RE: Public Records Act Request

Dear Superintendent Oto:

The American Civil Liberties Union of Northern California ("ACLU-NC") is interested in obtaining information about discipline policies and procedures; responses to discrimination and harassment; and the presence of law enforcement officers at all high schools and Alternative Education programs in Visalia Unified School District ("District"). As you are aware, we have heard from current and past students as well as community members that Visalia Unified has not adequately addressed the racial harm that students of color face while in your school district. While we were hopeful when the District initially suggested that it would agree to a written plan to address racial hostility on campus, the District has since decided not to take those steps. We remain concerned that students will continue to face discrimination and racial harassment in the District.

Accordingly, we submit the following request for records pursuant to the California Public Records Act ("CPRA"), California Government Code § 6250 et seq. As you likely know, Government Code § 6253(c) requires agencies to provide a response to Public Records Act requests within ten (10) days of receipt of a request. Pursuant to that requirement, I look forward to your prompt response.

Definitions Used in this Request

The phrase “policies and procedures” includes, but is not limited to codes, rules, and regulations, board exhibits, bulletins, memoranda, directive and training materials, and board
policies. If any of the policies or procedures we have requested is currently being updated or revised, please let us know.

The term “document” used in this request has the same broad definition as the term “writing” in section 6252(f) of the Government Code, set forth below:

The term “District schools” refers to Divisadero Middle School, El Diamante High School, Golden West High School, Green Acres Middle School, La Joya Middle School, Mt. Whitney High School, Redwood High School, Ridgeview Middle School, Sequoia High School, and Valley Oak Middle School in Visalia Unified School District.

We have attempted to be as specific as possible in designating the public records we wish to review, given that we are unfamiliar with the District’s policies and practices regarding the collection and maintenance of these records. If you find that any of our requests are unclear or insufficiently focused, we request that you provide us with the assistance required under California Government Code § 6253.1, including “assisting the member of the public to identify records and information that are responsive to the request or to the purpose of the request.”
We understand that some of the documents we have requested may contain information that would identify juveniles if produced in unredacted form. We both expect and encourage the District to comply with its obligation to protect the privacy of its students. We therefore request that, where necessary, responsive documents be redacted to replace juvenile names with numbers or codes. This will protect juveniles’ identities while allowing us to know if certain students are repeatedly referred to in the documents provided.

Because the ACLU-NC is a nonprofit organization, we request that you waive any fees that would be normally applicable to a Public Records Act request. See North County Parents Org’n v. Dept. of Educ., 23 Cal. App. 4th 144 (1994). Should you be unable to do so, please let me know if the direct costs associated with reproducing the documents requested herein will exceed one hundred dollars ($100) prior to incurring such costs.

We understand that our requests are significant, and we thank you in advance for providing us with the records we have requested. Please send all responsive documents to me at:
