**

The Anaheim Police Department's Electronic Surveillance Unit (ESU) is available to assist outside police agencies with cell phone tracking when available. ESU utilizes Digital Receiver Technology (DRT) purchased with 2008 UASI grant funds. When requested, Anaheim will provide the [REDACTED] DRT equipment and two investigators to operate the device.

## **RESPONSE PROCEDURES**

1. When an outside police agency requests ESU for assistance with an ongoing investigation, the request should be directed to Anaheim Police Department Crime Task Force Sergeant Mike Helmick (714-497-6312).
2. The CTF Sergeant will review the request and make a determination whether it meets the following criteria:
  - a. Violent felony such as murder, kidnap, rape or the case involves a terrorist related activity/event
  - b. Suspect who committed one of the aforementioned crimes is outstanding and there is a likelihood the violence will continue

3.

4. If the request is in the course of normal business hours (Tues-Friday, 0800-1800) there will not be a personnel charge associated with the request. If the request is outside of a normal workday, or during a scheduled day off, the requesting agency will incur the overtime costs of the investigators assigned,

at a rate of \$70/hour per investigator and \$84/hour for the CTF Sergeant. A minimum of two ESU investigators must respond to operate the equipment.

5. Upon deployment of the DRT and accompanying investigators, it is the requesting agency's responsibility to supply an arrest/surveillance team.
6. If multiple requests for service are fielded by the CTF Sergeant at or near the same time, priority will be given to the request which meets more of the criteria listed in # 2 of this form, or is deemed more likely to result in a successful apprehension of the suspect.
7. If while working a case the CTF Sergeant receives an additional request from an outside police agency with a higher priority, ESU will discontinue the current case and start work on the more critical case. If possible, the case discontinued will be reinitiated upon completion of the critical case.
8. The Anaheim Police Department reserves the right to make the decision on the use of the DRT equipment since it is housed and maintained by the Anaheim Police Department.
9. Employees of the Anaheim Police Department have to be trained on the use of the DRT equipment and this training is ongoing. Therefore, the DRT equipment will not be loaned to outside police agencies who do not have the necessary training to operate the equipment.

**Section 1.04.310: Purchasing Agent – Agencies Served**

The Purchasing Agent shall be responsible for procurement of all materials, supplies, and contractual services required by any and all departments of the City, except the following: Law enforcement investigation services assigned to the Chief of Police; such purchases as to which, because of their nature as related to confidential, special or covert operations of the Police Department, the public interest in maintaining confidentiality outweighs the public interest in public disclosure thereof, as determined by the Chief of Police, technical and special advisory or engineering services procured

LEGAL AUTHORITY & REQUIREMENTS 3

*- THE DRT PURCHASE WAS A COVERT PURCHASE  
NOT A SOLE - SOURCE PURCHASE .*

by the City Council; subsistence and travel expenses procured in accordance with instructions issued by the City Council; election expenses incurred by the City Clerk; library books and supplies procured by the person designated as City Librarian; data processing technical computer hardware and software leased or procured by the Data Processing Manager; special investigation services and rehabilitation services procured by the City's Risk Manager; purchases through the Stadium, Convention Center, and Golf Courses food and beverage reserve account which are approved by Convention Center, Stadium and Golf General Managers; recoverable event-related services and materials reimbursed by tenants of the Stadium and Convention Center. All services, leases or purchases by the above departments, divisions, or sections shall not exceed appropriations. (Ord. 3511-2: March 2, 1976; Ord. 4181-1: November 4, 1980; Ord. 4554-1: November 27, 1984; Ord. 4740-1: July 29, 1986; Ord. 5303-1: May 12, 1992)

**Section 1.04.311: Confidential Police Operations**

Outlines requirements for all purchases made by the Police Department for confidential, special or covert operations pursuant to the authority granted in Section 1.04.310.

## SOLE SOURCE REQUESTS

Municipal Code 1.04.270 and Council Policy 306 require Purchasing to get competitive bids on all goods and services over \$5,000. In some cases, departments request a particular service or commodity that is proprietary or available from only one source. Under those circumstances, the using department will need to supply a sole source justification to Purchasing, approved by the Department Head or Division Manger.

In most cases, items or services can be competitively bid as Council Policy 306 dictates. Many times, manufactured items can be bid through distributors, which would allow for competitive bidding. We find items/services once thought to be proprietary in nature or made by one source can now be found to have multiple sources. It is Purchasing's responsibility to make sure that all avenues are explored before a sole source is justified.

A sole source justification will require the following information:

1. The reasons why this product/service cannot be procured from any other source.
2. Why this product/service is necessary.
3. Why the particular part of the specification is required that necessitates a sole source.
4. The advantage of buying from this sole source instead of expanding the specifications to do a competitive bid.
5. Indication of what research, if any, has been done to locate competitive suppliers or equivalent products (e.g., contact company names, phone numbers and contact, when they were contacted, what they were asked, and the information that substantiated the sole source).
6. Any documentation from the manufacturer or vendor that verifies exclusivity.
7. The justification should be concurred and signed off by the department head or his/her designee.

It will be the buyer's responsibility to verify the information and let the user know if the sole source has been approved.

**Sole Source Justification Forms** are available in Purchasing. A sample is reproduced in Section 5: FORMS

### PROCUREMENTS NOT HANDLED BY PURCHASING

The following are typical, but not all-inclusive, of procurements that are not handled by the Purchasing Division:

1. Public Works contracts (i.e., construction, improvements or demolition other than maintenance and repair jobs). Refer to Charter section 1211.
2. Professional and/or Consulting Services. Refer to Council Policy 401.
3. Purchase or disposition of real estate.
4. Confidential or covert items for the Police Department (Refer to code 1.04.311).
5. Subsistence and travel expenses.
6. Election expenses.
7. Library books and supplies
8. Investigative and rehabilitation services procured by the Risk Manager, Fire Chief or Chief of Police.
9. Purchases through the Convention Center and Golf Courses food and beverage accounts.
10. Recoverable event-related services and materials, which are reimbursed by tenants.
11. Procurement of electric power and water.
12. Insurance premiums.

## RRKB Integrated Display Page: AEL & SEL

### Law Enforcement Equipment>>Equipment, Law Enforcement Surveillance

#### GENERAL

**AEL / SEL Number:** 13LE-00-SURV

**Title:** Equipment, Law Enforcement Surveillance

**Description:** Surveillance equipment and related accessories, including but not limited to: audio, data, and visual equipment. Includes electronic equipment such as Pen registers (equipment capable of capturing incoming and outgoing phone numbers, along with the duration of calls, without listening to the actual conversations). Also includes equipment designed to extract information from personal digital assistants (PDAs) and cellular devices such as cellular phones and messaging devices.

#### Operating Considerations

**(Recommendations from IAB — NOT DHS requirement or part of DHS grant guidance):** Use is subject to the prohibitions contained in Title III of the Omnibus Crime and Control and Safe Streets Act of 1968 (the "Wiretap Act"), 18 U.S.C. 2510-2521. Other federal/state/local regulations.

*This item is part of both the AEL and SEL.*

**Training Requirements (Recommendations from IAB — NOT DHS requirement or part of DHS grant guidance):** Core

Training: Manufacturer's Specifications

Initial Training: Extensive (> 2 days)

Sustainment Training: Extensive (> 2 days)

#### GRANT ALLOWABILITY

**State Homeland Security Program / Urban Area Security Initiative (SHSP/UASI):** YES

**Law Enforcement Terrorism Prevention Program (LETPP) or 2008 SHSP/UASI 25% Quota:** YES

**Metropolitan Medical Response System (MMRS):** NO

**Citizen Corps Program (CCP):** NO

**Emergency Management Performance Grant (EMPG):** NO

**Chemical Sector Buffer Zone Protection Program (Chem-BZPP) (2006 Only):** YES

**Buffer Zone Protection Program (BZPP):** YES

**Transit Security Grant Program (TSGP):** YES

**Port Security Grant Program (PSGP):** YES

**Intercity Bus Security Grant Program (IBSGP):** NO

**Urban Areas Security Initiative-Nonprofit Security Grant Program (UASI-NSGP):** NO

**Public Safety Interoperable Communications (PSIC):** NO

**Emergency Operations Center Grant Program (EOC):** NO

#### Notes:

Use is subject to the prohibitions contained in Title III of the Omnibus Crime and Control and Safe Streets Act of 1968 (the "Wiretap Act"), 18 U.S.C. 2510-2521.

#### PREVIOUS NUMBERING

Application Systems and Software>>Position Locating Systems>>Device, Global Positioning System (GPS)

### GENERAL

**AEL / SEL Number:** 04AP-02-DGPS

**Title:** Device, Global Positioning System (GPS)

**Description:** Global Positioning System (GPS) receiving device, including self-contained handhelds, mobile mounted systems, and accessory devices to enable computers and communications devices.

#### Important Features

(Recommendations from IAB — NOT DHS requirement or part of DHS grant guidance): Differential GPS (DGPS) compatible.  
Wide Area Augmentation System (WAAS) enabled.

#### Operating Considerations

(Recommendations from IAB — NOT DHS requirement or part of DHS grant guidance): Required unobstructed line of sight to satellites (not used indoors or underground).

There are several Coordinate Systems and Datum/Projections - it is critical that all involved systems (GIS, mapping, GPS receivers, etc.) are utilizing the same system AND projection.  
Coordinate Systems may include: Lat/Long, State Plane, UTM, etc.  
Consider external antenna options and live integration.  
Datum/Projections may include: NAD 27, NAD 83, WGS 84, etc.

**Training Requirements (Recommendations from IAB — NOT DHS requirement or part of DHS grant guidance):** Core  
Training: Per Manufacturer's Specifications  
Initial Training: Minimal (<1 day)  
Sustainment Training: Minimal (<1 day)

### GRANT ALLOWABILITY

State Homeland Security Program / Urban Area Security Initiative (SHSP/UASI): YES  
Law Enforcement Terrorism Prevention Program (LETPP) or 2008 SHSP/UASI 25% Quota: YES  
Metropolitan Medical Response System (MMRS): YES  
Citizen Corps Program (CCP): YES  
Emergency Management Performance Grant (EMPG): YES  
Chemical Sector Buffer Zone Protection Program (Chem-BZPP) (2006 Only): YES  
Buffer Zone Protection Program (BZPP): YES  
Transit Security Grant Program (TSGP): YES  
Port Security Grant Program (PSGP): YES  
Intercity Bus Security Grant Program (IBSGP): YES  
Urban Areas Security Initiative-Nonprofit Security Grant Program (UASI-NSGP): NO  
Public Safety Interoperable Communications (PSIC): NO  
Emergency Operations Center Grant Program (EOC): YES

Hardware>>Peripherals>>Devices, Radio Frequency Identification

GENERAL

**AEL / SEL Number:** 04HW-02-RFID

**Title:** Devices, Radio Frequency Identification

**Description:** Radio Frequency Identification Devices (RFID) and associated readers.

**Important Features**

(Recommendations from IAB — NOT DHS requirement or part of DHS grant guidance): Passive and/or active. Tag and readers.

**Operating Considerations**

(Recommendations from IAB — NOT DHS requirement or part of DHS grant guidance): Distance sensitive.  
Reference security concerns - recent articles have demonstrated RFIDs to be extremely easy to spoof.

*This item is part of both the AEL and SEL.*

## DRT1201B and DRT1202B

### DESCRIPTION

The DRT1201B provides a compact, yet powerful, surveillance capability against a variety of analog and digital wireless standards.

**DRT1202B** – DC powered-version of the DRT1201B. Same features and accessories, but DC power input replaces AC power input. AC/DC adapter included.

- Small size and low power.
- User-friendly Graphical User Interface (GUI).
- Controlled from PC using Windows 2000/XP via Ethernet Interface.

The products described in this document are subject to the export regulations of the U.S. State and Commerce Departments. An export license may be required for the sale of these products outside the United States.

DRT Proprietary – Do not copy or distribute without permission

**1122 PROGRAM PRE-AUTHORIZATION FORM - GSA****(GSA Schedule Items Only)**

1122A1 Page 1/2 (Revise 07-09)

- ☐ Counter-Drug  
☒ Homeland Security  
☐ Emergency Response

Date: 14-Dec-11

**Ordering Agency**

Agency Name: Anaheim Police Department Agency #: CA00300100  
Address: 425 S. Harbor Blvd  
City: Anaheim Zip: 92805  
POC: Investigator Ryan Tisdale  
E-Mail: rtisdale@anaheim.net  
Phone #: (714) 765-3838 Cell#: [REDACTED] Fax #: (714) 765-3805

**Ship to**

Agency Name: Anaheim Police Department  
ATTN: Chad Meyer  
Address: 425 S. Harbor Blvd  
City: Anaheim Zip: 95805

**Order Justification:**

The Anaheim Police Department desires to purchase covert surveillance equipment. This high tech equipment will be an Orange County asset that allows Law Enforcement to conduct covert surveillance with court approval. This equipment will be an upgrade to our current device. Without this upgrade to our system we will not be able to conduct covert surveillance on cell phones operating in the 4G bandwidth. Increasingly, cell phone vendors are moving all their products to the 4G bandwidth and without this upgrade we will be severely limited in our abilities.

**Selected Vendor**

Company Name: HARRIS CORP - Wireless Products Group GSA Contract #: GS - 35F-0283J  
GSA Schedule/ SIN # --- FEIN #: 04-2719777  
Address: P.O. Box 9800, M/S R5-11A  
City, State: Melbourne, Florida Zip: 32902-9800  
POC: Susan McCreery  
E-Mail: smccreer@harris.com  
Phone: (321) 309-7459 Fax: (321) 409-6975

**Selected Vendor Justification:**

HARRIS CORP is the only company who makes a system capable of conducting cover surveillance on cell phones operating in the 4G bandwidth. Increasingly, cell phone vendors are moving all their products to the 4G bandwidth and without this upgrade will be severely limited in our abilities. Secondly a competitive bidding process would allow this technology to become public record. Limiting the amount of public exposure related to this technology, law enforcement agencies throughout the country will preserve their investigative advantage over criminals and terrorist who are looking to thwart efforts to stop them.

## HARRIS GOVERNMENT COMMUNICATIONS SYSTEMS TERMS AND CONDITIONS OF SALE FOR DOMESTIC WIRELESS EQUIPMENT, SOFTWARE, AND SERVICES

**1. Definitions:** In addition to the terms defined elsewhere, the following terms used herein have the following meanings:

- a. **"Agreement"** means the instrument of contracting; such as a Purchase Order, or other such designation which these terms and conditions of sale for Wireless Equipment, Software and Services are incorporated.
- b. **"Customer"** means the purchaser of Equipment, Software, or Services from Harris.
- c. **"Date of Acceptance"** means the date when the Customer receives an Item of Equipment, Software and/or Services in an undamaged or non-defective condition.
- d. **"Environmental Laws"** means any law or regulation in any jurisdiction worldwide applicable to the Agreement and includes but it is not limited to the recycling or treatment of waste equipment including the laws implementing the WEEE Directive.
- e. **"Equipment"** means any hardware, including components, but excluding any Software or Services.
- f. **"Harris"** means Harris Corporation, acting through its Government Communications Systems.
- g. **"Maintenance Agreement"** means a separate agreement for maintenance of the items procured hereunder; such services are not included in this Agreement.
- h. **"Purchase Order"** means the Customer's purchase order as acknowledged by Harris on its standard acknowledgement form.
- i. **"Purchase Price"** means the purchase price as identified in the Purchase Order.
- j. **"Quote"** means the price quotation of Harris itemizing the purchase price and all exhibits referred to within such Quote, including but not limited to the technical proposal, technical specifications, scope of work, schedule, the Agreement and any Maintenance Agreement specifically included in the purchase price.
- k. **"Services"** means, training, maintenance support, or other services to be provided to Customer as part of the Agreement.
- l. **"Software"** means software and firmware, including all copies provided to Customer.
- m. **"WEEE Directive"** means the European Union Directive on Waste Electrical Equipment and includes any and all national laws and regulations, whether civil, criminal, administrative, in any jurisdiction giving effect to that meaning including, but limited to, statutes and subordinate legislation, ordinances permits, common law, local laws, judgments, and any notices, orders, directions, instructions or decisions of any competent authority.

