Matt asked if it was worth talking to [REDACTED] and seeing if they have the necessary drugs as they have health care facilities. Also, he talked to [REDACTED] about how they obtained the drugs. Apparently, [REDACTED] called every community hospital in the state and found one that had some they could borrow. Matt thought we should contact [REDACTED] [REDACTED] to see if we can find any in stock.

John McAuliffe, who works on contract for us on lethal injection and death penalty issues, will be contacting you. He needs to purchase a list on-line of community hospitals. The list costs about \$65. Please assist John in purchasing the list.

John, I received an update on your order this morning...

-Pentothal is expected to be available again sometime in the 4th quarter 2010(Oct-Dec 2010). This will ship when it is available.

-Pancuronium is expected to be available again by the end of August 2010. This will ship when it is

available also.

-Potassium Chloride is on 'Allocation'. I am not sure what this means for us, I am waiting for a clearer answer on this. In the meantime, I am trying to pursue a different source for this product. I could have this as early as next week. I will let you know if/when I do get it.

I'll forward any information as I get it. Also, I will let you know at least weekly even if there are no new updates.

Thanks,

[REDACTED]

Just would like to follow up on the status of the order. Mainly I would like to know if you have any status as to when or if you have been contacted as to a possible date the order can be filled. Thanks in advance

I don't understand why they didn't reach out when we mentioned those avenues specifically. Perhaps [REDACTED] called [REDACTED]? I have a call into [REDACTED] now.
