Tony,

I prepared this memo to clearly document the chain of custody of the items we picked up in Arizona yesterday. I am sending the original out to you today. It probably needs to go to John McAuliffe.

Memorandum

Date : October 1, 2010

To : Anthony Chaus
Assistant Secretary
Office of Correctional Safety

Subject: **CHAIN OF CUSTODY – THIOPENTAL SODIUM**

On Thursday, September 30, 2010, I traveled to the Arizona State Prison Complex located at 1305 E. Butte Avenue, Florence, Arizona, to pick up Thiopental Sodium being provided by the Arizona Department of Corrections to the California Department of Corrections and Rehabilitation.

I met with Warden Carson McWilliams who relinquished to me twenty four (24) vials of Thiopental Sodium. I visually inspected each vial and confirmed they contained 500 mg of Thiopental Sodium BP. I also confirmed the expiration date to be 05/2014 and the lot number to be [REDACTED] on each vial as listed on the item transfer sheet. I signed for receipt of the items at 0900 hours and departed the facility.

I maintained custody and control of the items until I met with [REDACTED] in Gorman, CA. On September 30, 2010, at 1720 hours I relinquished custody and control of the items to [REDACTED] for delivery to San Quentin State Prison.

Tony,

I prepared this memo to clearly document the chain of custody of the items we picked up in Arizona yesterday. I am sending the original out to you today. It [REDACTED] needs to go to John McAuliffe.

Tony,

I prepared this memo to clearly document the chain of custody of the items we picked up in Arizona yesterday. I am sending the original out to you today. It probably needs to go to John McAuliffe.

Memorandum

Date : October 1, 2010

To : Anthony Chaus
Assistant Secretary
Office of Correctional Safety

Subject: **CHAIN OF CUSTODY – THIOPENTAL SODIUM**

On Thursday, September 30, 2010, I traveled to the Arizona State Prison Complex located at 1305 E. Butte Avenue, Florence, Arizona, to pick up Thiopental Sodium being provided by the Arizona Department of Corrections to the California Department of Corrections and Rehabilitation.

I met with Warden Carson McWilliams who relinquished to me twenty four (24) vials of Thiopental Sodium. I visually inspected each vial and confirmed they contained 500 mg of Thiopental Sodium BP. I also confirmed the expiration date to be 05/2014 and the lot number to be [REDACTED] on each vial as listed on the item transfer sheet. I signed for receipt of the items at 0900 hours and departed the facility.

I maintained custody and control of the items until I met with [REDACTED] [REDACTED] in Gorman, CA. On September 30, 2010, at 1720 hours I relinquished custody and control of the items to [REDACTED] for delivery to San Quentin State Prison.

Tony,

What time can your guys be at prison once we get green light? May need a phone number to talk directly so we can give them instructions on documenting chain of custody.