**2. Restricted Use.** All Wireless Equipment and/or Software sold by Harris provides the Customer with a capability that is restricted and otherwise controlled under United States Code Title 18. Use of Equipment and/or software is strictly governed by applicable federal, state and local law associated with electronic surveillance. The Customer's obligation to protect Equipment, Software and Services information includes, but not limited to, the names of specific products, pricing, technical and performance data. The customer shall not disclose, distribute, or disseminate any information regarding Customer's purchase or use of Harris Equipment to the public in any manner including but not limited to: in press releases, in court documents and/or proceedings, internet, or during other public forums or proceedings.

The Customer warrants that it has legal authority to lawfully employ the Equipment and will do so only in such a manner and for such purposes. The Customer also warrants that it has obtained the requisite coordination for the acquisition and use of the Equipment with the appropriate U.S. Government agencies. Harris assumes no liability for any use, misuse or improper use of the Equipment and makes no representations as to Equipment suitability for any specific application. Customer shall not transfer, sell or assign the Equipment and/or Software without the prior written consent of Harris. The customer shall not in any civil or criminal proceeding, use or provide any information concerning Harris Equipment and/or Software beyond the evidentiary results obtained through the use of Equipment and/or Software without the prior written consent of Harris. The Customer shall notify Harris if it receives a request pursuant to the Freedom of Information Act (5 U.S.C. section 552) or an equivalent state or local law, the civil or criminal discovery process, or other judicial, legislative, or administrative process to disclose information regarding Harris Equipment and/or Software.

- a. In the event that any of the Equipment or Software purchased under this Agreement is lost or stolen, the Customer shall contact the Harris Help Desk at 1-800-358-5297 within 3 business days. Customer shall provide the Part Number and Serial Number of the Equipment and/or Software and a summary of facts surrounding the incident. Failure to comply with this requirement may result in Harris not accepting future orders from the Customer.

**3. Proposal/Quote Validity.** Prices quoted are valid for 180 days from the date of Quote. After the expiration of the 180-day period, Harris may modify its prices or extend the validity period.

**4. Acceptance – Modification of Terms.** The Agreement will be deemed accepted by Customer upon the first to occur of (i) Customer's issuance of the Purchase Order; or (ii) Harris' commencement of performance under the Agreement. In either such event any additional or different terms proposed by Customer are rejected unless expressly approved in writing by Harris. No communication from Customer that in any way differs from or adds to the Agreement, irrespective of whether or not Harris reasonably objects thereto, will be binding upon Harris unless such different or additional terms are agreed to in writing by both Harris and Customer.

**5. Taxes.** All prices quoted are exclusive of all applicable sales, use, excise, and other taxes, duties, fees, or charges. Unless evidence of valid tax exempt status and/or resale certificate is provided by Customer prior to shipment, Harris shall add and Customer shall pay all such applicable taxes or charges levied or imposed to the invoice for the Equipment, Software, and/or Services.

**6. Shipping and Delivery.** Unless otherwise stated in the Agreement, all prices and terms are F.O.B. Destination and include freight charges. Harris may ship Equipment in multiple lots and Customer agrees to accept such multiple shipments and pay for each lot in accordance with the payment terms set forth herein.

**7. Title and Risk of Loss.** Title to and risk of loss for Equipment and Software media sold under the Agreement will pass to Customer upon receipt of equipment.

## HARRIS GOVERNMENT COMMUNICATIONS SYSTEMS TERMS AND CONDITIONS OF SALE FOR DOMESTIC WIRELESS EQUIPMENT, SOFTWARE, AND SERVICES

### 8. Payment Terms.

- a. Payment for an invoice is due within 30 days from the date of the invoice. Late payment will accrue interest to the outstanding balance at the lower of (i) 1.5% per month, or (ii) the highest rate allowed by law.
- b. Domestic Purchase Orders (not including Maintenance Agreements) are for shipments of Equipment, Software and/or Services to be delivered or Services to be performed within the continental United States and Canada. Harris will submit an invoice within 30 days of the Date of Acceptance of an individual delivery of Equipment, Software or performance of Services as identified in the Purchase Orders.

**9. Annual Maintenance Agreement.** Upon expiration of the warranty period, Customer may execute a separate maintenance agreement with Harris for Equipment and/or Software. Such maintenance agreements are available for a percentage of the original Purchase Prices of the Equipment and/or Software. Annual maintenance agreements include:

- a. Customer telephone support during normal business hours, excluding holidays (Monday through Friday, Eastern Time).
- b. Additional 12-month warranty on Equipment, with respect to the Equipment Maintenance Agreement.
- c. For Software Maintenance Agreements Harris will provide notification of and free access to Software upgrades as defined in the maintenance agreement.

### 10. Equipment Return Policy.

- a. **Equipment Damaged in Shipment.** Upon receipt of shipments, Customer should open and inspect all boxes immediately for possible freight damage. If damage is found, Customer must notify the delivery carrier within 48 hours and request an inspection from the freight carrier. After notifying the delivery carrier of damage, Customer will promptly contact Harris for further instructions. Damaged Equipment may not be returned without Harris' prior authorization. For Equipment returned under this paragraph the Date of Acceptance shall be adjusted to reflect the date repaired or undamaged Equipment is received.
- b. **Items Shipped in Error.** If the Customer receives Equipment and/or Software in error, the Customer will promptly notify Harris and Harris will provide return instructions, pay shipping costs (provided Harris' instructions are followed) and provide a Return Material Authorization (RMA). Customer will retain the Equipment's original packing material for use in return shipment to Harris.
- c. **Defective Equipment.** Equipment is provided with either Harris' standard equipment warranty or the manufacturer's standard equipment warranty. Upon discovery of a defect or other warranty-related problem, Customer shall promptly contact Harris for warranty support. Customer agrees not to return the Equipment until a service representative has issued an RMA, including a form which Customer must fill out describing the nature of the Equipment defect.

d. **Other Reasons.** If Customer desires to return Equipment for other reasons, Customer must contact Harris for a RMA number. Harris' customer service representative will require a clear statement of the reason for the return request. Upon approval of Customer's request, an RMA will be issued. Customer will not return any Equipment without an RMA. Equipment being returned may be subject to restocking and other charges. CUSTOM MANUFACTURED OR SPECIAL ORDER ITEMS ARE NOT RETURNABLE.

e. **Upon Receipt of a Return Authorization.** RMA numbers must appear on each individual package being returned. Customer is responsible for ensuring the safe return of Equipment for the full invoice amount and all shipping costs. Harris may refuse shipments of Equipment returned without a valid RMA number. All Equipment being returned for credit must be returned in a timely manner and in good condition. If Equipment shows evidence of damage, wear and tear, or if components or accessories are missing, then Harris at its sole judgment may reduce any credit agreed to prior to receipt of the Equipment.

### 11. Limited Warranty.

a. Harris warrants the Equipment and Software ordered hereunder as of the Date of Acceptance to be substantially free from defects in material and workmanship. Harris' liability under this Limited Warranty will commence on the Date of Acceptance of the individual item of Equipment and Software and will terminate after 12 months. Written notice of any defects will be given to Harris upon discovery and Harris will promptly correct such defects by repair or replacement, at its option, without charge. Harris uses new and reconditioned parts to complete repairs and replacements under the terms of this warranty. Defective articles will not be returned to Harris without the prior written authorization of Harris. Call 1-800-358-5297 to obtain a Return Material Authorization (RMA) number. Harris will determine, in its sole discretion, existence and cause of the claimed defect. Specifically excluded from the terms of this Limited Warranty are any defects which occur as a result of:

- i. Acts of God.
- ii. Physical impact, crash or foreign object damage.
- iii. Improper installation, use, maintenance, storage, modification or alteration by the Customer or its Customer.
- iv. The Customer's (or its customer's) operation of the Equipment delivered under this Agreement with any accessory, equipment or part not specifically approved by the Harris unless the Customer furnishes clear and convincing evidence that such accessory, equipment, or part was not a cause of the defect.
- v. Normal wear and tear. (The Customer recognizes that certain parts have a limited service life and will wear out through normal use).
- vi. Equipment or Software subjected to misuse, detrimental exposure or negligence.

## HARRIS GOVERNMENT COMMUNICATIONS SYSTEMS TERMS AND CONDITIONS OF SALE FOR DOMESTIC WIRELESS EQUIPMENT, SOFTWARE, AND SERVICES

- b. Harris is not responsible under this provision for defects with respect to items not provided by Harris or its subcontractors.
- c. For purposes of Harris' warranties for Equipment and Software media, a "defect" is defined as a failure of any unit or component manufactured or supplied by Harris that is not attributable to unauthorized modification or alteration, misuse or lack of care in operation, maintenance or handling. Customer's written notice of the defect must include a description of the defect with detailed information reasonably sufficient for Harris to identify the defect and determine its probable cause. Components or parts that Customer claims to be defective must be available to Harris for inspection and testing. Customer may not return defective Equipment, components or parts without first obtaining an RMA and instructions from Harris. Customer is solely responsible for U.S. Customs and Border Protection clearance or permissions for all replacement parts.
- d. CLAIMS UNDER ANY OF THE FOREGOING WARRANTIES ARE WAIVED UNLESS MADE WITHIN THE EQUIPMENT WARRANTY PERIOD IN THE CASE OF EQUIPMENT, OR WITHIN THE SOFTWARE WARRANTY PERIOD IN THE CASE OF SOFTWARE. NO PERSON IS AUTHORIZED TO GIVE ANY OTHER WARRANTIES OR TO ASSUME ANY OTHER LIABILITIES ON HARRIS' BEHALF, UNLESS MADE OR ASSUMED IN WRITING BY A DULY AUTHORIZED REPRESENTATIVE OF HARRIS.
- e. HARRIS' LIABILITY FOR BREACH OF ANY OR ALL WARRANTIES FOR EQUIPMENT, SOFTWARE, SERVICES AND LICENSED HARRIS PROGRAMS IS EXPRESSLY LIMITED TO THE REPAIR, REPLACEMENT, OR REFUND OF THE PURCHASE PRICE OF SUCH DEFECTIVE EQUIPMENT OR SOFTWARE, LESS A REASONABLE CHARGE FOR USE. IN NO EVENT WILL HARRIS OR ITS LICENSORS BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES BY REASON OF ANY BREACH OF WARRANTY OR DEFECT IN MATERIALS OR WORKMANSHIP. HARRIS WILL NOT BE REQUIRED TO REPAIR, REPLACE, OR REFUND THE PURCHASE PRICE OF EQUIPMENT OR SOFTWARE WHICH HAVE BEEN SUBJECTED TO NEGLIGENCE, ACCIDENT, OR IMPROPER USE, OR WHICH HAVE BEEN ALTERED OTHER THAN BY AUTHORIZED HARRIS PERSONNEL.
- f. THIS WARRANTY CONSTITUTES HARRIS' SOLE AND EXCLUSIVE LIABILITY HEREUNDER AND CUSTOMER'S SOLE AND EXCLUSIVE REMEDY FOR DEFECTIVE OR NON-CONFORMING EQUIPMENT, SERVICES, AND SOFTWARE. THE FOREGOING WARRANTIES ARE IN LIEU OF ALL OTHER WARRANTIES (EXCEPT AS TO TITLE), WHETHER ORAL OR WRITTEN, EXPRESS OR IMPLIED, OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, ANY IMPLIED WARRANTY OR CONDITION OF FITNESS FOR A PARTICULAR PURPOSE, OR ANY WARRANTY OR CONDITION ARISING OUT OF COURSE OF DEALING, COURSE OF PERFORMANCE, OR CUSTOM OR USAGE OF TRADE. CUSTOMER AGREES THAT NO CIRCUMSTANCE CAUSING CUSTOMER EXCLUSIVE AND LIMITED REMEDIES TO FAIL IN THEIR ESSENTIAL PURPOSE WILL INCREASE OR EXTEND ANY HARRIS WARRANTY.
12. **Repairs.** To repair any Wireless products Equipment after the 12-month warranty has expired, Customer may call 1-800-358-5297 to obtain an RMA number and a quote for the estimated cost for repair.
- a. **Repair Policy.** To affect a repair on a Wireless Product, the Equipment and/or Software should be returned to the Harris' factory with a written description of the failure mode. Out-of-warranty repairs apply to any Equipment and/or Software whose standard 12-month warranty has expired, no Maintenance Agreement has been purchased and paid for, and/or any Equipment and/or Software damaged in a manner not covered by the standard warranty, including any defects which occur as identified under 11.a above. Equipment and/or Software should not be returned to the Harris' factory without an RMA. Call 1-800-358-5297 to obtain an RMA number.
- b. **Support Policy.** Harris provides free help desk support throughout the warranty period and Maintenance Agreement of purchased Equipment and/or Software. Technical support is available Monday through Friday, during normal business hours (Eastern Time) excluding holidays, via the help desk support center at 1-800-358-5297.
13. **Software License.**
- a. Subject to full payment of the Purchase Price by Customer, Harris grants to Customer a nontransferable (except as expressly provided herein), nonexclusive license to use the Software (software, firmware, and documentation) in connection with use of the Equipment purchased hereunder. The Software furnished with the Equipment will be of the latest generation available at the time of shipment of the Equipment. Harris is under no obligation to supply updates to the Software except where expressly agreed to by the parties in writing.
- b. This license is limited to object code programs and related documentation only and does not apply to any of the corresponding source code or program listings.
- c. Customer acknowledges that Harris (or its licensor) has valuable property rights in the Software, and the Software will continue to be the sole and exclusive property of Harris or its licensor. Customer will obtain no title or rights to the Software. All rights in patents, copyrights and trade secrets in relation to the Software will continue to be vested in Harris or its licensor.
- d. Customer will keep the Software confidential by affording access to the Software only to those of its employees, agents, or consultants having a need to know and having such individuals agree in writing to the obligations contained herein. In addition, Customer will employ its best efforts to prevent any unauthorized use, copying, publishing, reproducing, or disclosing of the Software and will treat the Software with the same care as its own confidential information.
- e. The Software may be used only in conjunction with the Equipment purchased hereunder. Customer may not rent, lease, transfer, network, display, or distribute the Software, nor may Customer reverse engineer, disassemble, decompile, modify, alter, translate, or adapt the Software or create any derivative thereof, except where expressly agreed to by the parties in writing.

## HARRIS GOVERNMENT COMMUNICATIONS SYSTEMS TERMS AND CONDITIONS OF SALE FOR DOMESTIC WIRELESS EQUIPMENT, SOFTWARE, AND SERVICES

f. Customer acknowledges that a violation of this Agreement would cause irreparable injury to Harris or its licensor, and that Harris or its licensor will be entitled, in addition to any other rights and remedies it may have, at law or in equity, to an injunction enjoining and restraining Customer from doing or continuing to do any such act and any other violations or threatened violations of this Agreement. Furthermore, Customer agrees that if Harris or its licensor should waive any breach of any provision of this Agreement, it will not thereby be deemed to have waived any preceding or succeeding breach of the same or any other provision of this Agreement. If Customer sells or otherwise disposes of Customer-owned media on which any Software is fixed, such media must be erased before any sale or disposal.

**14. Availability Discontinued/Last Time Buy.** Harris makes no representation about the continued availability of the Equipment and Software. Harris reserves the right, in its sole discretion, with or without notice, without incurring any liability to Customer or otherwise whether in contract or tort, to discontinue manufacturing or selling any Equipment and Software at any time or from time to time. Harris may within its sole discretion provide Customer with an opportunity to purchase such quantities of the Equipment or Software as Customer estimates it may need ("last time buy") within 30 days of Customer's receipt of notice from Harris. Customer's last time buy rights are limited to products available in Harris' inventory at the time of Customer's request. Harris will provide warranty services and make spare parts available to Customer for a period of one (1) year after notice by Harris to Customer that the Equipment has been discontinued or for a period of 90 days after notice to Customer that the Software has been discontinued.

### **15. Intellectual Property Indemnification.**

- a. In the event any Equipment to be furnished under this Agreement is not to be made in accordance with drawings, samples or manufacturing specifications designated by Customer, but rather is the design of Harris, Harris agrees that it will, at its own expense and at its option, defend or settle any claim, suit, or proceeding brought against Customer or any customer of Customer, based on an allegation that the Equipment furnished under this Agreement constitutes a direct or a contributory infringement of any claim of any United States patent, mask work, copyright or any other intellectual property right. This obligation will be effective only if Customer will have made all payments then due and if Harris is notified promptly of said allegation in writing and given authority, information, and assistance for the settlement or defense of said claim, suit, or proceeding. Harris will pay all damages and costs assessed in such suit or proceedings. In the event of a final adjudication by a court of competent jurisdiction that the Equipment or any part thereof infringes or violates any third party intellectual property right or if the use or sale thereof is enjoined, or if the provisions of any negotiated settlement Agreement prohibit the use of the product, Harris will at its sole option and its own expense, either
  - i. Procure for Customer the right to continue using the Equipment;
  - ii. Replace it with a substantially equivalent non-infringing equipment;
  - iii. Modify it so it becomes non-infringing but substantially equivalent; or
  - iv. If none of the above is reasonably available, terminate the Customer's right to use the Equipment and return to the Customer a pro-rata portion of the price originally paid by Customer to Harris represented by the remaining useful life of the Equipment as a percentage of the total useful life

- b. The foregoing indemnity does not apply to the following:
  - i. Infringement by a combination of Equipment furnished under this Agreement with other equipment not furnished hereunder unless Harris is a contributory infringer;
  - ii. Infringement resulting from changes or modifications made to or from the Equipment by the Customer;
  - iii. Any settlements of a claim, suit, or proceeding made without Harris' written consent; and
  - iv. Any Equipment to be furnished under this Agreement which is to be delivered to the United States Government.

c. The foregoing states the entire liability of Harris with respect to infringement or violation of third party intellectual property rights in connection with Equipment furnished under this Agreement.

d. In the event any Equipment to be furnished under this Agreement is to be made in accordance with drawings, samples or manufacturing specifications designated by Customer and is not the design of Harris, Customer will, to the fullest extent permitted by applicable law, defend and hold Harris harmless to the same extent and subject to the same requirements as set forth in (a) and (b) above. Should the Customer be the United States Government, the Customer agrees to incorporate FAR 52.227-1, Authorization and Consent, in any Purchase Order or Contract.

### **16. Technical Data and Inventions.**

- a. Unless specifically agreed to by Harris and expressly identified and priced in the Agreement as a separate item or items to be delivered by Harris, the sale of Equipment, Software and Services under the Agreement confers on Customer no right in, license under, access to, or entitlement of any kind to any of Harris' technical data including, but not limited to design, process technology, software and drawings, or to any of Harris' inventions (whether or not patentable), irrespective of whether any such technical data or invention or any portion thereof arose out of work performed under or in connection with the Agreement, and irrespective of whether Customer has paid or is obligated to pay Harris for any part of the design or development of the Equipment, Software or Services.
- b. Harris will not be obliged to safeguard or hold confidential any data whether technical or otherwise, furnished by Customer for Harris' performance of the Agreement unless (and only to the extent that) Customer and Harris have entered into a separate written confidentiality agreement.
- c. Customer will not violate Harris' copyright of documents or Software or disclose Harris' confidential or proprietary data to others without Harris' written permission.
- d. All inventions are and shall at all times remain Harris's confidential or proprietary information. All rights, title and interest in and to the inventions, including all intellectual property rights, remain vested in Harris, its suppliers or licensors, subject only to the license grant below. "Inventions" shall mean and include all ideas, concepts, know-how, techniques, inventions, discoveries, improvements, specifications, designs, methods, devices, systems, reports, studies, computer software (in object or

Page 5 of 7

source code), programming and other documentation, flow charts, diagrams and all other information or tangible material of any nature whatsoever (in any medium and in any stage of development or completion) included in or resulting from the work contemplated hereunder, that are conceived, designed, practiced, prepared, produced or developed by Harris or any of its personnel during the course of performance of any Work.

### 17. Excusable Delay.

- a. Harris will be excused from performance under the Agreement and will not be liable to Customer for delay in performance attributable, in whole or in part, to any cause beyond its reasonable control, including, but not limited to, actions or inactions of government whether in its sovereign or contractual capacity, judicial action, war, civil disturbance, insurrection, sabotage, act of public enemy or terrorism, labor difficulties, failure or delay in delivery by Harris' suppliers or subcontractors, transportation difficulties, shortage of energy, materials, labor or equipment, accident, fire, flood, storm or other act of nature, Customer's fault or negligence or where compliance with any applicable environmental law or regulation by Harris is not reasonably technologically or economically feasible, or would otherwise require Harris to change its manufacturing process.
- b. In the event of an excusable delay, Harris will make commercially reasonable efforts to notify Customer of the nature and extent of such delay and (1) Harris will be entitled to a schedule an extension on at least a day-for-day basis, and (2) if the delay is caused by Customer's fault or negligence, Harris will be entitled to an equitable adjustment in price under the Agreement.

**18. Termination.** Either party may terminate this Agreement if the other party defaults in a material respect under this Agreement and fails to cure such default within thirty (30) days after receiving written notice from the other party of such default. If Harris terminates this Agreement based on the Customer's breach, then Harris will be entitled to damages, including any lost profits Harris would have realized, had Harris been permitted to perform in accordance with the Agreement. Customer also will be liable for all costs to Harris resulting from Harris' attempt to enforce its rights hereunder, including, but not limited to collection agency fees, attorney fees, court costs, etc.

### 19. Export and Re-Export Restrictions.

- a. Customer acknowledges that the Equipment and Software sold or licensed to it by Harris under this Agreement may be subject to export controls under the laws of the United States or Canada. Customer will not export or re-export the Equipment or Software, technology, or products manufactured from the technology that are the subject of the Agreement in violation of the export control laws of the United States or Canada. Customer will, to the fullest extent permitted by applicable law defend and hold Harris harmless from and against any loss, damage, or liability arising out of Customer's failure to comply with this Section 19. The Customer will supply to the Harris on a timely basis all necessary information and documentation requested by Harris in order to permit the Harris to export the Equipment, Software and/or Services with respect to any Purchase Order issued by the Customer hereunder, in accordance with the terms of this Agreement.

- b. To the extent any technical data is exchanged between the parties, the receiving party represents and warrants that no technical data furnished to it by the disclosing party shall be disclosed to any foreign nation, firm, or country, including foreign nationals, employed by or associated with the receiving party, nor shall any technical data be exported from the United States without first complying with all requirements of the International Traffic in Arms Regulations (ITAR) or the Export Administration Regulations (EAR), including the requirement for obtaining any export license if applicable. The receiving party shall first obtain the written consent of the disclosing party prior to submitting any request for authority to export any such technical data. The receiving party will, to the fullest extent permitted by applicable law defend and hold the disclosing party harmless for all claims, demands, damages, costs, fines, penalties, attorney's fees, and all other expenses arising from failure of the receiving party to comply with this Section 19 or with the ITAR and EAR.

- c. Harris will not provide, or be responsible for obtaining any U.S. Government export licenses/approvals to provide any technical information, data or technical services to Customer or Customer's representatives, consultants or agents who are "foreign persons" as defined in the ITAR. Customer has the sole responsibility for obtaining necessary U.S. Government export licenses/approvals for any transfer of Equipment, Software or Services to Customer hereunder to Customer's representatives, consultants or agents who are such "foreign persons." Further, Harris will not be responsible for late delivery, delay or nonperformance under this Agreement due to the U.S. Government's delay or denial of any license that is Customer's responsibility to obtain.

**20. Compliance with Waste Recycling Laws.** Customer acknowledges and agrees that the supply of the Equipment by Harris to the Customer, and the resale or re-supply of the Equipment by the Customer, may give rise to obligations for Harris and the Customer under applicable environmental laws or regulations as defined herein. The Customer will be responsible for the collection, recycling, reuse and disposal of the Equipment in compliance with such Environmental Laws. "Environmental Laws" means any law or regulation in any jurisdiction worldwide applicable to the Agreement and includes but it is not limited to the recycling or treatment of waste equipment including the laws implementing the WEEE Directive as defined hereinafter. "WEEE Directive" means the European Union Directive on Waste Electrical Equipment and will include any and all national laws and regulations, whether civil, criminal, administrative, in any jurisdiction giving effect to that meaning including, but limited to, statutes and subordinate legislation, ordinances permits, common law, local laws, judgments, and any notices, orders, directions, instructions or decisions of any competent authority. Harris may arrange for services, paid for by Customer, to recycle or dispose of Harris manufactured products in compliance with the Environmental Laws. The Customer will to the fullest extent permitted by applicable law defend and hold Harris harmless against all expenses, costs, claims, liabilities or damage of any nature incurred by any of them relating to the collection, recycling, reuse and disposal of any Equipment or otherwise arising in connection with their respective obligations under the Environmental Laws, or by reason of any failure or alleged failure by the Customer to comply with its obligations under the Environmental Laws. The Customer will provide Harris

## HARRIS GOVERNMENT COMMUNICATIONS SYSTEMS TERMS AND CONDITIONS OF SALE FOR DOMESTIC WIRELESS EQUIPMENT, SOFTWARE, AND SERVICES

with such compliance plans or other documents and information that Harris may reasonably request to enable Harris and its affiliates to verify and prove to any enforcement agency the compliance by the Customer and Harris of their respective obligations under this Section and/or the Environmental Laws.

**21. Limitation of Liability.** NOT WITHSTANDING ANYTHING IN THIS AGREEMENT TO THE CONTRARY, UNDER NO CIRCUMSTANCES WILL HARRIS BE LIABLE FOR (A) ANY SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES REGARDLESS OF THE CAUSE, EVEN IF SUCH DAMAGES ARE FORESEEABLE, OR (B) LOSS OF REVENUE, LOSS OF PROFITS, LOSS OF BUSINESS OR LOSS OF USE EVEN IF HARRIS HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THIS LIMITATION WILL APPLY TO ANY CLAIM OR CAUSE OF ACTION WHETHER IN CONTRACT OR TORT (INCLUDING NEGLIGENCE, STRICT LIABILITY OR BREACH OF WARRANTY). IN NO EVENT WILL HARRIS' LIABILITY TO CUSTOMER OR ANY PARTY CLAIMING THROUGH CUSTOMER EXCEED THE ACTUAL PURCHASE PRICE PAID BY CUSTOMER FOR ANY EQUIPMENT, SOFTWARE OR SERVICES SUPPLIED HEREUNDER. THIS SECTION WILL SURVIVE THE TERM OR EXPIRATION OF THIS AGREEMENT. CUSTOMER AGREES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, TO HOLD HARMLESS HARRIS AGAINST ALL LOSS OR LIABILITY FROM CLAIMS BY CUSTOMER OR A THIRD PARTY ARISING OUT OF OR RELATING TO CUSTOMER'S INSTALLATION, OPERATION, OR USE OF THE EQUIPMENT OR SOFTWARE.

**22. Applicable Law, Venue, and Jurisdiction.** The Agreement, and any disputes related thereto, will be governed by and interpreted in accordance with the laws of the State of Florida, USA, without regard to conflict of law principles. The parties specifically exclude the application of the United Nations' Convention on Contracts for the International Sale of Goods to the Agreement, to the contractual relationship created under the Agreement, and to the construction, validity, enforcement, and interpretation of the Agreement. The parties agree that the exclusive venue for any action arising out of or related to the Agreement will be in the courts with the appropriate jurisdiction located in Brevard County, Florida, and each party irrevocably submits to the jurisdiction of each such court in any such action and waives any objection it may now or hereafter have to venue or personal jurisdiction in each such court. The prevailing party in any action related to the dispute or interpretation of the Agreement will be entitled to recover its reasonable attorneys fees incurred in pursuing the action, including those fees incurred throughout all bankruptcy and appellate proceedings.

**23. Jury Waiver.** Customer and Harris further agree, to the extent permitted by law, to waive all rights to a trial by jury of any action relating to the dispute or interpretation of the agreement, whether sounding in contract, tort, or otherwise. The parties specifically acknowledge that this waiver is made knowingly and voluntarily after an adequate opportunity to negotiate its terms and that such waiver is material consideration for the sale and purchase contemplated hereby.

**24. Assumption of Risk.** Each party hereto acknowledges (a) the risks of its undertakings hereunder, (b) the uncertainty of the benefits and obligations hereunder, and (c) its assumption of such risks and uncertainty. Each party has conducted its own due diligence and requested and reviewed any contracts, business plans, financial documents and other written material as in such party's opinion will be the basis of that party's decision to enter into the Agreement.

**25. Reliance on Counsel and Other Advisors.** Each party has consulted such legal, financial, technical or other experts it deems necessary or desirable before entering into the Agreement. Each party represents and warrants that it has read, knows, understands and agrees with the terms of the Agreement, and the Agreement will not be construed against either party as the drafter.

**26. Compliance with Applicable Laws.** Customer warrants that Customer will comply with any and all applicable U.S. federal, state and local laws, and will operate in good faith to comply with other laws and regulations and industry best practices, applicable to such party's performance hereunder, and will promptly act to correct any noncompliance once identified.

### 27. General Provisions.

a. **Publicity.** Neither party will, without the prior written consent of the other party: (a) issue any news release, public announcement, denial or confirmation of this Agreement or its subject matter; or (b) in any manner advertise or publish the fact of this Agreement.

b. **Disputes.** The parties will to the fullest extent practical resolve disputes through collaborative procedures. To that end, any and all disputes between the parties will be quickly addressed to prevent such disputes from causing contractual or performance problems.

c. **Assignment.** Customer will not assign any of its rights under this Agreement, voluntarily or involuntarily, whether by merger, consolidation, dissolution, operation of law or any other manner. Any purported assignment of rights in violation of this Section is null and void.

d. **Enforceability.** If any provision of this Agreement is held invalid, illegal or unenforceable, the validity, legality or enforceability of the remaining provisions will, to the extent of such invalidity, illegality, or unenforceability, be severed, but without in any way affecting the remainder of such provision or any other provision contained herein, all of which will continue in full force and effect.

e. **No Waiver.** Waiver or failure by Harris to enforce any of the terms or conditions hereunder or the delay in exercise of any of its remedies or any terms or condition herein, will not be a future waiver of any such right, or be a waiver of any other term, condition or remedy contained herein.

f. **Headings.** Headings in this Agreement are provided for convenience only and do not affect this Agreement's construction or interpretation.

g. **Orders Issued under Government Prime or Subcontracts.** In the event this Agreement relates to a U.S. federal government prime contract or subcontract, nothing contained in this Agreement will be construed to authorize the waiver of any provision of law as prescribed in Federal Acquisition Regulation (FAR) Part 12, or terms as set forth in the current version of FAR 52.244-6, Subcontracts for Commercial Items, if applicable.

**HARRIS GOVERNMENT COMMUNICATIONS SYSTEMS  
TERMS AND CONDITIONS OF SALE FOR DOMESTIC  
WIRELESS EQUIPMENT, SOFTWARE, AND SERVICES**

h. **Notices.** All notices must be in writing and will be effective when received by (1) personal delivery, (2) registered, certified, or nationally recognized overnight mail, proof of receipt requested, and (3) facsimile, if confirmed within three (3) business days by one of the other methods herein, at the addresses or facsimile numbers indicated or to such other addresses or facsimile numbers as the parties may specify by giving notice pursuant hereto. A copy of all notices must be sent to Harris Corporation, PO Box 37, Mail Stop: R5/11A, Melbourne, FL 32902, Attention: Contracts Manager

i. **English Language.** The parties confirm that it is their wish that this Agreement, as well as any other documents relating hereto including notices, have been and will be drawn up in English only.

j. **GSA.** All purchase orders issued under the General Services Administration (GSA) Schedule #GS-35F-0283J are subject to the GSA Terms and Conditions which will supersede all other terms and conditions provided.

k. **Survivability.** The following provisions shall survive the completion or termination of this Agreement: Section 2 (Restricted Use), Section 11 (Limited Warranty), Section 13 (Software License), Section 15 (Intellectual Property Indemnification), Section 19 (Export and Re-export Restrictions), Section 21 (Limitation of Liability), Section 22 (Applicable Law, Venue and Jurisdiction), Section 23 (Jury Waiver), and Section 27 (General Provisions).

**28. Entire Agreement.** The Agreement supersedes all previous proposals, negotiations, conversations, and understandings, whether oral or written, and constitutes the sole and entire agreement between the parties pertaining to the subject matter hereof. No modification or deletion of, or addition to these terms, will be binding unless made in writing and signed by duly authorized representatives of both parties.

Kerrstyn,

Here is the quote that Chad Meyer just forwarded to me & I just left the SSJ form in the DC's office for his signature (Stating that this equipment is similar to what is being used by other local law enforcement agencies....).

No, I don't want to get her logged either...

Thanks!!!!

