Hi [Councilmember Name](#),

Specifically, I would like to discuss the [city department's](#) acquisition and use of [a surveillance technology](#), this technology's impact on civil rights and members of our community, and the need for city council oversight prior to any decision to acquire or use this technology.

I hope we can meet soon to discuss these important issues. Some times that we are available and my contact information are below. [[List 3-5 available dates and hour-long windows of time.](#)]

### **MESSAGE FOLLOWING-UP AFTER MEETING:**

Hi [Councilmember Name](#),

Thank you for meeting to discuss the [city department's](#) acquisition and use of [surveillance technology](#). I appreciate you taking the time to discuss this issue. I wanted to follow up with some materials that we discussed in the meeting.

As a next step, we would like to ask that you [request additional information from the city department about this technology and to facilitate a public discussion about it at an upcoming city council meeting](#).

I am also attaching the ACLU's draft model surveillance technology ordinance. This ordinance ensures surveillance technology proposals are subject to our local democratic process and that residents have a seat at the table for decisions about technologies such as drones, video cameras, and license plate readers. More than a dozen U.S. localities have adopted a version of this legislation.

Please let me know if you have any additional questions. We will be in touch.

Sincerely,
