MESSAGE FOLLOWING-UP AFTER MEETING:

Hi Councilmember Name,

Thank you for meeting to discuss the city department’s acquisition and use of surveillance technology. I appreciate you taking the time to discuss this issue. I wanted to follow up with some materials that we discussed in the meeting.

As a next step, we would like to ask that you request additional information from the city department about this technology and to facilitate a public discussion about it at an upcoming city council meeting.

I am also attaching the ACLU’s draft model surveillance technology ordinance. This ordinance ensures surveillance technology proposals are subject to our local democratic process and that residents have a seat at the table for decisions about technologies such as drones, video cameras, and license plate readers. More than a dozen U.S. localities have adopted a version of this legislation.

Please let me know if you have any additional questions. We will be in touch.

Sincerely,
