1 I, Dylan Verner-Crist, declare:

2 1. I have personal knowledge of the following facts except those stated on  
3 information and belief. As to those facts, I believe them to be true. If called to testify, I could and  
4 would testify competently to the contents of this declaration. I am over the age of 18. I make this  
5 declaration in opposition to the City Attorney's request for a preliminary injunction against the  
6 defendant in this case.

7 2. I am an investigator at the American Civil Liberties Union Foundation of Northern  
8 California ("ACLU"). The ACLU is a nonprofit public interest law firm based in San Francisco,  
9 California that provides free legal services to people whose civil liberties have been threatened by  
10 government action. In addition to direct representation, the ACLU advocates for policy changes  
11 and engages in impact litigation to ensure that Constitutional rights are protected.

12 3. In 2020, the San Francisco Police Department ("SFPD") made a total of 631 drug-  
13 related arrests in San Francisco's proposed Tenderloin Drug Banishment Zone ("Banishment  
14 Zone"). The three arrests of Christian Padilla-Martel during this year constitute just 0.48% of the  
15 drug-related arrests in the Banishment Zone during this time period. *See* Memorandum of Points  
16 and Authorities in Support of Plaintiff's Motion for Preliminary Injunction ("MPA") at 9-10  
17 (recording that Mr. Padilla-Martel was arrested on May 2, 2020, June 29, 2020, and July 20, 2020  
18 for alleged drug-related activity).

19 4. In order to calculate these figures, on January 12, 2021 I submitted a request under  
20 the California Public Records Act ("PRA") to SFPD for data regarding drug-related arrests made  
21 by SFPD officers between January 1, 2019 and December 31, 2020. I focused my request on just  
22 2019 and 2020 because data for 2021 was not available at the time of my request. Attached hereto  
23 as **Exhibit A** is a true and correct copy of this request. The SFPD produced a responsive  
24 spreadsheet to my request on January 22, 2021. A true and correct copy of SFPD's response to my  
25 request is attached hereto as **Exhibit B**. SFPD's produced spreadsheet contained data on all of the  
26 drug-related arrests made in San Francisco in 2019 and 2020, with one row for each charge  
27 (meaning that each arrest could have multiple rows in the data).

28 5. In order to utilize SFPD's produced data to analyze the number of drug-related

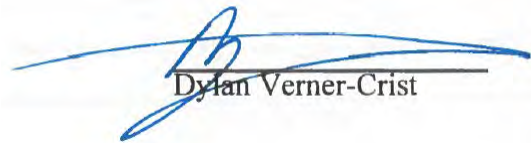

1 arrests made in the Banishment Zone in 2019 and 2020, I downloaded SFPD’s publicly-available  
2 arrest data, *available at* [https://data.sfgov.org/Public-Safety/Police-Department-Incident-Reports-  
3 2018-to-Present/wg3w-h783](https://data.sfgov.org/Public-Safety/Police-Department-Incident-Reports-2018-to-Present/wg3w-h783). Using this data and the “VLOOKUP” function in Excel, I added the  
4 incident date, police district, intersection, latitude, and longitude to SFPD’s PRA data by matching  
5 each arrest’s unique incident number in the publicly available data with the same incident number  
6 in the PRA data. I then used conditional formatting in Excel to highlight only the rows of the PRA  
7 worksheet that corresponded to relevant drug charges, defined as charges under California Health  
8 & Safety Codes sections 11350, 11351, 11352, 11364, 11365, 11366, 11370.1, 11375, 11377,  
9 11378, and 11379. I then copied this new data set into a new spreadsheet.

10         6.         After doing so, I had a data set of all the arrests on relevant drug charges in San  
11 Francisco for 2019 and 2020, with one row for each charge given to each arrestee during booking  
12 for a given incident. I then reduced this spreadsheet to just one row per individual per incident  
13 using the “PERSON\_WID” column in the PRA data. This column contains a unique identifier for  
14 each individual in a given incident report, whereas the “INCIDENT\_NO” column contains a  
15 unique identifier for each incident. From the data itself, I could not determine whether  
16 “PERSON\_WID” was unique to each individual in an incident report or whether a person with  
17 multiple different arrests had the same PERSON\_WID across each incident. To protect against  
18 undercounting arrests in a data analysis, I concatenated the INCIDENT\_NO with the  
19 PERSON\_WID to create a new unique number composed of the two together. For instance, two  
20 individuals were arrested for INCIDENT\_NO 200774528, one with PERSON\_WID 5861975 and  
21 the other with PERSON\_WID 5862024. If PERSON\_WID 5862024 was arrested multiple times  
22 and had the same PERSON\_WID for each arrest, then this number could not be used to count the  
23 total number of arrests in the Banishment Zone. If PERSON\_WID 5862024 is combined with  
24 INCIDENT\_NO 200774528 (making INCIDENT\_WID 2007745285862024), then I could be sure  
25 that this number is unique to each individual arrest. After doing this, I then used the new unique  
26 number to remove the rows containing duplicates of that number from the spreadsheet to make  
27 sure that there was only one row per individual arrest. This created a spreadsheet containing a list  
28 of all the individuals arrested for drug-related activity in San Francisco in 2019 and 2020.