There is a process that involves the City Council's approval since the equipment is over \$20,000. If it is a sole source verses a bidding process, this also needs to be explained. Evelyn or someone in Purchasing can walk you through the process. Once the paperwork is ready, notify Lisa Navarro in the Chief's office and she will get this item on the City Council's agenda. From the UASI side we will ask for all the paperwork related to the purchase and then seek reimbursement from the State for the money Anaheim "fronts" during the purchase process.

Clear as mud???

Call me if you have questions.

Mark

Ben

**CITY OF ANAHEIM**  
**JUSTIFICATION FOR SOLE SOURCE**  
(Please fill out completely)

Today's Date: 2/26/09 Department POLICE Division COP / INVESTIGATIONS  
Person Requesting the Purchase: Officer Chad Meyer Phone # 714-497-5084 Requisition # 309-  
Description of Item/Service: DRT [REDACTED] Total Cost: \$ 182,680.00  
(including tax, delivery, installation)  
Requested Supplier: DRT - Digital Receiver Technology, Inc. Date the Product or Service Needed: 03/26/09  
Supplier's Contact Person: Christopher Teabo, Marketing Manager Phone: 301-916-5554 x268

Reason(s) for requesting waiver of competitive bid and purchase as a sole source: (Check all that apply)

- ☐ Rush purchase - Cannot wait for bid cycle to be completed because:
- ☐ Emergency repair or replacement to protect people from injury and/or avoid property damage.
  - ☐ New facility opening or special event. Requisitioning department did not foresee the need in ample time to allow for bidding and delivery lead-time. (Facility opening or Event date: \_\_\_\_\_)
  - ☐ Unusually high usage due to \_\_\_\_\_ unexpectedly depleted inventory.
- ☒ Only product found that meets the Department's minimum functional specifications. (Attach memo that explains the unique specifications and which other products or manufacturers were evaluated and the requirements they could not meet.)
- ☐ Repeat purchase of item or service that has been competitively bid and awarded to low bidder within the past twelve (12) months. (Reference: Purchasing Bid # \_\_\_\_\_ Please include Bid date)
- ☐ Available on GSA or other competitively bid, purchasing co-op contract which offers the lowest total cost available. Request use of \_\_\_\_\_ co-op contract. (Attach vendor's quote.)
- ☐ Proprietary design superior to competitor's similar products. Specifications exceed minimum requirements, but are believed to be better overall value to the City because \_\_\_\_\_ Please explain - Use additional paper if necessary.  
(Attach manufacturer's letter verifying patented design and that they are only sold directly-no distributors.)
- ☒ Other reason(s) (Explain): UASI funded purchase. Please see attached memo.  
The equipment is similar to one used by DOJ, FBI, LAPD, San Bernardino County Sheriff's Department and US Marshals Office.

**If value of the requested purchase will exceed \$20,000, the Department Head of the requesting department must approve this sole source request. Less than \$20,000 may be signed by the Division Manager.**

**I concur with my staff's request to waive Council Policy 4.0 and purchase as a sole source:**

Department Head:  Date 2/27/09

**PURCHASING APPROVAL**

Researched other sources, single source information verified, & best possible pricing and terms obtained by:

Buyer: \_\_\_\_\_ Date: \_\_\_\_\_ Discount % or \$ \_\_\_\_\_ Is Co-op contract  
savings negotiated: \_\_\_\_\_ pricing available? Y / N

Purchasing Agent's Approval: \_\_\_\_\_ (If over \$20,000) Date: \_\_\_\_\_

(File one copy with Purchase Order and one copy in Sole Source file)

Description of Item/Service: DRT Total Cost: \$ 182,680.00  
(including tax, delivery, installation)  
Requested Supplier: DRT - Digital Receiver Technology, Inc. Date the Product or Service Needed: 03/26/09  
Supplier's Contact Person: Christopher Teabo, Marketing Manager Phone: 301-916-5554 x268

Reason(s) for requesting waiver of competitive bid and purchase as a sole source: (Check all that apply)

- ☐ Rush purchase - Cannot wait for bid cycle to be completed because:
- ☐ Emergency repair or replacement to protect people from injury and/or avoid property damage.
- ☐ New facility opening or special event. Requisitioning department did not foresee the need in ample time to allow for bidding and delivery lead-time. (Facility opening or Event date: \_\_\_\_\_)
- ☐ Unusually high usage due to \_\_\_\_\_ unexpectedly depleted inventory.
- ☒ Only product found that meets the Department's minimum functional specifications. (Attach memo that explains the unique specifications and which other products or manufacturers were evaluated and the requirements they could not meet.)
- ☐ Repeat purchase of item or service that has been competitively bid and awarded to low bidder within the past twelve (12) months. (Reference: Purchasing Bid # \_\_\_\_\_ Please include bid date)
- ☐ Available on GSA or other competitively bid, purchasing co-op contract which offers the lowest total cost available. Request use of \_\_\_\_\_ co-op contract. (Attach vendor's quote.)
- ☐ Proprietary design superior to competitor's similar products. Specifications exceed minimum requirements, but are believed to be better overall value to the City because \_\_\_\_\_  
(Attach manufacturer's letter verifying patented design and that they are only sold directly-no distributors.)
- ☒ Other reason(s) (Explain): UASI funded purchase. Please see attached memo.  
The equipment is similar to one used by DOJ, FBI, LAPD, San Bernardino County Sheriff's Department and US Marshals Office.

**If value of the requested purchase will exceed \$20,000, the Department Head of the requesting department must approve this sole source request. Less than \$20,000 may be signed by the Division Manager.**

**I concur with my staff's request to waive Council Policy 4.0 and purchase as a sole source:**

Department Head: [Signature] Date 2/27/09

**PURCHASING APPROVAL**

Researched other sources, single source information verified, & best possible pricing and terms obtained by:

Buyer \_\_\_\_\_ Date \_\_\_\_\_ Discount % or \$ \_\_\_\_\_ Is Co-op contract  
savings negotiated: \_\_\_\_\_ pricing available? Y / N

Purchasing Agent's Approval: \_\_\_\_\_ (If over \$20,000) Date: \_\_\_\_\_

**Attachments:** sole source\_Anaheim\_031209.pdf; 09T0008\_AnaheimPD\_032609\_rev1.pdf; 090319\_anaheim pd - [REDACTED] configuration GSA.pdf; DRTI Sole Source 3-25-09.pdf

Kerrstyn,

Attached are updated documents re: the request for purchase of the DRTI equipment.

The quote does not include sales tax so I entered a NTE amount of \$237,000 at current rate of 7.75%; and with a note that the NTE will be \$239,000 at the increased 8.75% sales tax rate.

I will forward the original SSJ to you in route mail. Chad mentioned he had been working closely with Ryan on this project so if you have any technical questions they would be able to help you. Other questions, please feel free to call or email me.

PS: Just for reference, there is a second quote attached from Harris (however, their quote is based on a quantity of 2).

Thank you!!!

**To:** Evelyn Lee  
**Subject:** FW: Info

Hi Evelyn. Here is the sole source information and an updated quote (this is the newest quote as of today. DRT had to make a modification to some wording on it, no change to the price). DRT does not include tax in their total price.

Chad

I revised the existing sole source letter to reflect the necessary verbiage needed for the [REDACTED]. Also, DRT does not include tax in our price. I needed to make one change to the quote, so I have attached it as well.

**To:** Teabo, Christopher  
**Subject:** Info

Hi Chris,

I just had a meeting with our financing people and they had two questions:

1. Can we get new sole source documentation for the [REDACTED] machine?
2. Is tax already included in the total price or do we just need to add the appropriate taxes.

Everyone on our end is working real hard on this. We should get it approved by our city council next month and should have everything approved before the end of April.. Hopefully we will place the order by then too..

Hello, All--

I've reviewed the material, and need a lot more info in order to be able to write a staff report. The only fact that is totally clear is that this product is not available from distributors. I have only the vaguest idea of what this request is for.

My questions:

1. Why do we need this product?
2. How will the City use this? In a car? Mobile command center? Office? Hovercraft?
3. How did we determine that this is the only product that will suffice? (Why don't we want the Harris product?) Has it been tested? Does it matter that this product hasn't been evaluated, tested and certified by FCC? What happens if FCC says "no?"
4. SSJ states this product is "similar" to equipment used by DOJ, FBI, etc. Do they use something else? or is it the same? Will this purchase enable us to co-ordinate with those agencies, or is our equipment solely for City investigations?
5. Has the initial expenditure (assuming reimbursement through UASI funds) been OK'd by Budget?
6. Since delivery would be delayed for 4 or 5 months ARO, will UASI reimburse us if this isn't paid for in 2009?
6. The March 24 quote expires on April 30. Will they honor the pricing/extend beyond that date since the earliest this could get to Council is probably May 19? (In order to get it on the April 28 agenda, I would have to submit the completed staff report to my boss by March 31, which doesn't appear likely.)

It would help immensely if someone could address these questions and respond with a memo to me that I can convert into a staff report -- assuming I know nothing (which is 100% true!) about this need and how this purchase will meet that need.

I'm here tomorrow (Friday) but off on Monday, the 30th. I'll be out in your neck of the woods on Tuesday morning for a meeting with Minh Nguyen (9:00 - 10:00 am). If anybody wants to meet to discuss this then, let me know.

**Subject:** FW: Info re: DRTI

Kerrstyn,

Attached are updated documents re: the request for purchase of the DRTI equipment.

The quote does not include sales tax so I entered a NTE amount of \$237,000 at current rate of 7.75%; and with a note that the NTE will be \$239,000 at the increased 8.75% sales tax rate.

I will forward the original SSJ to you in route mail. Chad mentioned he had been working closely with Ryan on this project so if you have any technical questions they would be able to help you. Other questions, please feel free to call or email me.

PS: Just for reference, there is a second quote attached from Harris (however, their quote is based on a quantity of 2).

Thank you!!!

Hello, All--

I've reviewed the material, and need a lot more info in order to be able to write a staff report. The only fact that is totally clear is that this product is not available from distributors. I have only the vaguest idea of what this request is for.

My questions:

1. Why do we need this product?
2. How will the City use this?

3. How did we determine that this is the only product that will suffice? (Why don't we want the Harris product?) Has it been tested? Does it matter that this product hasn't been evaluated, tested and certified by FCC? What happens if FCC says "no?"
4. SSJ states this product is "similar" to equipment used by DOJ, FBI, etc. Do they use something else? or is it the same? Will this purchase enable us to co-ordinate with those agencies, or is our equipment solely for City investigations?
5. Has the initial expenditure (assuming reimbursement through UASI funds) been OK'd by Budget?
6. Since delivery would be delayed for 4 or 5 months ARO, will UASI reimburse us if this isn't paid for in 2009?
6. The March 24 quote expires on April 30. Will they honor the pricing/extend beyond that date since the earliest this could get to Council is probably May 19? (In order to get it on the April 28 agenda, I would have to submit the completed staff report to my boss by March 31, which doesn't appear likely.)

**Subject:** Questions regarding DRT

Good Morning,

Regarding the purchase of the DRT, Fran Riggs has a few questions she would like answered. I figured before I attempt to give her the answers I wanted to run it by you first. Chad Meyer answered the majority of the technical and functional questions she had already.

Questions:

5. Has the initial expenditure (assuming reimbursement through UASI funds) been OK'd by Budget?
6. Since delivery would be delayed for 4 or 5 months ARO, will UASI reimburse us if this isn't paid for in 2009?

I am not sure of the answer to question #5

For question #6, I was planning on telling her that it depends on what grand year we take the money out of. If it is taken out of 2008 it will not be a problem but if we take the funds out of 2007 like we originally planned we would request a performance bond to insure we will not have to ask the State for an extension if receipt of the DRT does not fall in our award window.

Thanks for your help,

Ryan

**To:** Cindy Nickel  
**Subject:** RE: AEL Number

Hi Cindy,

I have to say, after reading both descriptions on the AEL and knowing that one is for radios and one is for surveillance. I would have to say that

**AEL # 13LE-00-SURV**

*Surveillance equipment and related accessories, including but not limited to: audio, data and visual equipment. Includes electronic equipment such as PEN registers (equipment capable of capturing incoming and outgoing phone numbers, along with the duration of calls, without listening to the actual conversation). Also includes equipment designed to extract information from personal digital assistants (PDA's) and cellular devices such as cellular phones and messaging devices.*  
is the correct AEL number.

Thank you

*Cameron Bardwell*

**Subject:** AEL Number

Dear Cameron:

Our UASI is looking to purchase a DRT1183C-033/PRS [REDACTED] The system has several components, including a [REDACTED] which is also needed. However, the only two AEL number choices for antennas are as follows:

1. **AEL # 13LE-00-SURV**  
*Surveillance equipment and related accessories, including but not limited to: audio, data and visual equipment. Includes electronic equipment such as PEN registers (equipment capable of capturing incoming and outgoing phone numbers, along with the duration of calls, without listening to the actual conversation). Also includes equipment designed to extract information from personal digital assistants (PDA's) and cellular devices such as cellular phones and messaging devices.*
2. **AEL # 04AP-02-DGPS**  
*Global Positioning System (GPS) receiving device, including self-contained handhelds, mobile mounted systems, and accessory devices to enable computers and communication devices.*

The antenna is described further as a DRT9955B-1. [REDACTED]  
[REDACTED] This PA works in coordination with the DRT1183C [REDACTED]

Do you agree, we can use AEL # 04AP-02-DGPS under the "accessory devices" component?

If you have any questions or concerns, please call me at 714-765-3841.

Sincerely,  
Cindy Nickel

City of Anaheim  
**POLICE DEPARTMENT**  
Investigations Division

**To:** Dave Morgan, City Manager  
**From:** John Welter, Chief of Police  
**Date:** April 6, 2009  
**RE:** Covert Purchase Request

The Police Department desires to use UASI grant dollars to purchase covert surveillance equipment. The high tech equipment will be an Orange County asset that allows Law Enforcement to conduct covert surveillance with court approval. If information on how this device operates were to become public it would give individuals the necessary knowledge on how to defeat the device, thus compromising numerous investigations.

The cost of the equipment is \$239,000. This is a sole source purchase as there are no current competing technologies, manufactures or suppliers.

Some of the information has been redacted due to it  
being a covert purchase.

Sincerely,  
Cindy Nickel  
714-765-3841

**CITY OF ANAHEIM**  
**JUSTIFICATION FOR SOLE SOURCE**  
(Please fill out completely)

Today's Date: 3/25/09 Department POLICE Division COP / INVESTIGATIONS  
Person Requesting the Purchase: Investigator Chad Meyer Phone # 714-497-5084 Requisition # \_\_\_\_\_  
Description of Item/Service: [REDACTED] Total Cost: \$ NTE: \$237,000 \*  
(including tax, delivery, installation)  
Requested Supplier: [REDACTED] Date the Product or Service Needed: 04/30/09  
Supplier's Contact Person: Christopher Teabo, Marketing Manager Phone: 301-916-5554 x268  
\* NTE: \$237,000 (at 7.75% Sales Tax Rate) or \$239,000 (at 8.75% Sales Tax Rate)  
Reason(s) for requesting waiver of competitive bid and purchase as a sole source: (Check all that apply)

- ☐ Rush purchase - Cannot wait for bid cycle to be completed because:
- ☐ Emergency repair or replacement to protect people from injury and/or avoid property damage.
- ☐ New facility opening or special event. Requisitioning department did not foresee the need in ample time to allow for bidding and delivery lead-time. (Facility opening or Event date: \_\_\_\_\_)
- ☐ Unusually high usage due to \_\_\_\_\_ unexpectedly depleted inventory.
- ☒ Only product found that meets the Department's minimum functional specifications. (Attach memo that explains the unique specifications and which other products or manufacturers were evaluated and the requirements they could not meet.)
- ☐ Repeat purchase of item or service that has been competitively bid and awarded to low bidder within the past twelve (12) months. (Reference: Purchasing Bid # \_\_\_\_\_ Please include bid date)
- ☐ Available on GSA or other competitively bid, purchasing co-op contract which offers the lowest total cost available. Request use of \_\_\_\_\_ co-op contract. (Attach vendor's quote.)
- ☐ Proprietary design superior to competitor's similar products. Specifications exceed minimum requirements, but are believed to be better overall value to the City because \_\_\_\_\_ Please explain - Use additional paper if necessary.  
(Attach manufacturer's letter verifying patented design and that they are only sold directly-no distributors.)
- ☒ Other reason(s) (Explain): UASI funded purchase of [REDACTED] for multi-agency investigative purposes  
[REDACTED] The [REDACTED] equipment is  
similar to equipment used by DOJ, FBI, LAPD, San Bernardino County Sheriff's Department, and the US Marshals office. Please see attached memo.

If value of the requested purchase will exceed \$20,000, the Department Head of the requesting department must approve this sole source request. Less than \$20,000 may be signed by the Division Manager.

I concur with my staff's request to waive Council Policy 4.0 and purchase as a sole source:

Department Head: [Signature] Date 3/25/09

**PURCHASING APPROVAL**

Researched other sources, single source information verified, & best possible pricing and terms obtained by:

Buyer \_\_\_\_\_ Date \_\_\_\_\_ Discount % or \$ \_\_\_\_\_ Is Co-op contract  
savings negotiated: \_\_\_\_\_ pricing available? Y / N

Purchasing Agent's Approval: \_\_\_\_\_ (If over \$20,000) Date: \_\_\_\_\_

(File one copy with Purchase Order and one copy in Sole Source file)

Still waiting on it, I talked to Chris today and they should have it done by next month.. I am keeping my fingers crossed. I also talked to him about the two additional [REDACTED] that we wanted to get to max out our capacity on the unit and he said it would be around \$40,000 (around \$20k each). This isn't something we must have but it will be nice in the future because it will allow us to scan more channels at one time and will make our lives a lot easier. Is this something that can be somehow added to our existing grant?

Chad

Hey Jocelyn,

Sorry for the delay- I was trying to make sure I get as much info as I could. The system closes on the 12<sup>th</sup> and that's when the final numbers for Jan will be available.  
Let me know if you need anything clarified or if you have any questions.

Thanks,

Kerrstyn

## **1.04.311 CONFIDENTIAL POLICE OPERATIONS.**

All purchases of equipment, supplies, materials and services made by the Police Department for confidential, special or covert operations pursuant to authority granted in Section 1.04.310 of this Chapter shall be subject to the following requirements:

.010 The Chief of Police, under the direction of the City Manager, shall be responsible for all procurement of materials, supplies, equipment and contractual services where, because of the nature of the purchase, as related to confidential, special or covert operations, the public interest in maintaining confidentiality outweighs the public interest in public disclosure of such purchase, as determined by the Chief of Police.

.020 Such purchases shall be limited to such materials, supplies and equipment as are needed for confidential or covert operations, and services for Special Operations, where the Chief of Police determines that the public interest in maintaining confidentiality outweighs the public interest in public disclosure of such purchases.

.030 The authority granted to the Chief of Police for confidential purchases hereunder shall be limited to a maximum of fifty thousand dollars per transaction, except when a larger amount is expressly authorized in writing by the City Manager. Expenditures pursuant to this section shall not exceed amounts appropriated and available for such purpose pursuant to the budget approved by the City Council.

.040 The Chief of Police shall maintain adequate internal controls and accurate accounting records of the confidential purchases made, identifying the expenditures or use of funds and whether made from forfeiture funds or general fund monies. He shall maintain all original documents and records regarding the use of the funds and the nature of the expenditures, subject to audit by the City's internal control staff, and shall report expenditures monthly to the City Manager.

.050 Such purchases shall follow the same procurement requirements as are required for purchases by the Purchasing Agent, including competitive bidding requirements, except in the case of those procurements to which the Chief of Police and the City Manager determine that some or all of the procurement requirements are inapplicable or inappropriate, and except that procurements exceeding twenty thousand dollars shall be reported timely to the City Manager rather than approved by the City Council.

.060 The confidentiality of all information and records pertaining to such purchases shall be maintained by all persons having access to them until the Chief of Police determines, in writing, that the need for confidentiality as to a particular purchase no longer exists. (Ord. 5303 § 2; May 12, 1992.)

**Cc:** Kerrstyn Vega; Darrin Lee  
**Subject:** RE: Anaheim Quote 03074

Thanks for the update. Right now I am seeking a revised quote from Harris separating out the GSA items from the non-GSA items. Cal EMA is going to move forward with the GSA items as soon as we have the Covert Purchase request signed. The non-GSA items are a little different, we are requesting guidance from our State representative on whether we need a sole source request to accompany that purchase. If we do it is not a big deal and I will complete that. Hopefully I will have an update on this by the end of the day.

Thanks,  
Ryan

Tim, this is related to the Harris purchase.

We will not need a laptop – we have plenty of those. We will need the software and training, however. I have not forwarded Kerrstyn's name or info to anyone at Harris yet. I will leave that up to you – if you're ok with it. We might need separate quotes for the non-GSA items...but I'm not sure. Thanks – let me know

Sorry Sue- I keep getting interrupted for other things and was going to tell you guys.

Ladies- Cathy is the person that does the 1122 program for Anaheim that allows them to purchase off GSA. She called to go over the quote and said that she can only issue a PO for the GSA items. She is going to let Anaheim know and I told her that I would have you talk to your contact for Anaheim and she also wanted the contact for person doing the quotes.

Thanks  
Patty

**Attachments:** Sole Source Req Form.doc

Good morning Kerrstyn,

If equipment is purchased through the 1122 program, no sole source is required. Otherwise, normal procurement procedures should be followed. If the required software is truly only available from one source, a sole source request can be submitted. Attached is the current sole source request form.

Thanks,

Joe

**Subject:** Question Related to GSA and Sole Source

Good Evening Joe,

We were so successful with the 1122 program when purchasing the [REDACTED] that we are going to utilize it again to upgrade DRT equipment that was purchased with the grant. The hardware is eligible through the 1122 program, but the software is not. We are going to purchase this as a covert purchase through our city which does not require a sole source. Do we need to complete a state sole source for the software because the hardware is GSA and the software is necessary to make the hardware work?

Thank you,  
Kerrstyn

Updated sole source request

## CALIFORNIA EMERGENCY MANAGEMENT AGENCY

Homeland Security Grant Program FY: 2010 Grant Number: 2010-0085 CalEMA ID# 059-95010

Subgrantee name: Anaheim/Santa UASI

Project: D – Intel/Early Warning

### REQUEST FOR SOLE SOURCE PROCUREMENT AUTHORIZATION

1. Project name: **Harris Project** Project Budget: **\$ 367,245.49**
2. Describe the project and/or activity that will be provided by the proposed sole source vendor/contractor.

**The Anaheim Police Department desires to use UASI grant dollars to purchase covert surveillance equipment. The high tech equipment will be an Orange County asset that allows Law Enforcement to conduct covert surveillance with court approval. This purchase is an upgrade to the DRT device purchased in FY2007**

3. Describe your organization's standard procedures when sole source contracting is considered, including the conditions under which a sole source contract is allowed, and any other applicable criteria (i.e. approval requirements, monetary thresholds, etc.).

**This device is being purchased through the City of Anaheim's "Covert Purchase" guidelines. The guidelines require the signature of the Chief of Police and City Manager. Covert Purchases are reserved to purchases, in which the knowledge of the purchase may give individuals the necessary knowledge on how to defeat the device, thus compromising numerous investigations.**

4. Indicate which of the following circumstances resulted in your organization's need to enter into a sole source contract.
  - a. Item/service is only available from one source (Describe the process used to make that determination. Please provide details.)

**The majority of the project budget (\$251,426.74) is being purchased through Cal EMA's 1122 Homeland Security Program. The GSA pricing through Cal EMA is only good on the actual Hardware which accounts for the above price. The software and training provided by Harris for the hardware to run has to be purchased at the same time. This request is for the sole source purchase of the software and training associated with the 1122 purchase of the hardware. The total amount not covered under GSA pricing is \$115,818.75**

- b. A public urgency or emergency will not permit a delay resulting from competitive solicitation. According to the US Department of Homeland Security/FEMA, "Time constraints will not be considered a factor if the subgrantee has not sought competitive bids in a timely manner." (Describe the urgency or emergency. Please provide details)

- c. After solicitation of a number of sources, competition was determined inadequate.  
(Describe the solicitation process that determined competition was inadequate. Please provide details, and attach any relevant supporting material, Request for Proposal, etc.)

5. Did your organization confirm that the contractor/vendor is not debarred or suspended?

**Yes – The majority of the purchase will be conducted through Cal EMA's 1122 program. This program allows local agencies to utilize GSA pricing.**

6. Will your organization be able to complete all activities associated with the sole source contract by the end of the grant performance period?

**Yes**

7. Has your organization determined the costs are reasonable?

**Yes – 2/3 of the costs are at a reduced price due to the fact they are on the GSA schedule provided by the Cal EMA 1122 Homeland Security Program.**

8. Please attach a copy of the cost benefit analysis prepared for this procurement.

**First - The Harris equipment is the only device available that can provide the necessary service.**

**Second - 2/3 of the costs are at a reduced price due to the fact they are on the GSA schedule provided by the Cal EMA 1122 Homeland Security Program.**

**To:** Kerrstyn Vega  
**Subject:** RE: Question Related to GSA and Sole Source

Hi Kerrstyn,

For the cost benefit analysis, we are using the GSA schedule for 2/3 of the cost of this purchase. Unfortunately the GSA schedule pricing does not extend to the costs of the Harris software and training which are both needed in order for the hardware purchased through GSA to work. The vendor Harris is the only company who can provide this service.

Hope this helps,  
Ryan

Subject: RE: Question Related to GSA and Sole Source

Good morning Kerrstyn,

If equipment is purchased through the 1122 program, no sole source is required. Otherwise, normal procurement procedures should be followed. If the required software is truly only available from one source, a sole source request can be submitted. Attached is the current sole source request form.

Thanks,

Joe

Subject: Question Related to GSA and Sole Source

Good Evening Joe,

We were so successful with the 1122 program when purchasing the [REDACTED] that we are going to utilize it again to upgrade DRT equipment that was purchased with the grant. The hardware is eligible through the 1122 program, but the software is not. We are going to purchase this as a covert purchase through our city which does not require a sole source. Do we need to complete a state sole source for the software because the hardware is GSA and the software is necessary to make the hardware work?

Thank you,  
Kerrstyn

John;

You signed a request for a sole source purchase to be approved by Tom W. There was a sticky note on it with the name, Sgt. Darrin Lee [REDACTED] as the contact to call when this was signed. Could I ask that you request that the Sgt amend the memo to include the following language, and then resend the memo for Tom W's signature?

Thank you,  
Marcie

Approval of this request is being sought pursuant to municipal code section 1.04.311 and, if approved, will be managed in adherence with all applicable provisions in that code section. Also, as further required by code, the amount of this purchase is stated as falling under an amount which was appropriated and available for such purpose pursuant to the most recent budget approved by the City Council.

## CALIFORNIA EMERGENCY MANAGEMENT AGENCY

Homeland Security Grant Program FY: 2010 Grant Number: 2010-0085 CalEMA ID# 059-95010

Subgrantee name: Anaheim/Santa UASI

Project: D – Intel/Early Warning

### REQUEST FOR SOLE SOURCE PROCUREMENT AUTHORIZATION

1. Project name: Harris Project Project Budget: \$ 367,245.49

2. Describe the project and/or activity that will be provided by the proposed sole source vendor/contractor.

**The Anaheim Police Department desires to use UASI grant dollars to purchase covert surveillance equipment. The high tech equipment will be an Orange County asset that allows Law Enforcement to conduct covert surveillance with court approval. This purchase is an upgrade to the DRT device purchased in FY2007**

3. Describe your organization's standard procedures when sole source contracting is considered, including the conditions under which a sole source contract is allowed, and any other applicable criteria (i.e. approval requirements, monetary thresholds, etc.).

**This device is being purchased through the City of Anaheim's "Covert Purchase" guidelines. The guidelines require the signature of the Chief of Police and City Manager. Covert Purchases are reserved to purchases, in which the knowledge of the purchase may give individuals the necessary knowledge on how to defeat the device, thus compromising numerous investigations.**

4. Indicate which of the following circumstances resulted in your organization's need to enter into a sole source contract.

a. Item/service is only available from one source (Describe the process used to make that determination. Please provide details.)

**The majority of the project budget (\$251,426.74) is being purchased through Cal EMA's 1122 Homeland Security Program. The GSA pricing through Cal EMA is only good on the actual Hardware which accounts for the above price. The software and training provided by Harris for the hardware to run has to be purchased at the same time. This request is for the sole source purchase of the software and training associated with the 1122 purchase of the hardware. The total amount not covered under GSA pricing is \$115,818.75**

b. A public urgency or emergency will not permit a delay resulting from competitive solicitation. According to the US Department of Homeland Security/FEMA, "Time constraints will not be considered a factor if the subgrantee has not sought competitive bids in a timely manner." (Describe the urgency or emergency. Please provide details)

- c. After solicitation of a number of sources, competition was determined inadequate.  
(Describe the solicitation process that determined competition was inadequate. Please provide details, and attach any relevant supporting material, Request for Proposal, etc.)

5. Did your organization confirm that the contractor/vendor is not debarred or suspended?

Yes - The majority of the purchase will be conducted through Cal EMA's 1122 program. This program allows local agencies to utilize GSA pricing.

6. Will your organization be able to complete all activities associated with the sole source contract by the end of the grant performance period?

Yes

7. Has your organization determined the costs are reasonable?

Yes - 2/3 of the costs are at a reduced price due to the fact they are on the GSA schedule provided by the Cal EMA 1122 Homeland Security Program.

8. Please attach a copy of the cost benefit analysis prepared for this procurement.

First - The Harris equipment is the only device available that can provide the necessary service.

Second - 2/3 of the costs are at a reduced price due to the fact they are on the GSA schedule provided by the Cal EMA 1122 Homeland Security Program.

## FY09 Anaheim/ Santa Ana UASI Grant Program Project Cost/ Benefit Analysis

<b>Project Name:</b>	Harris Project
<b>Prepared By:</b>	Ryan Tisdale
<b>Date:</b>	10/19/11

### PROJECT OVERVIEW AND BACKGROUND

Provide a brief overview, background and definition for the project.

The Anaheim Police Department desires to use UASI grant dollars to purchase covert surveillance equipment. The high tech equipment will be an Orange County asset that allows Law Enforcement to conduct covert surveillance with court approval. This purchase is an upgrade to the DRT device purchased in FY2007.

### DISCUSSION OF ALTERNATIVES

For each of the topics listed below, discuss the project ground rules and assumptions.

#### ALTERNATIVE #1 – DO NOTHING – Make No Purchase or Implement no Project

##### Current Situation / Status

Without an upgrade to our system we will not be able to conduct covert surveillance on cell phones operating in the 4G bandwidth. Increasingly, cell phone vendors are moving all their products to the 4G bandwidth and without this upgrade we will be severely limited in our abilities.

##### Impact of Not Making the Purchase or Implementing the Project

Currently, every city in Orange County has benefited from the DRT device. Without an upgrade, Orange County as a whole would lose valuable knowledge necessary to investigate terrorism cases and solve crimes.

#### ALTERNATIVE #2 – Follow Competitive Bid Process

##### Goals

This purchase is being purchased through Cal EMA's 1122 Homeland Security Program which utilizes the GSA pricing schedule. This procurement process does not require a competitive bid. The City of Anaheim also does not require a competitive bid due to the fact that this purchase is considered a "covert purchase" which only requires the signatures of the City Manager and the Chief of Police.

##### Functional Concept (What will the equipment or service do?)

This upgrade will allow the Anaheim Police Department to conduct covert surveillance on cell phones operating in the 4G bandwidth. Increasingly cell phone vendors are moving all their products to the 4G bandwidth and without this upgrade we will be severely limited in our abilities.

##### Technical Concept (How will the equipment or service work?)

How the Harris system works is proprietary to Harris and they are not willing to release the specifics. Knowledge of how this system works could potentially jeopardize the success of the device.

##### Project/Program Management Concept (How will the project/program be managed?)

This will only be an upgrade to our current DRT device and will be managed in the same manner. Investigator Ryan Tisdale will work as project manager for this project.

