

Dear Mr. McAuliffe,
Thank you for your call and thank you for your interest in [REDACTED]
I would be happy to supply you:

Thiopental Injection , powder for reconstitution, thiopental sodium, 500-mg vial packs of 25's £196.75 (pounds sterling)
The current expiry date is February 2014.

POTASSIUM CHLORIDE 1.5GM 10ML INJ. PACKS OF 10 £15.55
Expiry date: 01/13

Pancuronium Injection, pancuronium bromide 2 mg/mL, 2-mL amp packs of 10's £58.73
Expiry date: 11/11

If you could supply me with the following information, I can produce a proforma invoice:
Invoice address
Delivery address, including contact person and contact person phone number

I will dispatch the goods to you by FedEx,

21 grams would cover backup trays and training. Our minimum would be 12 grams.(2 trays for execution 2 for backup) We can use the 7 grams that expires on 1 Oct for training.

If AZ is talking about the 2nd and 3rd drug (Pancuronium Bromide and Potassium Chloride) we could help. This is based on the email stream and AZ asking about "other drugs". If you agree I am ok with them calling me to deal with specific needs. They were very helpful when we asked in 2007.

Hi Terri,

The Arizona Department of Corrections would like to have a follow up discussion with an appropriate CDCR representative concerning the availability of "any" available chemicals associated with the three chemical process used for a lethal injection. I provided preliminary information to the representative below earlier today; however, it appears that they would like more specific information. Is there someone specific in agency that we would want to contact and work with Arizona on this issue??

If AZ is talking about the 2nd and 3rd drug (Pancuronium Bromide and Potassium Chloride) we could help. This is based on the email stream and AZ asking about "other drugs". If you agree I am ok with them calling me to deal with specific needs. They were very helpful when we asked in 2007.

Hi Terri,

The Arizona Department of Corrections would like to have a follow up discussion with an appropriate CDCR representative concerning the availability of "any" available chemicals associated with the three chemical process used for a lethal injection. I provided preliminary information to the representative below earlier today; however, it appears that they would like more specific information. Is there someone specific in agency that we would want to contact and work with Arizona on this issue??

Thank you,

George

Mr. Giurbino, I hate to bother you again but I wanted to send you an email as I am leaving for the day and I know you are in a meeting.

When we talked earlier today you mentioned that you could assist us (ADC) with the other two drugs needed for the 3 drug protocol. I would like to speak with you about this.

If you are able to call today- you could speak with my boss- Division Director of Operations- Robert Patton.

I truly appreciate your help. Thanks again.