1           7.       To narrow the data to just the Banishment Zone, I then filtered the spreadsheet to  
2 only arrests made in the SFPD's Tenderloin and Northern Police Districts. The Banishment Zone  
3 contains blocks in both of these Police Districts. *See* Declaration of Captain Carl Fabbri, ¶10  
4 (explaining contours of Banishment Zone). Utilizing Google Maps, I looked up the intersection  
5 listed on each arrest and determined whether the arrest was within the Banishment Zone. If the  
6 arrest was not in the Banishment Zone, I deleted it from the data. Attached hereto as **Exhibit C** is  
7 a true and correct copy of the resulting spreadsheet, which I then used to analyze the data  
8 described above by using Excel's PivotTable tools.

9           8.       Attached hereto as **Exhibit D** is a map using circles to show the three places in the  
10 Banishment Zone where Mr. Padilla-Martel was arrested. I made this map utilizing Google Maps  
11 tools and the descriptions of the locations of Mr. Padilla-Martel's arrests in the City's Preliminary  
12 Injunction Motion. *See* Plaintiff's Motion for a Preliminary Injunction at 9-10.

13           I swear under penalty of perjury that the foregoing is true and correct, and that this  
14 declaration was executed at Berkeley, California this 12th day of April, 2021.

**RE: California Public Records Act Request Regarding Racial Demographics of Drug Arrests in the San Francisco Tenderloin**

Dear San Francisco Police Department Legal Division:

Pursuant to the California Public Records Act (“PRA”), we request the following records in the possession of the San Francisco Police Department (“SFPD”). San Francisco maintains a publicly accessible open data site, “DataSF”, which includes data recording SFPD incidents.<sup>1</sup> This data records that 6,332 drug-related arrests were made by SFPD officers from January 1, 2019 to December 31, 2020. We request additional data related to these arrests, including:

- The race and ethnicity of each arrestee;
- The age of each arrestee;
- The birthplace of each arrestee;
- The zip code and city of residence of each arrestee;
- The gender of each arrestee;
- The housing status of each arrestee;
- The specific violations each arrestee was arrested for;

We request that this data be provided in electronic format, preferably via an Excel spreadsheet. Please produce these data fields in addition to the publicly-available fields on the DataSF portal. In particular, please produce the “Incident ID Number” for each of these arrests.

However, if producing this data in electronic format is impossible, please provide this information in whatever format it is available. In addition, if portions of any of this request are exempt from disclosure, please provide the nonexempt portions.<sup>2</sup> Likewise, if SFPD maintains data tracking for some but not all of these requests, please provide the data that SFPD does maintain.

<sup>2</sup> Gov’t Code § 6253(a).

If SFPD records any of the information above but not in a spreadsheet or electronic format<sup>3</sup>, please produce all such documents and materials. As used in this request, the term “document” has the same broad definition as the term “writing” in Government Code section 6252(f): “Any handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting, by electronic mail or facsimile, and every other means of recording upon any tangible thing, any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored.” This request construes “materials” to mean any records,<sup>4</sup> publications, memoranda, writings, electronic data, mail, media files, nonstandard documents, or other forms of communication.

If this request is found to be insufficiently focused or effective, Government Code section 6253.1(a) requires (1) Assistance in identifying the records and information that are responsive to this request or to the purpose of this request; (2) description of the information technology and physical location in which the records exist; and (3) that suggestions be provided for overcoming any practical basis for denying access to the records or information sought.

If you have any questions regarding the scope of this request, anticipate the cost of production will exceed \$50, or that the time needed to copy the records will delay their release, please contact me at [dvernercris@aclunc.org](mailto:dvernercris@aclunc.org) or 510-289-5399 to discuss arrangements for the production of these documents.<sup>5</sup> Otherwise, please send all documents as soon as possible and on a rolling basis if necessary.

Thank you in advance for your compliance with this request. Pursuant to the Public Records Act, your response is due by **Friday, January 22, 2021**.