<b>Acquisition Strategy:</b>	
The majority 2/3 of this project (all the hardware) will be purchased through the Cal EMA 1122 Homeland Security Program. The remaining 1/3 (software and training) will purchased directly from Harris.	
<b>High Level Schedule (add rows as needed):</b>	
<b>Date</b>	<b>Milestone</b>
11/1/11	Funds given to Cal EMA for purchase of equipment
3/1/12	Harris delivers equipment
3/2/12	Anaheim pays for software and Cal EMA pays for hardware
3/10/12	Training on equipment
3/15/12	Equipment deployed
<b>ALTERNATIVE #3 – Sole Source Procurement Request</b>	
<b>Goals (What is unique about what this alternative approach will attempt to accomplish?)</b>	
<ol style="list-style-type: none"> <li>1. Harris is the only source and distributor for this device capable of conducting this type of covert tracking.</li> <li>2. A competitive bidding process would allow this technology to become public record.</li> <li>3. By limiting the amount of public exposure related to this technology, law enforcement agencies throughout the County will preserve their investigative advantage over criminals and terrorists who are looking to thwart efforts to stop them.</li> </ol>	
<b>Functional Concept (What will the equipment or service do?)</b>	
This upgrade will allow the Anaheim Police Department to conduct covert surveillance on cell phones operating in the 4G bandwidth. Increasingly cell phone vendors are moving all their products to the 4G bandwidth and without this upgrade we will be severely limited in our abilities	
<b>Technical Concept (How will the equipment or service work?)</b>	
How the Harris system works is proprietary to Harris and they are not willing to release the specifics. Knowledge of how this system works could potentially jeopardize the success of the device.	
<b>Project/Program Management Concept (How will the project/program be managed?)</b>	
This will only be an upgrade to our current DRT device and will be managed in the same manner. Investigator Ryan Tisdale will work as project manager for this project.	
<b>Acquisition Strategy:</b>	
The majority 2/3 of this project (all the hardware) will be purchased through the Cal EMA 1122 Homeland Security Program. The remaining 1/3 (software and training) will purchased directly from Harris.	
<b>High Level Schedule (add rows as needed):</b>	
<b>Date</b>	<b>Milestone</b>
11/1/11	Funds given to Cal EMA for purchase of equipment
3/1/12	Harris delivers equipment
3/2/12	Anaheim pays for software and Cal EMA pays for hardware
3/10/12	Training on equipment
3/15/12	Equipment deployed
<b>LIFE-CYCLE COSTS AND BENEFITS</b>	

For each alternative, discuss the costs and benefit of the product or service according to its life-cycle.		
Life Cycle Cost Summary: Over the expected lifetime of the product or service in question, add the maintenance, enhancement, training/staffing, tangible benefits, cost savings, etc.		
<b>ALTERNATIVE #1 - DO NOTHING</b>		
Depending on how fast technology increases, within 6 to 12 months our DRT device will not be able to track the vast majority of devices on the market. This will severely limit our ability to investigate terrorist and criminal cases.		
<b>ALTERNATIVE #2 - Follow Competitive Bid Process</b>		
Purchasing through the Cal EMA 1122 Homeland Security Program allows Anaheim not to competitively bid this product due to the fact that the item has already been discounted through the GSA pricing schedule.		
<b>ALTERNATIVE #3 - Sole Source Procurement Request</b>		
The sole source procurement is only for the software and training component of this purchase. The majority (2/3) of this purchase will be procured through Cal EMA's 1122 Homeland Security Program which utilizes the GSA schedule.		
<b>RISK ANALYSIS</b>		
<b>ALTERNATIVE #1 - DO NOTHING</b>		
Risk Description		
Depending on how fast technology increases, within 6 to 12 months our DRT device will not be able to track the vast majority of devices on the market. This will severely limit our ability to investigate terrorist and criminal cases.		
<b>ALTERNATIVE #2 - Follow Competitive Bid Process</b>		
Risk Description		
Purchasing through the Cal EMA 1122 Homeland Security Program allows Anaheim not to competitively bid this product due to the fact that the item has already been discounted through the GSA pricing schedule. If it was competitively bid, technical aspects could be leaked to potential criminals in the populace, resulting in an ineffective investigation tool.		
<b>ALTERNATIVE #3 - Sole Source Procurement Request</b>		
Risk Description		
The sole source procurement is only for the software and training component of this purchase. The majority (2/3) of this purchase will be procured through Cal EMA's 1122 Homeland Security Program which utilizes the GSA schedule. Harris is the only company who can provide their software so the hardware purchased through GSA works.		
<b>COST/ BENEFIT ANALYSIS</b>		
Given anticipated costs, benefits and the known risks, which of the alternatives presented above provides the best choice?		
<b>Alternative</b>	<b>Rank</b>	<b>Reason</b>
Alt 1.	3	Depending on how fast technology increases, within 6 to 12 months our DRT device will not be able to track the vast majority of devices on the market. This will severely limit our ability to investigate terrorist and criminal cases.
Alt. 2	2	Purchasing through the Cal EMA 1122 Homeland Security Program allows Anaheim not to competitively bid this product do to the fact that the item has already been discounted through the GSA pricing schedule.
Alt. 3	1	The majority (2/3) of this purchase will be procured through Cal EMA's 1122 Homeland Security Program which utilizes the GSA schedule. Harris is the only company who can provide their software so the hardware purchased through GSA works. Sole source will speed things up and limit public exposure.

**Date: February 19, 2013**

**RE: Covert Purchase Request**

The Police Department wishes to use Urban Areas Security Initiative (UASI) grant funds to upgrade our current covert surveillance equipment. The high tech equipment upgrade will be an Orange County asset that allows Law Enforcement to conduct covert surveillance with court approval. If information on how this device operates were to become public it would give individuals the necessary knowledge on how to defeat the device, thus compromising numerous investigations.

The total cost of the equipment and software is \$107,768.88 which will ultimately be paid to Harris Corporation. Of the total amount, \$86,168.88 will pass through Cal EMA before it reaches Harris Corporation. This is being done as part of the 1122 Homeland Security Program which allows the government buyer to receive a lower cost as part of the General Services Administration (GSA) Schedules Program.

Approval of this request is being sought pursuant to municipal code section 1.04.311 and, if approved, will be managed in adherence with all applicable provisions in that code section. Also, as further required by code, the amount of this purchase is stated as falling under an amount which was appropriated and available for such purpose pursuant to City Council Resolution 2012-093, authorizing the acceptance of the 2012 UASI grant.

## FY12 Anaheim/ Santa Ana UASI Grant Program Project Cost/ Benefit Analysis

Project Name:	Harris Project
Prepared By:	Ryan Tisdale
Date:	10/19/11

### PROJECT OVERVIEW AND BACKGROUND

Provide a brief overview, background and definition for the project.

The Anaheim Police Department desires to use UASI grant dollars to upgrade previously purchased covert surveillance equipment. The high tech equipment upgrade will be an Orange County asset that allows Law Enforcement to conduct covert surveillance with court approval. This purchase is an upgrade to the Harris device purchased in FY2009.

### DISCUSSION OF ALTERNATIVES

For each of the topics listed below, discuss the project ground rules and assumptions.

#### ALTERNATIVE #1 – DO NOTHING – Make No Purchase or Implement no Project

##### Current Situation / Status

Without an upgrade to our system we will not be able to conduct covert surveillance on cell phones operating in the LTE bandwidth. Increasingly, cell phone vendors are moving all their products to the LET bandwidth and without this upgrade we will be severely limited in our abilities.

##### Impact of Not Making the Purchase or Implementing the Project

Currently, every city in Orange County has benefited from the Harris device. Without an upgrade, Orange County as a whole would lose valuable knowledge necessary to investigate terrorism cases and solve crimes.

#### ALTERNATIVE #2 – Follow Competitive Bid Process

##### Goals

This purchase is being purchased through Cal EMA's 1122 Homeland Security Program which utilizes the GSA pricing schedule. This procurement process does not require a competitive bid. The City of Anaheim also does not require a competitive bid due to the fact that this purchase is considered a "covert purchase" which only requires the signatures of the City Manager and the Chief of Police.

##### Functional Concept (What will the equipment or service do?)

This upgrade will allow the Anaheim Police Department to conduct covert surveillance on cell phones operating in the LTE bandwidth. Increasingly cell phone vendors are moving all their products to the LTE bandwidth and without this upgrade we will be severely limited in our abilities.

##### Technical Concept (How will the equipment or service work?)

How the Harris system upgrade works is proprietary to Harris and they are not willing to release the specifics. Knowledge of how this system works could potentially jeopardize the success of the device.

##### Project/Program Management Concept (How will the project/program be managed?)

This will only be an upgrade to our current Harris device and will be managed in the same manner. Investigator Ryan Tisdale will work as project manager for this project.

<b>Acquisition Strategy:</b>	
The majority (80%) of this project (all the hardware) will be purchased through the Cal EMA 1122 Homeland Security Program. The remaining 20% (software and training) will purchased directly from Harris.	
<b>High Level Schedule (add rows as needed):</b>	
<i>Date</i>	<i>Milestone</i>
1/14/13	Funds given to Cal EMA for purchase of equipment
6/3/13	Harris delivers equipment
6/10/12	Training on equipment
6/17/13	Equipment deployed
<b>ALTERNATIVE #3 – Sole Source Procurement Request</b>	
<b>Goals (What is unique about what this alternative approach will attempt to accomplish?)</b>	
<ol style="list-style-type: none"> <li>1. Harris is the only source and distributor for the LTE upgrade. It is an upgrade to their own product.</li> <li>2. A competitive bidding process would allow this technology to become public record.</li> <li>3. By limiting the amount of public exposure related to this technology, law enforcement agencies throughout the County will preserve their investigative advantage over criminals and terrorists who are looking to thwart efforts to stop them.</li> </ol>	
<b>Functional Concept (What will the equipment or service do?)</b>	
This upgrade will allow the Anaheim Police Department to conduct covert surveillance on cell phones operating in the LTE bandwidth. Increasingly cell phone vendors are moving all their products to the LTE bandwidth and without this upgrade we will be severely limited in our abilities	
<b>Technical Concept (How will the equipment or service work?)</b>	
How the Harris system works is proprietary to Harris and they are not willing to release the specifics. Knowledge of how this system works could potentially jeopardize the success of the device.	
<b>Project/Program Management Concept (How will the project/program be managed?)</b>	
This will only be an upgrade to our current Harris device and will be managed in the same manner. Investigator Ryan Tisdale will work as project manager for this project.	
<b>Acquisition Strategy:</b>	
The majority 2/3 of this project (all the hardware) will be purchased through the Cal EMA 1122 Homeland Security Program. The remaining 1/3 (software and training) will purchased directly from Harris.	
<b>High Level Schedule (add rows as needed):</b>	
<i>Date</i>	<i>Milestone</i>
1/14/13	Funds given to Cal EMA for purchase of equipment
6/3/13	Harris delivers equipment
6/10/13	Training on equipment
6/17/13	Equipment deployed
<b>LIFE-CYCLE COSTS AND BENEFITS</b>	

For each alternative, discuss the costs and benefit of the product or service according to its life-cycle.		
Life Cycle Cost Summary: Over the expected lifetime of the product or service in question, add the maintenance, enhancement, training/staffing, tangible benefits, cost savings, etc.		
<b>ALTERNATIVE #1 - DO NOTHING</b>		
Depending on how fast technology increases, within 6 to 12 months our Harris device will not be able to track the vast majority of devices on the market. This will severely limit our ability to investigate terrorist and criminal cases.		
<b>ALTERNATIVE #2 – Follow Competitive Bid Process</b>		
Purchasing through the Cal EMA 1122 Homeland Security Program allows Anaheim not to competitively bid this product due to the fact that the item has already been discounted through the GSA pricing schedule.		
<b>ALTERNATIVE #3 – Sole Source Procurement Request</b>		
The sole source procurement is only for the software component of this purchase. The majority (80%) of this purchase will be procured through Cal EMA’s 1122 Homeland Security Program which utilizes the GSA schedule.		
<b>RISK ANALYSIS</b>		
<b>ALTERNATIVE #1 - DO NOTHING</b>		
Risk Description		
Depending on how fast technology increases, within 6 to 12 months our Harris device will not be able to track the vast majority of devices on the market. This will severely limit our ability to investigate terrorist and criminal cases.		
<b>ALTERNATIVE #2 – Follow Competitive Bid Process</b>		
Risk Description		
Purchasing through the Cal EMA 1122 Homeland Security Program allows Anaheim not to competitively bid this product due to the fact that the item has already been discounted through the GSA pricing schedule. If it was competitively bid, technical aspects could be leaked to potential criminals in the populace, resulting in an ineffective investigation tool.		
<b>ALTERNATIVE #3 – Sole Source Procurement Request</b>		
Risk Description		
The sole source procurement is only for the software component of this purchase. The majority (80%) of this purchase will be procured through Cal EMA’s 1122 Homeland Security Program which utilizes the GSA schedule. Harris is the only company who can provide their software so the hardware upgrade purchased through GSA works.		
<b>COST/ BENEFIT ANALYSIS</b>		
Given anticipated costs, benefits and the known risks, which of the alternatives presented above provides the best choice?		
Alternative	Rank	Reason
Alt 1.	3	Depending on how fast technology increases, within 6 to 12 months our DRT device will not be able to track the vast majority of devices on the market. This will severely limit our ability to investigate terrorist and criminal cases.
Alt. 2	2	Purchasing through the Cal EMA 1122 Homeland Security Program allows Anaheim not to competitively bid this product do to the fact that the item has already been discounted through the GSA pricing schedule.
Alt. 3	1	The majority (80%) of this purchase will be procured through Cal EMA’s 1122 Homeland Security Program which utilizes the GSA schedule. Harris is the only company who can provide their software upgrade so the hardware purchased through GSA works. Sole source will speed things up and limit public exposure.

## FY09 Anaheim/ Santa Ana UASI Grant Program Project Cost/ Benefit Analysis

Project Name:	Harris Project
Prepared By:	Ryan Tisdale
Date:	10/19/11

### PROJECT OVERVIEW AND BACKGROUND

Provide a brief overview, background and definition for the project.

The Anaheim Police Department desires to use UASI grant dollars to purchase covert surveillance equipment. The high tech equipment will be an Orange County asset that allows Law Enforcement to conduct covert surveillance with court approval. This purchase is an upgrade to the DRT device purchased in FY2007.

### DISCUSSION OF ALTERNATIVES

For each of the topics listed below, discuss the project ground rules and assumptions.

#### ALTERNATIVE #1 – DO NOTHING – Make No Purchase or Implement no Project

##### Current Situation / Status

Without an upgrade to our system we will not be able to conduct covert surveillance on cell phones operating in the 4G bandwidth. Increasingly, cell phone vendors are moving all their products to the 4G bandwidth and without this upgrade we will be severely limited in our abilities.

##### Impact of Not Making the Purchase or Implementing the Project

Currently, every city in Orange County has benefited from the DRT device. Without an upgrade, Orange County as a whole would lose valuable knowledge necessary to investigate terrorism cases and solve crimes.

#### ALTERNATIVE #2 – Follow Competitive Bid Process

##### Goals

This purchase is being purchased through Cal EMA's 1122 Homeland Security Program which utilizes the GSA pricing schedule. This procurement process does not require a competitive bid. The City of Anaheim also does not require a competitive bid due to the fact that this purchase is considered a "covert purchase" which only requires the signatures of the City Manager and the Chief of Police.

##### Functional Concept (What will the equipment or service do?)

This upgrade will allow the Anaheim Police Department to conduct covert surveillance on cell phones operating in the 4G bandwidth. Increasingly cell phone vendors are moving all their products to the 4G bandwidth and without this upgrade we will be severely limited in our abilities.

##### Technical Concept (How will the equipment or service work?)

How the Harris system works is proprietary to Harris and they are not willing to release the specifics. Knowledge of how this system works could potentially jeopardize the success of the device.

##### Project/Program Management Concept (How will the project/program be managed?)

This will only be an upgrade to our current DRT device and will be managed in the same manner. Investigator Ryan Tisdale will work as project manager for this project.

<b>Acquisition Strategy:</b>	
The majority 2/3 of this project (all the hardware) will be purchased through the Cal EMA 1122 Homeland Security Program. The remaining 1/3 (software and training) will purchased directly from Harris.	
<b>High Level Schedule (add rows as needed):</b>	
<i>Date</i>	<i>Milestone</i>
11/1/11	Funds given to Cal EMA for purchase of equipment
3/1/12	Harris delivers equipment
3/2/12	Anaheim pays for software and Cal EMA pays for hardware
3/10/12	Training on equipment
3/15/12	Equipment deployed
<b>ALTERNATIVE #3 – Sole Source Procurement Request</b>	
<b>Goals (What is unique about what this alternative approach will attempt to accomplish?)</b>	
<ol style="list-style-type: none"> <li>1. Harris is the only source and distributor for this device capable of conducting this type of covert tracking.</li> <li>2. A competitive bidding process would allow this technology to become public record.</li> <li>3. By limiting the amount of public exposure related to this technology, law enforcement agencies throughout the County will preserve their investigative advantage over criminals and terrorists who are looking to thwart efforts to stop them.</li> </ol>	
<b>Functional Concept (What will the equipment or service do?)</b>	
This upgrade will allow the Anaheim Police Department to conduct covert surveillance on cell phones operating in the 4G bandwidth. Increasingly cell phone vendors are moving all their products to the 4G bandwidth and without this upgrade we will be severely limited in our abilities

**Date: February 19, 2013**

**RE: Covert Purchase Request**

The Police Department wishes to use Urban Areas Security Initiative (UASI) grant funds to upgrade our current covert surveillance equipment. The high tech equipment upgrade will be an Orange County asset that allows Law Enforcement to conduct covert surveillance with court approval. If information on how this device operates were to become public it would give individuals the necessary knowledge on how to defeat the device, thus compromising numerous investigations.

The total cost of the equipment and software is \$107,768.88 which will ultimately be paid to Harris Corporation. Of the total amount, \$86,168.88 will pass through Cal EMA before it reaches Harris Corporation. This is being done as part of the 1122 Homeland Security Program which allows the government buyer to receive a lower cost as part of the General Services Administration (GSA) Schedules Program.

Approval of this request is being sought pursuant to municipal code section 1.04.311 and, if approved, will be managed in adherence with all applicable provisions in that code section. Also, as further required by code, the amount of this purchase is stated as falling under an amount which was appropriated and available for such purpose pursuant to City Council Resolution 2012-093, authorizing the acceptance of the 2012 UASI grant.

Good Morning Lisa,

I am trying to track down a copy of a signed Agreement Summary Sheet for a covert purchase that is being handled by the Police Department. The name of the contractor is Harris Coporation/Cal EMA. Do you know if a copy of those are maintained anywhere in the City Manager's office? I contacted the City Clerk's office, but because it is a covert purchase (not for public knowledge), it does not go to their office.

Thank you,

Kerrstyn

**Subject:** Cal EMA Check Request  
**Attachments:** SKMBT\_C45413041608500.pdf

Hi Jennifer,

I have attached the signed Agreement Summary Sheet for the Cal EMA check request.

Also, it should be noted that the difference between the amount the check is being cut for and the amount listed on the memo and the agreement summary sheet is the tax that will be paid directly to the state once the equipment has been received. We will work with Cal EMA and City of Anaheim Finance to facilitate that payment at that time.

Thank you,

Kerrstyn

Agreement No. \_\_\_\_\_

List all other contracts the Department has entered into with this consultant in the last 12 months that include payment in the current year, including a description of each contract and its value and the cumulative value of all contracts with that consultant.  <input checked="" type="checkbox"/> No other contracts	
Contract Description	Authorized by CM/CC:      Value
Current Contract Total      107,768.88	
Cumulative Total      107,768.88	

**Agreement Summary Sheet for Agreements Executed by the City Manager**  
**Page 2**

The City Manager will not approve this agreement unless the Department has fully justified how the award complies with City Council Policy 4.1 and Administrative Regulation 120.

**Selection Process:**

Is agreement proposed pursuant to a Master Contract or Council-approved design team? ☐ Yes ☒ No If No, answer the following questions:

Was RFP distributed?

☐ Yes To how many firms? \_\_\_\_\_

☒ No Why not? How were proposals solicited? \_\_\_\_\_

Cover purchase pursuant to municipal code section 1.04.311

How many proposals were received? 1

If only one proposal received, what steps were taken to ensure the proposed price was fair and reasonable?

Harris Corporation is the only company offering an upgrade to their proprietary technology.

**Agreement Award:**

Was the agreement awarded to the firm with the lowest cost?

☒ Yes

☐ No (Explain, in detail, why not.) \_\_\_\_\_

Attach a summary of all proposals including the name of each firm and its proposed fee for services. Order the list from lowest to highest cost, and include the ranking assigned to each firm based on the department's evaluation:

**Funding Source:**

☐ General Fund

☒ Other

214 - 311 - 1242 -

- Was this agreement anticipated in the approved budget?

☒ Yes ☐ No (Explain) \_\_\_\_\_

- Describe the funding source, and note any restrictions on the use of such funds (i.e., underground surcharge can only be used to underground utilities; grant funds authorized for specific project).

214-311-1242-9716 (\$86,168.88 for hardware), 214-311-1242-9717 (\$21,600 for software).  
From 2012 UASI grant, no impact on General Fund.

**To:** Evelyn Lee  
**Subject:** RE: Voice Mail - 4/23/13

Hi Evelyn,

It looks like a PO was not issued. I've attached a pdf of the invoice, shipper, and letter of intent.

I'm not sure if I explained the entire issue.

Over a year ago, in February 2012, our Billing Dept. created an invoice for \$88,000 for the product only. We received payment for \$95,700 (\$88,000 plus \$7,700 for CA tax). At that time, the Anaheim, CA tax rate was 7.75%, so the payment should have been only \$94,820 (\$88,000 plus \$6,820 for CA tax).

I explained to the Billing Dept. that, because it was a tax overpayment, \$880 must be returned to the Anaheim Police Dept. Per email received from Investigator Chad Meyer, he asked for the check to be made payable to the City of Anaheim and mailed to him.

A recent internal audit revealed that, unfortunately, the check was never created.

I put through a request to our Accounts Payable Dept. and was told the check could not be created until a W-9 from the City of Anaheim was received.

Thank you,  
-Linda

Hi Linda, I'm sorry I missed your phone call.

Can you send me the Purchase Order Number and Invoice Number related to this purchase please?  
I want to run it by our City Purchasing and Accounts Payable prior to sending the W9 form.

Thank you for your call and assistance.

A0396:

**Request for Taxpayer  
Identification Number and Certification**

Give Form to the  
requester. Do not  
send to the IRS.

Print or type  
See Specific Instructions on page 2.

Name (as shown on your income tax return)  
**CITY OF ANAHEIM**

Business name/disregarded entity name, if different from above

Check appropriate box for federal tax classification (required): ☐ Individual/sole proprietor ☐ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate  
☐ Limited liability company. Enter the tax classification (C=0 corporation, S=S corporation, P=partnership) ▶ ☐ Exempt payee

☒ Other (see instructions) ▶ **LOCAL GOVERNMENT**

Address (number, street, and apt. or suite no.)  
**P.O. BOX 3222**

City, state, and ZIP code  
**ANAHEIM CA 92803**

List account number(s) here (optional)

Requester's name and address (optional)

**Part I Taxpayer Identification Number (TIN)**

Enter your TIN in the appropriate box. The TIN provided must match the name given on the "Name" line to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Social security number

--	--	--	--	--	--	--	--	--	--

Employer identification number

**Part II Certification**

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
- I am a U.S. citizen or other U.S. person (defined below).

**Certification instructions.** You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 4.

Sign  
Here

Signature of  
U.S. person ▶

Date ▶

**6/29/12**

**General Instructions**

Section references are to the Internal Revenue Code unless otherwise noted.

**Purpose of Form**

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct for you are waiting for a number to be issued),
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

**Definition of a U.S. person.** For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

**Special rules for partnerships.** Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

Will do. It will be in the 3:30 mail pickup.

Could I ask a favor please? Could you let me know by return email when you receive it?

I was assured a year ago this check was mailed, but it was discovered not to be the case in an internal audit earlier this month. Now I am personally monitoring it until I know it is safely in your hands.

Thank you,  
-Linda

**Subject:** Harris Software

Good morning! I hope u guys had a good weekend. I received an email from Harris today checking on our status with payment for the software. They would like to get us scheduled for shipment as soon as possible but can't until they received the money for the software. Would you mind calling Harris today? I don't know the procedures for paying for software but I remember Ryan telling me there is a different process.

The software comes pre installed on the machine and there are no disks. We download the software required for our laptops over the internet. The software has to come on the machine because they test each unit to make sure everything works before shipment. In order to use the machine, it must have software installed on it.

Thanks!

Good Morning Susan,

I work for Anaheim PD and I had a quick question regarding invoice #INV6779-02637 for \$20,000.00. Do you know why there was no tax added on the invoice?  
I couldn't recall if software wasn't taxed and maybe that was the reason, but I just wanted to verify that we shouldn't be paying tax as well.

Thank You,

---

Kerrstyn:

I think if an actual product (CD with software on it) is shipped, then you have to pay tax but the software was downloaded from our web site so nothing was actually "delivered". Thus you don't have to pay tax :)

**Subject:** RE: PA Systems for Helicopters - New FY11 Project

Just sent her an email with the answer- the AEL system is still down so I had to search for the info. It looks like it will work so whatever the state suggests is good.

Also, on a side note, I did a search for the DRT MOU in the City Clerk's laserfiche, but couldn't come up with anything. If you can get me the actual title of the MOU, I may have better luck.

**Importance:** High

Sgt. Santy,

I am in the process of doing a modification to the FY11 UASI State Workbook to add the PA Systems for the Helicopters and had a question from Joe Anderson regarding the AEL. Are the PA Systems going to be mounted on the helicopters? If so, he is instructing us to use AEL # 18AC-00-ACFT. Can you please review this AEL and let me know if the equipment being described is what you are looking to purchase under this project? Once I receive verification on the correct AEL from you, I will forward the information and modification to Joe for approval.

Please let me know you have any questions.

Thank you!

## **ANAHEIM POLICE DEPARTMENT ELECTRONIC SURVEILLANCE UNIT (ESU)**

### **ASSISTANCE TO OUTSIDE JURISDICTIONS**

The purpose of this policy is to set forth policy and procedures for responding to requests for assistance from adjacent jurisdictions requesting Anaheim Police Department's Electronic Surveillance Unit.

### **PURPOSE AND SCOPE**

The Anaheim Police Department's Electronic Surveillance Unit (ESU) is available to assist outside police agencies with [REDACTED] when available. ESU utilizes Digital Receiver Technology (DRT) purchased with 2008 UASI grant funds. When requested, Anaheim will provide [REDACTED] DRT equipment and two investigators to operate the device.

### **RESPONSE PROCEDURES**

1. When an outside police agency requests ESU for assistance with an ongoing investigation, the request should be directed to Anaheim Police Department Crime Task Force Sergeant Mike Helmick (714-497-6312).
2. The CTF Sergeant will review the request and make a determination whether it meets the following criteria:
  - a. Violent felony such as murder, kidnap, or rape or the case involves a terrorist related activity/event
  - b. Suspect who committed one of the aforementioned crimes is outstanding and there is a likelihood the violence will continue
3. Upon the CTF Sergeant's approval of the request for assistance, the requesting agency will be billed a one time [REDACTED] fee of approximately \$500 by the cellular phone company. [REDACTED]
4. If the request is in the course of normal business hours (Tues-Friday, 0800-1800) there will not be a personnel charge associated with the request. If the request is outside of a normal workday, or during a scheduled day off, the

requesting agency will incur the overtime costs of the investigators assigned, at a rate of \$70/hour per investigator and \$84/hour for the CTF Sergeant.

5. Upon deployment of the DRT and accompanying investigators, it is the requesting agency's responsibility to supply an arrest/surveillance team
6. If multiple requests for service are fielded by the CTF Sergeant at or near the same time, priority will be given to the request which meets more of the criteria listed in # 2 of this form, or is deemed more likely to result in a successful apprehension.
7. If while working a case the CTF Sergeant receives an additional request from an outside police agency with a higher priority, ESU will discontinue the current case and start work on the more critical case. If possible, the case discontinued will be reinitiated upon completion of the critical case.
8. The Anaheim Police Department reserves the right to make the decision on the use of the DRT equipment since it is housed and maintained by the Anaheim Police Department.
9. Employees of the Anaheim Police Department have to be trained on the use of the DRT equipment and this training is ongoing. Therefore, the DRT equipment will not be loaned to outside police agencies who do not have the necessary training to operate the equipment.

Update on the Harris equipment: We have received the hardware purchased through Cal EMA's 1122 program and the software purchased through the City of Anaheim has been downloaded onto it.

We are currently in the process of procuring the [REDACTED] which complements the new hardware and software. This purchase of the [REDACTED] should cost somewhere around 10K, we are researching the appropriate method to purchase this item, it may have to be a covert purchase as was the upgrade to the Harris equipment.

Engineering Integration Group

10 October 2013

To: Anaheim Police Department  
Attention: Chad Meyer  
Subject: FIRM FIXED PRICE Quote  
Quote #: 101013-002

All products are delivered with user manuals. Ground shipping is included in the price.

Delivery Schedule [REDACTED] is back ordered and will ship on 20 December 2013.

LINE ITEM	PART NUMBER	ITEM	QTY	UNIT PRICE	TOTAL FIRM-FIXED PRICE
1	[REDACTED]	[REDACTED]	1	\$9,050.00	\$9,050.00

Product will be delivered to: California

California sales tax:	\$678.75
<b>TOTAL</b>	<b>\$9,728.75</b>

The KEYW Corporation is required to collect sales tax in the amount quoted above. Any order resulting from this quote shall include the sales tax amount unless the Buyer provides an exemption certificate.

This proposal is valid for a period of 30 days from the date of this quote and shall remain valid through 11/9/2013.

The quote number appearing on this document should be referenced on all orders and other related correspondence.

**Warranty Statement:**

A one (1) year warranty is included in the quoted price of the product unless otherwise specified above. The warranty period shall start upon acceptance of the products.

The KEYW Corporation warrants each new product manufactured to be free from defects in material and workmanship under normal use and service for the warranty period. This warranty is provided to the original end user and is not assignable or transferable. The KEYW Corporation will repair, without charge, any KEYW product which fails due to a defect in material or workmanship within the warranty period. This warranty excludes damage caused by improper operation, testing, repair, modification, alteration, adjustment, installation, or maintenance of the KEYW product. Damage resulting from either accident or neglect is also excluded. The preceding warranty is The KEYW Corporation's only warranty concerning the products, services and any deliverables resulting under this order, and is made expressly in lieu of all other warranties and representations, express or implied, including any implied warranties of fitness for a particular purpose, merchantability, non-infringement or otherwise.

NOTWITHSTANDING ANY OTHER PROVISION OF THIS WARRANTY AND EXCEPT AS OTHERWISE PROVIDED UNDER APPLICABLE LAW, IN NO EVENT SHALL KEYW BE LIABLE FOR INDIRECT, SPECIAL, CONSEQUENTIAL, MULTIPLE OR PUNITIVE DAMAGES, OR ANY DAMAGE DEEMED TO BE OF AN INDIRECT OR CONSEQUENTIAL NATURE ARISING OUT OF OR RELATED TO ITS PERFORMANCE UNDER THE WARRANTY, WHETHER BASED UPON BREACH OF CONTRACT, WARRANTY, NEGLIGENCE AND WHETHER GROUNDED IN TORT, CONTRACT, CIVIL LAW OR OTHER THEORIES OF LIABILITY, INCLUDING STRICT LIABILITY. THE KEYW CORPORATION SHALL NOT BE LIABLE FOR THE LOSS OF ANTICIPATORY PROFITS.

John Welter, Chief of Police

**To: Marcie Edwards**  
**City Manager**

**From: Raul Quezada**  
**Chief of Police**

**Date: November 12, 2013**

**RE: Covert Purchase Request**

The Police Department wishes to use Urban Areas Security Initiative (UASI) grant funds to upgrade our current covert surveillance equipment. The high tech equipment upgrade will be an Orange County asset that allows Law Enforcement to conduct covert surveillance with court approval. If information on how this device operates were to become public it would give individuals the necessary knowledge on how to defeat the device, thus compromising numerous investigations.

The total cost of the equipment is \$9,728.75 which will ultimately be paid to KEYW Corporation. KEYW Corporation manufactures the [REDACTED] called the [REDACTED] which works in conjunction with the [REDACTED] equipment manufactured by Harris Corporation we purchased in February, 2013 with UASI funds.

Approval of this request is being sought pursuant to municipal code section 1.04.311 and, if approved, will be managed in adherence with all applicable provisions in that code section. Also, as further required by code, the amount of this purchase is stated as falling under an amount which was appropriated and available for such purpose pursuant to City Council Resolution 2012-093, authorizing the acceptance of the 2012 UASI grant.

**To:** Ryan Tisdale  
**Cc:** Chad Meyer  
**Subject:** RE: Harris [REDACTED]

Hey!! I am going to have to get the 1122 thing signed by the Chief as well so I will just hand both over to Vangs tomorrow. Did you fill out the cost benefit analysis? We will have to attach it to that.

Thanks!  
K

Hey Kerrstyn,

Here is the Covert Purchase Memo along with the Quote for the [REDACTED] Let me know if you want me to try to get this signed or what I should do from here.

Thank you,  
Ryan

**FY12 Anaheim/ Santa Ana UASI Grant Program  
Project Cost/ Benefit Analysis**

Project Name:	Harris Project
Prepared By:	Ryan Tisdale
Date:	11/12/13

### **PROJECT OVERVIEW AND BACKGROUND**

Provide a brief overview, background and definition for the project.

The Anaheim Police Department desires to use UASI grant dollars to upgrade previously purchased covert surveillance equipment. The high tech equipment upgrade will be an Orange County asset that allows Law Enforcement to conduct covert surveillance with court approval. This purchase is an upgrade to the Harris device purchased in FY2013 which will give us the ability to [REDACTED]

### **DISCUSSION OF ALTERNATIVES**

For each of the topics listed below, discuss the project ground rules and assumptions.

#### **ALTERNATIVE #1 – DO NOTHING – Make No Purchase or Implement no Project**

##### **Current Situation / Status**

Without an upgrade to our system [REDACTED]

[REDACTED] and without this upgrade we will be severely limited in our abilities.

##### **Impact of Not Making the Purchase or Implementing the Project**

Currently, every city in Orange County has benefited from the Harris device. Without an upgrade to our [REDACTED] Orange County as a whole would lose valuable knowledge necessary to investigate terrorism cases and solve crimes.

#### **ALTERNATIVE #2 – Follow Competitive Bid Process**

##### **Goals**

This procurement process does not require a competitive bid. The City of Anaheim also does not require a competitive bid due to the fact that this purchase is considered a "covert purchase" which only requires the signatures of the City Manager and the Chief of Police.

##### **Functional Concept (What will the equipment or service do?)**

This upgrade will allow the Anaheim Police Department to conduct [REDACTED]

[REDACTED] and without this upgrade we will be severely limited in our abilities.

##### **Technical Concept (How will the equipment or service work?)**

How the Harris system upgrade works is proprietary to Harris and KEYW Corporation and they are not willing to release the specifics. Knowledge of how this system works could potentially jeopardize the success of the device.

##### **Project/Program Management Concept (How will the project/program be managed?)**

This will only be an upgrade to our current Harris device and will be managed in the same manner. Investigator Ryan

Tisdale will work as project manager for this project.	
<b>Acquisition Strategy:</b>	
100% of this purchase will be directly through KEYW Corporation who manufactures the [REDACTED] for Harris Corporation.	
<b>High Level Schedule (add rows as needed):</b>	
<i>Date</i>	<i>Milestone</i>
11/14/13	City Manager & Police Chief sign the Covert Purchase request
12/15/13	KEYW Corporation delivers equipment
1/2/14	Training on equipment
1/15/14	Equipment deployed
<b>ALTERNATIVE #3 – Sole Source Procurement Request</b>	
<b>Goals (What is unique about what this alternative approach will attempt to accomplish?)</b>	
<ol style="list-style-type: none"> <li>1. A competitive bidding process would allow this technology to become public record.</li> <li>2. By limiting the amount of public exposure related to this technology, law enforcement agencies throughout the County will preserve their investigative advantage over criminals and terrorists who are looking to thwart efforts to stop them.</li> </ol>	
<b>Functional Concept (What will the equipment or service do?)</b>	
This upgrade will allow the Anaheim Police Department to conduct [REDACTED] [REDACTED] and without this upgrade we will be severely limited in our abilities	
<b>Technical Concept (How will the equipment or service work?)</b>	
How the Harris system works is proprietary to Harris and KEYW Corporation and they are not willing to release the specifics. Knowledge of how this system works could potentially jeopardize the success of the device.	
<b>Project/Program Management Concept (How will the project/program be managed?)</b>	
This will only be an upgrade to our recent Harris upgrade and will be managed in the same manner. Investigator Ryan Tisdale will work as project manager for this project.	
<b>Acquisition Strategy:</b>	
100% of this purchase will be directly through KEYW Corporation who manufactures the [REDACTED] for Harris Corporation.	
<b>High Level Schedule (add rows as needed):</b>	
<i>Date</i>	<i>Milestone</i>
11/14/13	City Manager & Police Chief sign the Covert Purchase request
12/15/13	Harris delivers equipment
1/2/14	Training on equipment
1/15/14	Equipment deployed
<b>LIFE-CYCLE COSTS AND BENEFITS</b>	
For each alternative, discuss the costs and benefit of the product or service according to its life-cycle.	

Life Cycle Cost Summary: Over the expected lifetime of the product or service in question, add the maintenance, enhancement, training/staffing, tangible benefits, cost savings, etc.

#### **ALTERNATIVE #1 - DO NOTHING**

Depending on how fast technology increases, within a month current Harris [REDACTED] will not be able to track the vast majority of devices on the market as the cellular carriers move to 4G LTE. This will severely limit our ability to investigate terrorist and criminal cases and to [REDACTED]

#### **ALTERNATIVE #2 – Follow Competitive Bid Process**

We cannot do a competitive bid process because the release of this information could jeopardize current cases and upcoming cases and investigations.

#### **ALTERNATIVE #3 – Sole Source Procurement Request**

100% of this purchase will be directly through KEYW Corporation who manufactures the hand-held device for Harris Corporation.

### **RISK ANALYSIS**

#### **ALTERNATIVE #1 - DO NOTHING**

##### **Risk Description**

Depending on how fast technology increases, within a month current [REDACTED] will not be able to track the vast majority of devices on the market as the cellular carriers move to 4G LTE. This will severely limit our ability to investigate terrorist and criminal cases and to [REDACTED]

#### **ALTERNATIVE #2 – Follow Competitive Bid Process**

##### **Risk Description**

We cannot do a competitive bid process because the release of this information could jeopardize current cases and upcoming cases and investigations.

#### **ALTERNATIVE #3 – Sole Source Procurement Request**

##### **Risk Description**

100% of this purchase will be directly through KEYW Corporation who manufactures the hand-held device for Harris Corporation.

### **COST/ BENEFIT ANALYSIS**

Given anticipated costs, benefits and the known risks, which of the alternatives presented above provides the best choice?

Alternative	Rank	Reason
Alt 1.	3	Depending on how fast technology increases, within a month current [REDACTED] will not be able to track the vast majority of devices on the market as the cellular carriers move to 4G LTE. This will severely limit our ability to investigate terrorist and criminal cases and to [REDACTED]
Alt. 2	2	We cannot do a competitive bid process because the release of this information could jeopardize current cases and upcoming cases and investigations.
Alt. 3	1	100% of this purchase will be directly through KEYW Corporation who manufactures the [REDACTED] for Harris Corporation.

Good Morning Cathy,

Ryan Tisdale notified the Cal OES 1122 office that we received the equipment related to Order #849 on 10/1/2013. Harris contacted us today stating that payment is 60-90 days overdue. Are you able to tell me when Harris can expect to receive payment from Cal OES?

Thank you,

---

Hi Brian,

This is an issue with Cal EMA, we have paid them and they need to issue you the check. We have been in communication with them trying to get this done ever since your last email.

As a requirement to utilize the 1122 program we are required to use this channel of payment. Sorry for the inconvenience this has caused hopefully this will be resolved this week.

Thanks,  
Ryan

Hi Barrett,

I just wanted to check on the status our payment to Harris Corporation reference some tracking equipment we purchased through the 1122 program and received back in November, 2013. I think my colleague Kerrstyn Vega reached out to you a month or so ago and I was just wondering if you needed anything else on our end to issue payment. I believe we completed the receiver paperwork but if not please let me know and I will get this done ASAP.

Thank you,  
Ryan

Hi Brian,

I just got this back from Cal EMA. Looks like according to their records they sent you guys a check in December. See below.

If there is still something wrong please let me know.

Thanks,  
Ryan

Hello Ryan,

Harris was sent the check on 19 Dec 13 (check# 04-536583). Unless there is some question from Harris, we have closed the file and you are set on that order.

Re: ACLU Public Records Act Request

Dear Ms. Price:

We previously provided you with a copy of the August 17, 2011 non-disclosure agreement signed by a representative of the Anaheim Police Department at the request of the FBI. I recently became aware that another APD officer received and signed an identical letter of the same date. Although this contains no new information, I have enclosed a copy to ensure that you have all potentially responsive documents to the subject PRA request.

Sincerely,

Michael R.W. Houston, City Attorney

**Re: Purchase of Wireless Collection Equipment/Technology and Non-Disclosure Obligations**

*LAW ENFORCEMENT SENSITIVE (LES): The information in this document is the property of the Federal Bureau of Investigation (FBI) and may be distributed within the Federal Government (and its contractors), U.S. intelligence, law enforcement, public safety or protection officials and individuals with a need to know. Distribution beyond these entities without FBI Operational Technology Division authorization is prohibited. Precautions should be taken to ensure this information is stored and/or destroyed in a manner that precludes unauthorized access. Information bearing the LES caveat may not be used in legal proceedings without first receiving authorization from the originating agency. Recipients are prohibited from subsequently posting the information marked LES on a website on an unclassified network.*

Dear Investigator Meyer:

We have been advised by Harris Corporation of the Anaheim Police Department's request to purchase certain wireless collection equipment/technology manufactured by Harris Corporation. Consistent with the conditions on the equipment authorization granted to Harris Corporation by the Federal Communications Commission (FCC), state and local law enforcement agencies must coordinate with the Federal Bureau of Investigation (FBI) to complete this non-disclosure agreement prior to the acquisition and use of the equipment/technology authorized by the FCC authorization.

As you are aware, law enforcement agencies increasingly rely on wireless collection equipment/technology to conduct lawfully-authorized electronic surveillance. Disclosing the existence of and the capabilities provided by such equipment/technology to the public would reveal sensitive technological capabilities possessed by the law enforcement community and may allow individuals who are the subject of investigation wherein this equipment/technology is used to employ countermeasures to avoid detection by law enforcement. This would not only potentially endanger the lives and physical safety of law enforcement officers and other individuals, but also adversely impact criminal and national security investigations. That is, disclosure of this information could result in the FBI's inability to protect the public from

terrorism and other criminal activity because, through public disclosures, this technology has been rendered essentially useless for future investigations. In order to ensure that such wireless collection equipment/technology continues to be available for use by the law enforcement community, the equipment/technology and any information related to its functions, operation, and use shall be protected from potential compromise by precluding disclosure of this information to the public in any manner including but not limited to: in press releases, in court documents, during judicial hearings, or during other public forums or proceedings. Accordingly, the Anaheim Police Department agrees to the following conditions in connection with its purchase and use of the Harris Corporation equipment/technology:

1. The Anaheim Police Department will ensure that operators of the equipment have met the operator training standards identified by the FBI and are certified to conduct operations.
2. The Anaheim Police Department will coordinate with the FBI in advance of its use of the wireless collection equipment/technology to ensure de-confliction of respective missions.
3. The Anaheim Police Department will not distribute, disseminate, or otherwise disclose any information concerning the wireless collection equipment/technology or any software, operating manuals, or related technical documentation (including its technical/engineering description(s) and capabilities) to the public, including to any non-law enforcement individuals or agencies.
4. The Anaheim Police Department will not distribute, disseminate, or otherwise disclose any information concerning the wireless collection equipment/technology or any software, operating manuals, or related technical documentation (including its technical/engineering description(s) and capabilities) provided to it by any other law enforcement or government agency without the prior written approval of the FBI. Prior to any approved distribution, dissemination, or comparable disclosure of any information concerning the wireless collection equipment/technology or any software, manuals, or related technical documentation related to such equipment/technology, all materials shall be marked "Law Enforcement Sensitive, For Official Use Only - Not to be Disclosed Outside of the Anaheim Police Department."
5. The Anaheim Police Department shall not, in any civil or criminal proceeding, use or provide any information concerning the Harris Corporation wireless collection equipment/technology, its associated software, operating manuals, and any related documentation (including its technical/engineering description(s) and capabilities) beyond the evidentiary results obtained through the use of the equipment/technology including, but not limited to, during pre-trial matters, in search warrants and related affidavits, in discovery, in response to court ordered disclosure, in other affidavits, in grand jury hearings, in the State's case-in-chief, rebuttal, or on appeal, or in testimony in any phase of civil or criminal trial, without the prior written approval of the FBI. If the Anaheim Police Department learns that a District Attorney, prosecutor, or a court is considering or intends to use or provide any information concerning the Harris Corporation wireless collection equipment/technology, its associated software, operating manuals, and any related documentation (including its technical/engineering description(s) and capabilities) beyond the evidentiary results obtained through the use of the equipment/technology in a manner that will cause law enforcement sensitive information relating to the technology to be made known to the public, Anaheim Police Department will immediately notify the FBI in order to allow sufficient time for the FBI to intervene to protect the equipment/technology and information from disclosure and potential compromise.

Notification shall be directed to the attention of:

Assistant Director  
Operational Technology Division  
Federal Bureau of Investigation  
Engineering Research Facility  
Building 27958A, Pod A  
Quantico, Virginia 22135  
(703) 985-6100

and

Unit Chief  
Tracking Technology Unit  
Operational Technology Division  
Federal Bureau of Investigation  
Engineering Research Facility  
Building 27958A, Pod B  
Quantico, Virginia 22135  
(703) 985-6840

In addition, the Anaheim Police Department will, at the request of the FBI, seek dismissal of the case in lieu of using or providing, or allowing others to use or provide, any information concerning the Harris Corporation wireless collection equipment/technology, its associated software, operating manuals, and any related documentation (beyond the evidentiary results obtained through the use of the equipment/technology), if using or providing such information would potentially or actually compromise the equipment/technology.

6. A copy of any court order in any proceeding in which the Anaheim Police Department is a party directing disclosure of information concerning the Harris Corporation equipment/technology and any associated software, operating manuals, or related documentation (including its technical/engineering description(s) and capabilities) will immediately be provided to the FBI in order to allow sufficient time for the FBI to intervene to protect the equipment/technology and information from disclosure and potential compromise. Any such court orders shall be directed to the attention of:

Assistant Director  
Operational Technology Division  
Federal Bureau of Investigation  
Engineering Research Facility  
Building 27958A, Pod A  
Quantico, Virginia 22135  
(703) 985-6100

and

Unit Chief  
Tracking Technology Unit  
Operational Technology Division  
Federal Bureau of Investigation  
Engineering Research Facility  
Building 27958A, Pod B

Quantico, Virginia 22135  
(703) 985-6840

7. The Anaheim Police Department will not publicize its purchase or use of the Harris Corporation equipment/technology or any of the capabilities afforded by such equipment/technology to the public, other law enforcement agencies, or other government agencies, including, but not limited to, in any news or press releases, interviews, or direct or indirect statements to the media.
8. In the event that the Anaheim Police Department receives a request pursuant to the Freedom of Information Act (5 U.S.C. § 552) or an equivalent state or local law, the civil or criminal discovery process, or other judicial, legislative, or administrative process, to disclose information concerning the Harris Corporation wireless collection equipment/technology, its associated software, operating manuals, and any related documentation (including its technical/engineering description(s) and capabilities), the Anaheim Police Department will immediately notify the FBI of any such request telephonically and in writing in order to allow sufficient time for the FBI to seek to prevent disclosure through appropriate channels. Notification shall be directed to the attention of:

Assistant Director  
Operational Technology Division  
Federal Bureau of Investigation  
Engineering Research Facility  
Building 27958A, Pod A  
Quantico, Virginia 22135  
(703) 985-6100

and

Unit Chief  
Tracking Technology Unit  
Operational Technology Division  
Federal Bureau of Investigation  
Engineering Research Facility  
Building 27958A, Pod B  
Quantico, Virginia 22135  
(703) 985-6840

UNCLASSIFIED//FOR OFFICIAL USE ONLY//LAW ENFORCEMENT SENSITIVE

The Anaheim Police Department's acceptance of the above conditions shall be evidenced by the signature below of an authorized representative of the Anaheim Police Department.

Sincerely,

---

Amy S. Hess  
Assistant Director  
Operational Technology Division  
Federal Bureau of Investigation

Acknowledged and agreed to this 17<sup>TH</sup> day of AUG, 2011.
